

# Alien Derelict

Dean Henegar

*Galactic Derelict* Andre Norton,2017-12-03 When a group of archeologists uncover the remains of an interstellar spaceship, they plan a trip to the past for additional information on their find. But their starship goes haywire and the explorers are trapped in a void between the past and present. Not even guide Travis Fox can predict if they'll make it home--or wander through space and time forever.

**The Black Derelict** Fred Files,2020-01-14 After the events of the Serpent Fleet, Captain Stand and the crew of the Trawler have taken a nice little vacation, but it isn't long before Paul lines up another assignment. While unusual for a salvage crew, they agree to locate and rescue a lost colony ship. It isn't long before that assignment leads them into something far more dangerous. It could be the salvage find of a lifetime, or it could be an alien deathtrap ready to ensnare all of humanity. In addition to the salvage work, an investigation is underway into one of the Trawlers crewmembers in association with a war crime that nearly escaped detection.

**Derelict: Destruction** Paul E. Cooley,2018-05-06 The Sol Federation Marine Corps vessel S&R Black was sent to recover an ancient derelict from the farthest edge of the Sol system. What they found could spell the end of humanity. Trapped aboard Mira, Corporal Kalimura and her squad face hostile alien creatures while desperately searching for a way to escape. The crew of S&R Black, meanwhile, discover the alien infested Mira has brought back something else from outside the solar system, and it may mean the end for them all. Derelict: Destruction, the third installment of The Derelict Saga, is an action-packed mashup of suspense, military sci-fi, and space opera horror. Destruction continues to unfold both the exo-solar threat to humanity and an insidious AI conspiracy.

*Galactic Derelict* Andre Norton,2015-03-25 Galactic Derelict (1959) is the second SF novel in the Time Traders series, following The Time Traders. In the previous volume, Ross Murdoch was stalked by the Baldies, but he used pain and determination to break their hold on his mind. Then he bodily fought against a Baldy assailant and wrestled one of the alien handguns from him.Major Kelgarries and another American rescued him from the ancient beach and carried him back to the submarine. There his wounds were treated and he was laid in a bunk next to Ashe. His partner then told him of the next project through time.Twelve thousand years ago, ancestors of the Amerindians came across the Bering Straits to this continent. They spread south and encountered other sapient beings. The Folsom Man tribes had been in the land long before these newcomers, hunting mammoth, giant bison, cave bear, and Alaskan lion.The more primitive humanoids fell before the more highly evolved and better equipped Amerindians. For millennia, the Amerindians ruled both North and South America. Then the white eyes came and conquered them.The last holdouts among the indian tribes were the Chiricahua Apaches. The Apaches were the most warlike of the tribes and the Chiricahua were the most warlike among the Apaches. The Chiricahuas were finally defeated with the capture of Geronimo in 1886.In this novel, Travis Fox is a descendant of these Apaches. His friend Chato is an old man whose grandfather was born among those holdouts in a hidden canyon about 120 years before. Travis has long wished to combine the lore of his ancestors with the knowledge of the white men, but then he is fired from an important archaeological expedition because of the prejudice of the major contributor.A year later, Travis is looking for a reliable source of water for the herds on his brother's ranch. Based on information from Chato, he checks out the hidden canyon and comes across white eyes camping there. Scouting out the intruders, Travis is caught by Ross and brought to the other white men at gun point. Travis knows of Doctor Gordon Ashe, but Ross and the radioman Grant are unknowns.These men are setting up a time viewer within the canyon. Naturally, they are not going to let Travis go free until their operation is completed. Yet Travis doesn't want to be released before he learns more about their mission.In this story, Travis goes with Ashe and Ross to scout out a spaceship located a short distance away and fifteen millennia back in time. The huge spherical spaceship has crashed and holes gape in its sides. Then the men are caught in a rainstorm and take shelter in the nearby hills.After the storm, they climb a hill and look around. Travis notices something shiny in the next valley and they check it out. The shine comes from another, smaller globe. Its lock is open and the bodies of the crew lie at the foot of the access ladder. They are wearing Baldy uniforms and are very dead.The scouts send back word of the second ship. A working party comes through the time portal and starts preparing the alien globe ship for transfer forward in time. When the nearby volcano erupts, the scouts take shelter in the alien ship. Then the time transfer grid around the ship is activated and they are thrown forward in time. But the shift in time initiates the takeoff sequence and the ship heads for space.This tale takes Travis, Ross, Ashe and Renfry -- a technician who is also trapped on the ship -- back toward the Baldy home worlds. The ship is traveling on automatic pilot and they are afraid to touch any controls while the ship is in flight. Apparently they are going to see what the alien confederation is like in their own time period.This story is a prime example of the author's storytelling skills. It is a fascinating tale of alien technology and worlds. Enjoy!Highly recommended for Norton fans and for anyone else who enjoys tales of alien civilizations, time transfer, and travel among the stars

