*The Ammo Dump* Paul Boothroyd, Boothroyd Paul V. (Jr.), Todd E. Boothroyd, 2023 What if you received a knock on your door tonight and were told you had to leave? You had no more than a month to do so, and you could only take what was not nailed down? Eighty Massachusetts families faced that predicament on March 25, 1942. This book tells their story. At the breakout of World War II, 1942, the U.S. Government required four square miles to create an ammunition depot. Explosives would be staged in 50 bunkers before shipping via Boston to Europe for the war against the Third Reich. Eminent domain was ordered, and the land taken, forever. However, that's only the surface of the tale... Explore the who, how, and why. Learn about the close-knit families in Maynard, Stow, Sudbury, and Hudson, Massachusetts, who lost their farms, their livelihoods. Upended, they not only had to find new places to live and to work - if they could - they had to deal with the loss of all they had built. Their heritage was taken. The land's history will be detailed from the earliest days of settlement to what happened during and after World War I. A silver lining is a new, promising future of the land with the creation of the Assabet River National Wildlife Refuge. By the end, you'll have delved deep into an area simply called by many as The Ammo Dump.

**U. S. Naval Ammunition Depot** Walter L. Miller, 2013-11-20 The U.S. Naval Ammunition Depot, known locally as the NAD, was the largest of the navy's World War II inland munitions depots, occupying almost 49,000 acres of Adams and Clay County farmland. Construction began in July 1942; loading, assembly, and storage of ordnance continued until final closing in June 1966. By V-J Day in 1945, the NAD employed 10,000 military and civilian workers. At one point during the war the NAD was producing nearly forty percent of the navy's ordnance, including sixteen-inch shells. Costing \$71 million, the NAD had 207 miles of railroad track, 274 of roads, and 2,200 buildings, including hundreds

of igloo-shaped explosives storage magazines. The depot embittered farmers whose land was taken by the government, but produced an economic boom as Hastings population jumped from 15,200 in 1942 to 23,000 in 1943. A September 1944 explosion killed nine workers, injured fifty-three, and left a 550-foot-long crater. The blast was felt 100 miles away and shattered windows for miles around.

**Jack's Chase** Shane Esmond,2011-03 Ten Thousand Miles From Home is the first book of the Jack's Chase series. It tells the tale of young aspiring journalist Jack O'Sullivan, who is drawn to the action and drama of the Vietnam war like a magnet. Determined to make his mark in the world as an award winning war correspondent, he hounds his editor and anyone else who matters until they finally give in and send him ten thousand miles to the other side of the earth into a world of bombs and bullets, a world of fear and confusion. He enters into a frustrating struggle and finds that the Vietnam conflict (like most wars) is not just man against man, but also man against the elements of

nature and his own personal state of mind. He learns that the things his WW2 veteran father tried to warn him about war, are more mind-damaging than he could possibly imagine. Told first hand, this is Jack's story of the end of his innocent youth and his difficult initiation into the life of a man in war. Along the way he not only discovers friendships found and lost, but has to learn to survive amongst the harsh and unforgiving environment and also finds himself embroiled in an ever-deepening mystery surrounding one of the best soldiers in the platoon, Sergeant Ben Cale. What starts out as the prospect of a great story, becomes a situation which captures Jack's full determination to get to the bottom of; the involvement of elements of high level secrecy only strengthens his resolve to pursue the story to the end. With the help of his camera-man and good friend Wesley Banks, he manages to uncover some of the aspects of the man's personality, but while attempting to bring light to the shadows of his hidden past they manage to attract some unwanted attention. Striving to balance the art of good journalism without over-stepping the official boundaries and trying to stay sane and alive while out in the jungle with the platoon gives Jack a constantly changing mix of satisfaction, frustration and of course, at times, total mental stress. The final part of the story sees the men of 108 Platoon caught up in a battle which becomes a week long struggle of life and death. Every ounce of Jack's courage, stamina and strength of mind is called upon to not give up, even when his comrades are falling around him and it seems like all hope is lost. He marvels at the combat skills of the men and their ability to keep fighting for survival in a world he can only liken to hell, a world he just wants to get away from now that he knows it at its worst. Towards the end of this epic odyssey, Jack learns some unusual information which gives him an important key to the possibility of unlocking the mystery that is Ben Cale, however he is left wondering what it is that he might uncover and how it may affect his life afterwards. The story of Jack O'Sullivan includes his own observations on not only

the reality of war, but also the human elements of the people caught up within it. The mystery surrounding Ben Cale adds a level of intrigue to the tale which will keep the reader hungry for more.

