Here I Go Again Jen Lancaster, 2013-01-29 The second novel from the New York Times bestselling author of *If You Were Here* takes us back to the hair metal 80's. Twenty years after ruling the halls of her suburban Chicago high school, Lissy Ryder doesn't understand why her glory days ended. Back then, she was worshipped...beloved...feared. Present day, not so much. She's been pink-slipped from her high-paying job, dumped by her husband and kicked out of her condo. Now, at thirty-seven, she's struggling to start a business out of her parents' garage and sleeping under the hair-band posters in her old bedroom. Lissy finally realizes karma is the only bitch bigger than she was. Her present is miserable because of her past. But it's not like she can go back in time and change who she was...or can she?

The Joy of Essex Pete May, 2012-10-15 Liberty ... Equality ... Tiptree jam!' In 1990 Essex Man swaggered onto the scene in his shiny suit, driving a flash car and with his white-stiletto-wearing missus on his arm. It was a step up from sovereign rings and done-up Ford Cortinas, but brash, vulgar and 'breathtakingly right-wing' Mr and Mrs Essex were still the target for pity, condemnation and nationwide mockery. Twenty-odd years on something strange has happened. From Russell Brand and Jamie Oliver to Phill Jupitus and Ray Winstone, via the runaway success of TV shows like *The Only Way is Essex* and *Gavin and Stacey*, Essex is now the most iconic county in the UK and the essence of Essex is everywhere. But there's more to the county than stereotypes, as

Brentwood-reared Pete May discovers when he takes an eye-opening journey through the Essex tundra. Along the way, May finds bluebells in Billericay, sculpture in Harlow, Hollywood-style signs on the A127, below-sea-level life in Canvey Island and endless chip shops, and asks the vital question: is the only way Essex or is there maybe another one?

British Youth Television Faye Woods, 2016-09-09
In this book, Faye Woods explores the raucous, cheeky, intimate voice of British youth television. This is the first study of a complete television system targeting teens and twenty somethings, chronicling a period of significant industrial change in the early 21st century. British Youth Television offers a snapshot of the complexities of contemporary television from a British standpoint – youth-focused programming that blossomed in the commercial expansion of the digital era, yet indelibly shaped by public service broadcasting, and now finding its feet on proliferating platforms. Considering BBC Three, My Mad Fat Diary, The Inbetweeners, Our War and Made in Chelsea, amongst others; Woods identifies a television that is defiantly British, yet also has a complex transatlantic relationship with US teen TV. This book creates a space for British voices in an academic and cultural landscape dominated by the American teenager.

Durham County Jean Bradley Anderson, 1990 In this broad, sweeping history of Durham County, Jean Bradley Anderson begins with a discussion of the

geography, climate, and geology of the region from the seventeenth century to 1981, its centennial year. This remarkably comprehensive work moves beyond traditional local histories that focus on powerful families. Rather, Anderson integrates the stories of well-known figures with those of ordinary men and women, blacks and whites, to create a complex but fascinating portrait of Durham's economic, political, social, and labor history. Drawing on extensive primary research, Durham County examines the origins of the town of Durham and recounts the growth of communities around mills, stores, taverns, and churches in the century preceding the rise of tobacco manufacturing. It examines all phases of life in the county: agriculture, architecture, the arts, education, industry, politics, and religion. Anderson pays particular attention to such turning points as the coming of the railroad; the Confederate surrender at the Bennett Place; the war's connection to the rise and flourishing of the tobacco industry; the move to Durham of Trinity College; the development of the Research Triangle Park and the subsequent rise of the health service and high-tech industries.

Glitterworlds Rebecca Coleman,2021-06-29 An original examination of the ubiquity of glitter—from bodily adornment to activist glitter bombing—and its vibrant and transformational properties. Glitter is everywhere, from crafting to makeup, from vagazelling to glitter-bombing, from fashion to fish. Glitter also gets everywhere. It sticks to what it is and isn't supposed to, and travels beyond its original uses, eliciting reactions ranging from delight to irritation. In Glitterworlds, Rebecca Coleman examines this ubiquity of glitter, following it as it moves across different popular cultural worlds and exploring its effect on understandings and experiences of gender, sexuality, class and race. Coleman investigates how girls engage with glitter in collaging workshops to imagine their futures; how glitter can adorn the outside and the inside of the body; how glitter features in the films Glitter and Precious; and how LGBTQ* activists glitter bomb homophobic and transphobic people. Throughout, Coleman attends to the plurality of politics that glitter generates, approaching this through the concepts of hope, wonder, fabulation, and prefigurative politics—all of which indicate the making of different, better worlds, although often not in ways that are straightforward or conventional. She develops an original account of

future politics, where time is nonlinear and sometimes non-progressive. Coleman's argument brings together feminist cultural theory, feminist new materialisms, and theories on futures and temporality, in order to propose that we should understand glitter as a thing—vibrant, processual, transformational, and traversing boundaries between media and material, culture and nature, bodies and environments.

Still Standing Kerry Katona, 2012-11-22 The long-awaited, inspiring autobiography from Kerry Katona. Updated for the paperback. Kerry Katona has been one of the most talked about celebrities of the last 12 years. Since bursting on the scene in 2000 with girl-band Atomic Kitten, her turbulent life has made her the subject of thousands of articles and numerous reality TV shows. Kerry released her first autobiography, *T00 MUCH T00 YOUNG* in 2006, but since then her life has become hardly recognisable, having taken many more twists and turns. This memoir will pick up from there and is, above all, a story of inspiration - from drugs, bad men, bankruptcy, armed robberies, embezzlement, plastic surgery, weight battles, booze, more drugs and depression - Kerry has survived and brought her life back from the brink to become a very together and happy mother of four. Now she has moved on, regained control of her life and tackled her problems head-

on - becoming clean of drugs, getting back in shape, escaping her marriage and falling in love again. This is the remarkable, and at times heartbreaking, story behind how she did it.