**Alien Vault** Ian Nathan,Veronica Cartwright,2019-11-19 Alien Vault is the ultimate tribute to a film that changed cinema forever.

**Derelict: Book 2, Counterattack (a LitRPG Dungeon Core Adventure)** Dean Henegar,2020-08-20 Adrift in an unknown sector of space, Slater and the crew of the Franklin are cut off from friendly support and surrounded by enemies on all sides. The mysterious council means to destroy him, but a derelict core is a deadly opponent, and Captain Slater will stop at nothing to get his crew home safely. It's time for Slater to go on the offensive.It's time to take the fight to the enemy. It's time to counterattack!

Galactic Derelict Andre Alice Norton,2018-02-16 Galactic Derelict is the second novel in the science fiction Time Traders series by American writer Andre Norton. It was first published in 1959, and as of 2012, had been reprinted in eight editions. It is part of Norton's Forerunner universe. Galactic Derelict continues the series' premise, an encounter between Western heroes and a mysterious alien race that has used time travel to alter Earth. This novel shifts between present day and the time of Folsom Man, some 10,000 years ago. While seeking water for his cattle Travis Fox enters a little known canyon in the Arizona desert and gets captured by three men, one of whom he recognizes as Dr. Gordon Ashe, an archaeologist. After discovering that Fox studied archaeology and had done some digging in the very canyon they now occupy, the men have him cleared through security and offer to make him part of their team. Then Ashe tells him that he will be joining an expedition 10,000 years into the past to look for a spaceship. Disguised as Folsom hunters, Fox, Ashe, and Ross Murdock travel into the past to scout out the area around the wreckage of an alien starship, a sphere perhaps 120 feet in diameter. They find the wreck near a lake and then, across a ridge, they find a smaller spaceship intact, its crew of Baldies dead. After receiving the scouts' report via transtemporal telegraph, Major Kelgarries, the project's director, and several technicians come into the past and examine the small ship, determining that they can shift it directly into the present. We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature, and our view is that this is a significant literary work, which deserves to be brought back into print after many decades. The contents of the vast majority of titles in the Classic Library have been scanned from the original works. To ensure a high quality product, each title has been meticulously hand curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic work, and that for you it becomes an enriching experience.

Galactic Derelict Yahya Elhadeh,2020-05-31 Galactic Derelict continues the series' premise, an encounter between Western heroes and a mysterious alien race that has used time travel to alter Earth. This novel shifts between present day and the time of Folsom Man, some 10,000 years ago.

**Derelict** Robert L. Hovorka, Jr.,1988 Five survivors of the ill-fated spaceliner Goddess, led by Ensign Pamela Dubois, discover a derelict ship controlled by a predatory cybernetic entity--and in their fear Dubois's companions decide to sacrifice her to the alien

*Horror Films of the 1970s* John Kenneth Muir,2012-11-22 The seventies were a decade of groundbreaking horror films: The Exorcist, Carrie, and Halloween were three. This detailed filmography covers these and 225 more. Section One provides an introduction and a brief history of the decade. Beginning with 1970 and proceeding chronologically by year of its release in the United States, Section Two offers an entry for each film. Each entry includes several categories of information: Critical Reception (sampling both '70s and later reviews), Cast and Credits, P.O.V., (quoting a person pertinent to that film's production), Synopsis (summarizing the film's story), Commentary (analyzing the film from Muir's perspective), Legacy (noting the rank of especially worthy '70s films in the horror pantheon of decades following). Section Three contains a conclusion and these five appendices: horror film clichés of the 1970s, frequently appearing performers, memorable movie ads, recommended films that illustrate how 1970s horror films continue to impact the industry, and the 15 best genre films of the decade as chosen by Muir.