*Assignment in Hell* Winston W. De Vergee, 1991

West Dickens Avenue John Corbett, 2007-12-18 In January 1968, John Corbett and his fellow leathernecks of the 26th Marine Regiment fortified a remote outpost at a place in South Vietnam called Khe Sanh. Within days of their arrival, twenty thousand North Vietnamese soldiers surrounded the base. What followed over the next seventy-seven days became one of the deadliest fights of the Vietnam War—and one of the greatest battles in military history. Private First Class Corbett made do with little or no sleep for days on end. The enemy bombarded the base incessantly. Extremes of heat,

cold, and fog added to the misery, as did all manner of wounds and injuries too minor to justify evacuation from frontline positions. The emotional toll was tremendous as the Marines saw their friends suffer and die every day of the siege. Corbett relates these experiences through the eyes of a twenty-year-old but with the mind and maturity of a man now in his fifties. His story of life, death, and growing up on the front lines at Khe Sanh speaks for all of the Marines caught up in the epic siege of the Vietnam War.

*An Old Man Remembers the Depression, Sex and War* Harvey W. Gladhill, 2016-07-30 This is the story of a boy born during the Depression. He was ashamed of being raised by two different sets of aunts and uncles for twelve years. He moved from his hometown to Philadelphia just as he was starting school and was on welfare those six years. Then he returned to his hometown and worked for the last six years of school to earn money for his keep and future life. After graduation, he moved to Detroit, where he went to Dodge trade school for four months. He was then transferred to Chrysler Highland Park plant, into the tool room. While there for two years, he went to Chrysler Institute of Engineering three nights a week for three hours. In January of 1943, he went into the armed forces. After basic training, he then joined an all-voluntary unit during WWII and fought at twenty to one hundred miles behind the German lines in teams of four in eight armored cars (M-8s). Their missions were to blow up ammo and fuel depots and cut communication lines. Each team had a separate area to cover in front of the Third Army. They raised so much havoc that the Germans assigned eight squads of SS troops to hunt them down and kill them. He had sex with German girls to gain information. To complete his missions, he did not care if he lived or was killed. It is a must to read this telling story of an abused child and a crazy soldier.

**Cong Catchers** Lee Halverson,2022-10-14 Lee spent January 1969 to December 1970 in the US Army. Cong Catchers is a compilation of events that occurred while he served. This is not a guns-and-ammo book. It is a book about a young man with Christian values at war. A young man who avoided the pleasures that were readily available and instead organized football games, drank soda, avoided drugs, and helped repair orphanages. You will enjoy meeting many of those he served with and the ways they coped in very adverse conditions. These young men served our country with valor and returned home to a less-than-friendly society.

**A Pilot's Tale - Flying Helicopters in Vietnam** William Heilman,2008-04-01 The 60's were a time of turmoil. A war was raging in Southeast Asia and across the country on college campuses, protests against the war were shutting down classes. The country was divided. The author recounts stories about becoming a helicopter pilot and flying two tours of duty in Vietnam during this period.

**Where the Birds Don't Sing** Dennis L. Siluk,2003

**The Second American Revolutionary War for Independence** David Pedri,2020-01-03 The Second American Revolutionary War for Independence is Book II of my Trilogy, The Indivisible Light. It

tells the story of a resourceful and heroic American patriot, David, Angela, his wife, and his right hand man, Michael, who come to know the diabolically inspired and directed Enemy, a vast array of fronts and tactics designed to mask their evil intention of destroying Christian civilization, especially America, the last bastion of liberty. With a determined confidence in God, the men lead the average, big hearted Americans in forming a militia that achieves victory with private arms, sharp wits and courage born of Faith. The reader is invited to fight alongside David in spirit and in imagination as our unflinching hero meets seemingly impossible odds that are, unfortunately, a frighteningly realistic projection of what America will face in less than a decade of this writing. Every woman will weep with Angela as she watches her husband and father of their children entering into harm's way. They will pray with her for his return to life after news reports of his certain death are made public. This is the story of war, its logistics and the fear of death, but most of all it is the story of hope, the necessary foundation of courage and daring, emotions of the irascible appetite, often accompanied by anger, their companion in facing arduous opposition.
