Journey's End: An Asian Alternate-History Science Fiction Saga Azlan Tahir, In an alternate reality ... set in the future ... Will there be War??!! Will the crew of the Tigris survive!! The Ganymede Incident was the spark that would ignite the flames of conflict between Earth and Mars, pitting the two civilizations of the Commonwealth against each other for supremacy, control, preservation of “way of life”, or whatever deeper motives there were. With the mysterious “Sentinel” discovered on Ganymede being retrieved for further analysis and investigation, Captain Olivia Chu and her crew of the Tigris, as well as Captain Hilmi Bakar and his team of Malayan Rangers – are immediately assigned to new missions, both being engulfed in secrecy and distrust, at a critical juncture of the growing conflict as both Earth and Mars make their first military moves. Meanwhile, the shady Dr. Rodrigues shifts his focus towards a young boy from Detroit. What is the relationship between this child, and the “Sentinel”, if there even is one anyway? Is this boy, or others “similar to him”, a missing piece of the bigger puzzle? If so, how? Explore “Journey’s End”, which is Book Two of the First Contact Saga from the Unity Macroverse, picking up after where Book One, “Marooned” left off. Loyalties are tested. Old rivals cross paths. Internal conflicts are exposed. Signs of invisible hands at play begin to surface.

Retribution: An Asian Alternate-History Science Fiction Saga Azlan Tahir, 2022-11-29 The story from the alternate future continues A new and mysterious Traders faction that has been watching from the shadows all this while, makes itself known to the Tigris. With their ulterior motives yet revealed, the Tigris crew must learn of their role in a changing landscape of existing and new alliances within the solar system. As Mars continues to evolve, challenges for a new Mars emerge, potentially drawing in the involvement of the UNE, and the involvement of the team of Malayan Rangers already deployed on the ground. As Specialist Lalitha edges closer to revealing the inner workings of the mysterious Sentinel, questions of further discoveries and puzzles begin to emerge - especially regarding its purpose. As the integrity and resolve of factions are challenged as they evolve, new players enter the mix, with the resurfacing of long-forgotten stories of old - creating new challenging situations with different conditions. Place this struggle in the middle of the billion-year-long war between good & greed/ God & Satan/ I AM & I WANT. Hang on tight! You might not survive the ride! The Resolve continues the saga of Clan MacLee as they encounter The Brood, who land in their backyard. The largest creature in the universe brings the news that there really is a being called Satan, that he is just as evil as foretold, and that his minions will be here shortly. The Clan, having already led their community in recovery from a devastating flood and directed the Earth in battle against The Horde of RA, must now lead the community of I AM against the might of Satan's Empire. Do they have the resolve to succeed?

Fog Of War: An Asian Alternate-History Science Fiction Saga Azlan Tahir, The story from the alternate future continues Clandestine events on Earth unfold in the not-too-distant past. Dissatisfaction with The System had resulted in a group of disgruntled specialists successfully executing a well-planned exodus to resettle off-world, joining and furthering the cause of a hidden and more technologically advanced community of “independents” only referred to as the “Traders” by those very, very few in the know. Back in the moment, picking up from where Book Two, “Journey’s End” left off - The War erupts on a System-wide scale, with massive Fighting Vessels from both sides joining in Battle. Taking an early hit, the UNE scrambles to recover to prevent further crushing defeat. An early MAC win has galvanized the faction’s confidence for a crushing victory over the UNE... but will over-confidence creep in? Meanwhile, the Malayan Rangers are engulfed in a large Ground Action on Hygeia, being far larger than they had anticipated. The success of their mission to rescue the package and deliver it safely is no longer guaranteed, with the Hygeia Action becoming another key focal point in the newly ignited War. While the Tigris continues to “fly blind” as a result of its prior encounter, tensions among the crew begin to surface, as key members become intrinsically linked from exposure to the Sentinel. The unveiling of the on-going mystery of the Sentinel proceeds on Lunar, with different players from within the UNE arriving to play their part. Past grudges and with former colleagues may need to be cast aside to progress forward, as it is evident - that whatever the outcome, it will have a significant impact on the other seemingly disparate stories currently unfolding. War between civilizations rage on. New allies are discovered, and partnerships are forged. Other players appear from the shadows. The Sentinel is more out of reach than anyone had anticipated. The future of Humanity remains unclear.

