**James S. Murray, Carsen Smith**

**Area 51** Annie Jacobsen, 2011-05-17 This compellingly hard-hitting bestseller from a Pulitzer Prize finalist gives readers the complete untold story of the top-secret military base for the first time (New York Times). It is the most famous military installation in the world. And it doesn't exist. Located a mere seventy-five miles outside of Las Vegas in Nevada's desert, the base has never been acknowledged by the U.S. government – but Area 51 has captivated imaginations for decades. Myths and hypotheses about Area 51 have long abounded, thanks to the intense secrecy enveloping it. Some claim it is home to aliens, underground tunnel systems, and nuclear facilities. Others believe that the lunar landing itself was filmed there. The prevalence of these rumors stems from the fact that no credible insider has ever divulged the truth about his time inside the base. Until now. Annie Jacobsen had exclusive access to nineteen men who served the base proudly and secretly for decades and are now aged 75-92, and unprecedented access to fifty-five additional military and intelligence personnel, scientists, pilots, and engineers linked to the secret base, thirty-two of whom lived and worked there for extended periods. In *Area 51*, Jacobsen shows us what has really gone on in the Nevada desert, from testing nuclear weapons to building super-secret, supersonic jets to pursuing the War on Terror. This is the first book based on interviews with eye witnesses to Area 51 history, which makes it the seminal work on the subject. Filled with formerly classified information that

has never been accurately decoded for the public, Area 51 weaves the mysterious activities of the top-secret base into a gripping narrative, showing that facts are often more fantastic than fiction, especially when the distinction is almost impossible to make.

*America 51* Corey Taylor, 2018-09-04 A skewering of the American underbelly by the New York Times bestselling author of *Seven Deadly Sins*, *A Funny Thing Happened on the Way to Heaven*, and *You're Making Me Hate You* The always-outspoken hard rock vocalist Corey Taylor begins *America 51* with a reflection on what his itinerant youth and frequent worldwide travels with his multiplatinum bands Slipknot and Stone Sour have taught him about what it means to be an American in an increasingly unstable world. He examines the way America sees itself, and likewise takes a look at how the world views us, and his findings should come as a surprise to no one. But behind Taylor's ranting and raving is a thoughtful and intelligent consideration, and even a sadness, of what America is compared to what it could and should be. Expertly balancing humor, outrage, and disbelief, *America 51* proves that no element of what

constitutes America is safe from Taylor's adept and scathing eye as he flawlessly skewers the greatest country in the world in his own signature style.

**Where Is Area 51?** Paula K. Manzanero, Who HQ, 2018-09-18 You'll find it on a map--but you'll never get anywhere near this top secret military base. What exactly is going on there? Is Area 51 a top secret military base that lies in the middle of the barren Nevada desert? Or could it actually be a facility for examining aliens and their spaceships? People can't drive anywhere close to it; the US government rarely acknowledges its existence; and until recently, the airspace overhead was restricted! Conspiracy theories abound about what goes on at Area 51, especially since 1947 when strange objects were found in the middle of a field in Roswell, New Mexico. Author Paula K. Manzanero explains why Area 51 was established and reveals the mystery behind those unidentified flying objects in the sky. Check out this book and decide what you believe.

**Area 51** Robert Doherty, 2003 From the deserts of Egypt, the Airlia brought forth human civilization to fight its battles about what did they leave behind? From the Age of the Gods to the Age of Man, one creature has watched from the shadows, waiting for his moment. **Forever 51** Pamela Skjolsvik, 2020-11-05 Veronica is eternally fifty-one years old with a proclivity

for problematic drinking. Like most hormonally challenged women negotiating the change of life, she is a hot mess. To retain her sanity, she attends weekly AA meetings and adheres to a strict diet of organic, locally-sourced, (mostly) cruelty-free human blood from the hospice facility where she works. Her life stopped being fun about a hundred years ago, right about the time her teenage daughter stole her soul and took off for California with a hot, older guy. These days, Veronica's existence is just that – an existence, as flat and empty as her own non-reflection in the bathroom mirror. When her estranged daughter contacts her via Facebook, Veronica learns that she has one chance to escape her eternal personal summer: she must find and apologize to every one of the people she's turned into vampires in the last century. That is, if they're still out there. With raging hormones and a ticking clock, Veronica embarks on a last-ditch road trip to regain her mortality, reclaim her humanity, and ultimately, die on her own terms.

## **Alarm Units! SS Panzergrenadier Brigades 49 and 51 ,**

*F-51 Mustang Units of the Korean War* Warren Thompson, 2015-12-20 By the time the Korean War erupted, the F-51 Mustang was seen as obsolete, but that view quickly changed when the USAF rushed 145 of them to the theatre in late 1950. They had the endurance to attack targets in Korea from bases in Japan, where the modern F-86 fighters and other jets did not. Rather than the interceptor and escort fighter roles the Mustang had performed during World War 2, in the Korean War they were assigned to ground attack missions – striking at communist troop columns advancing south. This is the chronicle of the Mustang units that fought in the Korean War, detailing the type's involvement in a series of intense actions, its successes and its considerable losses. Drawing on meticulous research and gripping first-hand accounts from

aircrew, this book explains how the faithful Mustang was able to roll back the years, fight, and prove itself in a new era of aerial warfare.