**Aliens: Defiance Volume 1** Various,2017-02-07 Colonial Marine Private First Class Zula Hendricks is battling demons from her past while fighting for her life in the company of Weyland-Yutani synthetics. In deep space she is forced to question her strength and loyalty when the discovery of an insidious alien species on a derelict hauler sends her on a dangerous journey across the stars. The New York Times best-selling comics writer, Brian Wood pens an epic space odyssey filled with gritty, fearless art by up and coming artist, Tristan Jones. They told you there were no monsters. They were wrong.

Galactic Derelict Annotated Andre Alice Norton,2020-10-24 Galactic Derelict is a science fiction novel by American writer Andre Norton, the second in her Time Traders series. It was first published in 1959, and as of 2012, had been reprinted in eight editions. It is part of Norton's Forerunner universe.

*Galactic Derelict (Annotated)* Andre Norton,2020-12-23 Galactic Derelict is a science fiction novel American writer Andre Norton, the second in her Time Traders series. It was first published in 1959, and as of 2012, had been reprinted in eight editions. It is part of Norton's Forerunner universe.

**Far Encounters Derelict** Stephen Pritchard,2010-06-19 Far Encounters is a range of generic roleplaying adventure products. The Derelict scenario is a quick scenario. It can be plugged into any space-based campaign and involves the player characters finding a derelict alien space ship.

**Ship of Fools** Richard Paul Russo,2001 A science fiction novel about a spaceship that has wandering in space for many years.

*Aliens: Bug Hunt* Jonathan Maberry,Heather Graham,2017-04-18 Eighteen brand new stories-exclusive to this collection-featuring the Colonial Marines in bloody conflict with the deadly Aliens. ALIENS: BUG HUNT will send the marines into deep space, to alien worlds, to derelict space settlements, and into the nests of the universe's most dangerous monsters.

**Galactic Derelict (Annotated)** André Norton,2017-10-24 Galactic Derelict is a science fiction novel by American writer Andre Norton, the second in her Time Traders series. It is part of Norton's Forerunner universe. Galactic Derelict continues the series' premise, an encounter between Western heroes and a mysterious alien race that has used time travel to alter Earth. This novel shifts between present day and the time of Folsom Man, some 10,000 years ago. Kirkus Reviews comments for this novel Andre Norton has no peer in his (sic) chosen field of science fiction for teenagers... [here] there's a hint of racial antagonism. (The novel has pointed comments about racism against American Indians.)

Exploring Space: 1999 John Kenneth Muir,2015-09-15 Starring internationally renowned actors Martin Landau, Barbara Bain, Barry Morse and Catherine Schell, the British-made Space: 1999 was the only truly original space adventure of the mid-1970s. Sandwiched between the demise of the original Star Trek and the opening of the Stars Wars series on the big screen, Space: 1999 featured a richly-visualized world where space was terrifying and mysterious, where not all problems were solvable by technology and the space travelers were very human. From the science fiction show's conception in 1973 to its cancellation in 1977, this reference work covers each of the 48 episodes in depth, including a full plot synopsis, writer, director, guest star credits, and critical commentary that examines both the episode and other shows that have used similar plotlines. The popularity of Space: 1999 memorabilia and its many fan clubs are fully discussed, along with the possibility of a future movie or reunion show that would tie up the loose ends caused by the show's abrupt cancellation.

**Giger's Alien** Hansruedi Giger,1989 The classic status of Alien, the movie, is in large part due to Academy-Award winning artist and designer H.R. Giger. This book provides a complete illustrated record of the months of painstaking work that went into designing the most frightening movie monster of them all.

Alien: River of Pain (Novel #3) Christopher Golden,2014-11-25 When Ellen Ripley finally returns to Earth, she learns that the planet LV-426-now called Acheron-has been colonized. But LV-426 is where Ripley and the crew of the Nostromo found the original Xenomorph-the killing machine known as the Alien. Protected by the Colonial Marines, the colonists seek to terraform the storm-swept planet. Two such residents are Anne and Russell Jorden, seeking a fortune that eluded them on Earth. On Acheron, Anne gives birth to the colony's first newborn. Rebecca Jordan, also known as Newt. The wildcatters discover a vast, decaying spaceship. The horseshoe-shaped vessel is of particular interest to Weyland-Yutani, and may be the answer to their dreams. But what Anne and Russ find on board proves to be the stuff, not of dreams, but of nightmares. Alien TM & © 1979, 2013 Twentieth Century Fox Film Corporation. All Rights Reserved.