Marooned: An Alternate-History Science Fiction Saga Azlan Tahir, What if the Chinese Treasure Fleet continued on..? What if Colonialism was 'kept in check'? What if Social Communalism becomes the predominant belief system on a different Earth? What if the United Nations was run and supported by Asian Powers? Nearly a thousand years after the Chinese Treasure Fleet first sailed across the globe, continuing to spread Asian culture and influence through trade instead of conquest - a new seed of conflict is discovered on the Jupiter moon of Ganymede. An unprovoked attack on a mining facility jointly developed through an uneasy alliance between the United Nations of Earth (UNE) and the Mars Administrative Corporation (MAC), raises suspicions from both factions. Has the clash of ideologies between Asian-influenced Earth and Western-driven Mars reached a tipping point? In an attempt to diffuse the situation while identifying the attackers and their motives, Captain Olivia Chu and her crew of the UNE Starship Tigris, accompanied by an attachment of the elite Malayan Rangers, sneak their way through Martian defenses to investigate. What they discover, is something different entirely, having a bearing over the evolution and continued survival of humanity as a whole. Only that they have not come to realize it... yet. “Marooned” is the first book in the “First Contact” story arc from the Unity Macroverse. Explore key characters as well as numerous locations across the Solar System including sprawling independent settlements throughout the asteroid belt. As the future hangs in limbo, differences must firstly be set aside - as unity is ultimately paramount.

Narrative in the Icelandic Family Saga Heather O'Donoghue, 2021-01-28 Representative of a unique literary genre and composed in the 13th and 14th centuries, the Icelandic Family Sagas rank among some of the world's greatest literature. Here, Heather O'Donoghue skilfully examines the notions of time and the singular textual voice of the Sagas, offering a fresh perspective on the foundational texts of Old Norse and medieval Icelandic heritage. With a conspicuous absence of giants, dragons, and fairy tale magic, these sagas reflect a real-world society in transition, grappling with major new challenges of identity and development. As this book reveals, the stance of the narrator and the role of time – from the representation of external time passing to the audience's experience of moving through a narrative – are crucial to these stories. As such, *Narrative in the Icelandic Family Saga* draws on modern narratological theory to explore the ways in which saga authors maintain the urgency and complexity of their material, handle the narrative and chronological line, and offer perceptive insights into saga society. In doing so, O'Donoghue presents a new poetics of family sagas and redefines the literary rhetoric of saga narratives.

An Introduction to the Sagas of Icelanders Carl Phelpstead, 2020-06-17 Combining an accessible approach with innovative scholarship, *An Introduction to the Sagas of Icelanders* provides up-to-date perspectives on a unique medieval literary genre that has fascinated the English-speaking world for more than two centuries. Carl Phelpstead draws on historical context, contemporary theory, and close reading to deepen our understanding of Icelandic saga narratives about the island's early history. Phelpstead explores the origins and cultural setting of the genre, demonstrating the rich variety of oral and written source traditions that writers drew on to produce the sagas. He provides fresh, theoretically informed discussions of major themes such as national identity, gender and sexuality, and nature and the supernatural, relating the Old Norse-Icelandic texts to questions addressed by postcolonial studies, feminist and queer theory, and ecocriticism. He then presents readings of select individual sagas, pointing out how the genre's various source traditions and thematic concerns interact. Including an overview of the history of English translations that shows how they have been stimulated and shaped by ideas about identity, and featuring a glossary of critical terms, this book is an essential resource for students of the literary form. A volume in the series *New Perspectives on Medieval Literature: Authors and Traditions*, edited by R. Barton Palmer and Tison Pugh

