Alpha One Sixteen Peter Clark,2018-09-04 In this “great and necessary addition to the canon of Vietnam War memoirs” the author “is a thoroughly human Virgil guiding us through the hell of combat” (New York Journal of Books). Peter Clark’s year in Vietnam began in July 1966, when he was shipped out with hundreds of other young recruits as a replacement in the 1st Infantry Division. Assigned to the Alpha Company, Clark gives a visceral and vivid account of life in the platoon as he progresses from green recruit to seasoned soldier over the course of a year. Alpha One Sixteen follows Clark as he discovers how to handle the daily confusion of distinguishing combatants from civilians. The Viet Cong were a largely unseen enemy who fought a guerrilla war, setting traps and landmines everywhere. As he continues his journey, Clark gradually learns the techniques for coping with the daily horrors he encounters, the technical skills needed to fight and survive, and how to deal with the awful reality of civilian casualties. Fighting aside, it rained almost every day, and insect bites constantly plagued the soldiers as they moved through dense jungle, muddy rice paddies, and sandy roads. From the food they ate to the inventive ways they managed to shower—and the off-duty time they spent in the bars of Tokyo—every aspect of the platoon’s lives is explored in this revealing book. A Military Book Club main selection.

Harris Jasinda Wilder,2016-02-12 Nicholas Harris is a professional badass. Ex-Army Ranger, former personal security for the one and only Valentine Roth, mercenary, assassin, pilot, and my lover. After Roth and Kyrie holed up in their island fortress estate in the Caribbean, Nick started a private security contracting company: Alpha One Security. He hired the best of the best, the scariest, nastiest, toughest—and sexiest—security experts in the business. And now he has the mission of a lifetime: the three year old daughter of two A-list celebrities has been kidnapped and is being held for ransom. The twist? The mercenary and Russian mafioso who snatched the sweet, innocent little girl is a vicious, evil, sadistic thug with a grudge against Nick. And the fallout from this mission will be jet fuel on the flames of that grudge, pulling everyone around Nick into the vortex of violence and vengeance. Good thing we have the seven deadliest and most badass men on the planet on our team... And oh yeah, there’s little ol’ me: Layla Campari, mercenary-in-training.

Lear Jasinda Wilder,2019-11-07 It was supposed to be a one-night stand with a tall, wiry, handsome, slightly nerdy guy with oddly captivating green eyes. Those eyes were the only clue that there was a lot more to this guy than I’d first assumed—they were hard, wickedly intelligent, cunning eyes. They hid more than they revealed, and the name he gave, Lear, seemed made up. But he was sexy and he talked a good game, and I was in the mood for some fun. Turns out, though, that the green-eyed nerd I’d so enjoyed sleeping with was no one to screw around with, either. And he doesn’t like being forced to violence—which he was, in rescuing me. Not that I needed rescuing, mind you. I mean, there were a lot of them, and they were tough, and well-trained. I could kick ass and takes names with the best black-ops commandos in the world, and this mysterious Lear seemed to be no slouch either. It would take all of our combined skills to stay alive, but that’s not the part I was worried about. No, what worried me wasn’t staying alive, it was staying out of love. I’d agreed to let Lear into my pants—one night only, thanks, and goodbye...it seemed fate had other ideas.