The Conflict of Law and Justice in the Icelandic Sagas William Pencak, 2022-02-22 The world's longest lasting republic between ancient Rome and modern Switzerland, medieval Iceland (c. 870-1262) centered its national literature, the great family sagas, around the problem of can a republic survive and do justice to its inhabitants. *The Conflict of Law and Justice in the Icelandic Sagas* takes a semiotic approach to six of the major sagas which depict a nation of free men, abetted by formidable women, testing conflicting legal codes and principles - pagan v. Christian, vengeance v. compromise, monarchy v. republicanism, courts v. arbitration. The sagas emerge as a body of great literature embodying profound reflections on political and legal philosophy because they do not offer simple solutions, but demonstrate the tragic choices facing legal thinkers (Njal), warriors (Gunnar), outlaws (Grettir), women (Gudrun of Laxdaela Saga), priests (Snorri of Eyrbyggja Saga), and the Icelandic community in its quest for stability and a good society. Guest forewords by Robert Ginsberg and Roberta Kvelson, set the book in the contexts of philosophy, semiotics, and Icelandic studies to which it contributes.

The Curious Magics Saga R. B. Fraser, 2021-06-15 It was commonly accepted that judging a book by its cover was just about the rudest and un-wisest thing you could do. But that's not going to stop you, is it? And that's something I've always respected about you. If the ideas of the trials and tribulations of a pair of wizards travelling through time and space do nothing for you, then you've most likely already put this book down. To those who remain, may I just take a moment to introduce Kiko and Kara. Kiko was a bookish, kind (but slightly bizarre) human girl with a razor-sharp intellect and Kara was the kind of Half-Elf to punch me in the face if she heard me say anything bad about her, so I won't be doing that. Both girls lived a life of magic and mystery on the thirteenth paralleled Earth, which was part of the Thirteenth parallel Universe; which is where this book is set.

The Oxford Handbook of Gender, War, and the Western World since 1600 Karen Hagemann, Stefan Dudink, Sonya O. Rose, 2020-10-30 To date, the history of military and war has focused predominantly on men as historical agents, disregarding gender and its complex interrelationships with war and the military. *The Oxford Handbook of Gender, War, and the Western World since 1600* investigates how conceptions of gender have contributed to the shaping of war and the military and were transformed by them. Covering the major periods in warfare since the seventeenth century, the Handbook focuses on Europe and the long-term processes of colonization and empire-building in the Americas, Asia, Africa and Australia. Thirty-two essays written by leading international scholars explore the

cultural representations of war and the military, war mobilization, and war experiences at home and on the battle front. Essays address the gendered aftermath and memories of war, as well as gendered war violence. Essays also examine movements to regulate and prevent warfare, the consequences of participation in the military for citizenship, and challenges to ideals of Western military masculinity posed by female, gay, and lesbian soldiers and colonial soldiers of color. The Oxford Handbook of Gender, War, and the Western World since 1600 offers an authoritative account of the intricate relationships between gender, warfare, and military culture across time and space.

The Nuremberg Trial Ann Tusa, John Tusa, 2010-07-01 Here is a gripping account of the major postwar trial of the Nazi hierarchy in World War II. The Nuremberg Trial brilliantly recreates the trial proceedings and offers a reasoned, often profound examination of the processes that created international law. From the whimpering of Kaltenbrunner and Ribbentrop on the stand to the icy coolness of Goering, each participant is vividly drawn. Includes twenty-four photographs of the key players as well as extensive references, sources, biographies, and an index.

Sagas of Giants and Heroes , 2010-05-26 Huge in stature; living in far-distant wastelands; sometimes comically stupid or crude; but possessing vast wealth and knowledge—such are the giants of Norse myth and legend. Four Icelandic sagas and six tales, spanning five centuries, are brought together for the first time in all-new English translations. All tell of mighty giants, and of the heroes who dared to face them, fight them, and sometimes befriend them. The giants and trolls of old still live on in these legendary sagas of old times. These tales of epic voyages, wars, and romance will appeal to both scholars of Norse mythology and fans of Viking adventure. The sagas include the Saga of the Kjalarnes People, the Saga of Halfdan Brana's Fosterling, the Saga of Sorli the Strong, and the Saga of Illugi Grid's Fosterling. The six shorter tales are: the Tale of Halfdan the Black, the Tale of Hauk High-Breeches, the Tale of Jokul Buason, the Tale of Brindle-Cross, an excerpt from the Saga of the Fljotsdal People, and the Tale of Asmund Ogre-Lucky.
