Annie's Rainbow Fern Michaels,2023-06-27 A desperate woman learns that when money literally falls out of the sky, it comes with a cost, in this bracing novel of suspense and timeless values by #1 New York Times bestselling author Fern Michaels. It came out of the blue. A half-million dollars on graduation day. For Annie Daisy Clark, it was the capital she needed to start a business and secure her future. Vowing to pay back every penny of it one day, she kept the bag of cash she'd found, and never looked back . . . Ten years later, Annie's investment has paid off. The owner of a successful chain of elegant coffee bars, she is blissfully engaged and about to return triumphant to Boston for her ten-year college reunion. She also begins making good on her promise to pay back the money with anonymous monthly payments. But just as Annie's life seems complete, the dark history of the money returns to haunt her. Someone is determined to solve the mystery of a ten-year-old bank robbery, and an enraged thief who has served his time is coming to reclaim his loot. Suddenly, Annie is plunged into a deadly chase, using her wits to keep her world from unraveling and to protect the one thing she values most—the priceless gift of love.

The Game Tadhg Coakley,2022-05-31 This book is a multifaceted reflection on sport. It is part memoir, outlining Tadhg Coakley's time as a player and fan of sport and how it has shaped his life. It is also a book of essays critiquing several aspects of sport, both good and bad, and showing its influence in the wider world. It is also a work of auto-fiction, wherein Coakley uses his novelistic abilities to chart narratives, personal and public. It is, finally, a work of scholarship, brilliantly interweaving the author's view of a life spent inside and outside the white lines with the cultural discourse of previous writers and thinkers on the many themes explored. The book is an exploration and explanation of what sport means, why it is the world's largest single consumer product and such a dominant/pervasive presence in Irish culture. Why, for example, were the terms 'European Championships' and 'Premier League' the top Google searches in Ireland for 2021? Why was Christian Eriksen the most searched person? In this book Tadhg Coakley interacts with sport in the way that Olivia Laing interacts with isolation (*The Lonely City*) Sinéad Gleeson and Emilie Pine interact with the female body and female experiences (*Constellations and Notes to Self*), Doireann Ní Ghríofa interacts with being haunted by an eighteen-century poet (*A Ghost in the Throat*) and Fintan O'Toole interacts with Irish history (*We Don't Know Ourselves*). This is a book that needed to be written. We are consuming sport in ever-greater gulps – often blindly. The 'coverage' of sport is vast: newspapers, magazines, books, a whole raft of TV channels in many languages, websites, podcasts, blogs, radio stations, hourly sports bulletins with every news cycle. Why is that, and what does it mean? The book does not romanticise or idealise sport. Sport has a dark side and is rife with greed, corruption, sexism, homophobia, nationalism and a raft of toxic masculine behaviour – and the author interrogates his own behaviour and attitudes in respect of some of these. On the other hand, in sport – as in art – people can forge their own identities in grace, imagination and the possibility of what may be. This contradictory duality and the cognitive dissonance it carries with it is one of the most fascinating aspects of sport. Sport, like story, is mostly about loss. Ultimately, sport, like story, is about what happens to the fans outside the white lines and, for the readers off the page.

Misogyny, Toxic Masculinity, and Heteronormativity in Post-2000 Popular Music Glenn Fosbraey,Nicola Puckey,2021-03-16 This book presents chapters that have been brought together to consider the multitude of ways that post-2000 popular music impacts on our cultures and experiences. The focus is on misogyny, toxic masculinity, and heteronormativity. The authors of the chapters consider these three concepts in a wide range of popular music styles and genres; they analyse and evaluate how the concepts are maintained and normalized, challenged, and rejected. The interconnected nature of these concepts is also woven throughout the book. The book also seeks to expand the idea of popular music as understood by many in the West to include popular music genres from outside western Europe and North America that are often ignored (for example, Bollywood and Italian hip hop), and to bring in music genres that are inarguably popular, but also sit under other labels such as rap, metal, and punk.

Rockeras Anabel Vélez,2017-06-20 Rompieron clichés, sí. Mujeres como Grace Slick, Janis Joplin, Tina Turner o Patti Smith tuvieron que saltar muchos obstáculos a la hora de subirse a un escenario y poner música y actitud al rock. Pero también fue su trabajo y su talento lo que les llevó a hacerse un hueco en la historia de este género musical y en la memoria colectiva de los aficionados. Fémimas incendiarias, de potentes personalidades, que tomaron al asalto el bastión del rock para demostrar que las guitarras eléctricas, las baterías, los tatuajes y el cuero no sólo eran cosa de hombres. Este libro recoge medio siglo de la historia del rock en forma de las historias personales de sus principales protagonistas, un periplo que va desde pioneras como Big Mama Thornton o Sister Rosetta Tharpe hasta algunas de las últimas generaciones de cantantes que apuntan a convertirse en futuras figuras de la música. Pat Benatar: La primera voz del hard rock. Patti Smith: La poetisa del rock. Amy Winehouse: El mito caído demasiado pronto. Björk: El espíritu libre e iconoclasta. Marianne Faithfull: La voz rota. Esta es la historia de las rockeras más importantes, sus difíciles comienzos, los caminos que les llevaron al éxito, los discos que las encumbraron. Junto a las artistas internacionales aparece, a modo de anexo, aquellas otras que en el panorama español e hispanoamericano aportaron su granito de arena en la historia de la música. Y un listado de los discos esenciales para entender su evolución.

Creative Arts Therapies and Clients with Eating Disorders Annie Heiderscheit,2015-11-21 Drawing on the expertise of leading creative arts therapists from around the world, this book provides a comprehensive examination of the role of the creative arts in the treatment of clients with eating disorders (EDs). The book explores how art, dance and movement, drama, music, and poetry therapies have fostered insights, growth, and recovery for patients across ED diagnoses (anorexia nervosa, bulimia nervosa, binge eating disorder and compulsive overeating disorder), and comorbid diagnoses. It illustrates how each creative arts modality is implemented in the ED treatment process and covers a variety of treatment levels (residential, inpatient, intensive outpatient and

outpatient). Each chapter is enriched with case illustrations to provide a greater depth of understanding of how the methods are used in clinical practice. This book is an incomparable overview of the value and diverse uses of the creative arts in the treatment of EDs, and it will be of interest to all arts therapists, psychodrama therapists, family therapists, as well as students of these disciplines.

Mujeres del rock. Su historia Anabel Vélez,2018-10-02 Al pensar en las leyendas del rock, la mayoría de gente echa la vista atrás y se le ocurren nombres como Elvis, Jagger o Lennon. Pero la realidad es que el rock no sería lo que conocemos si no fuera por la poderosa influencia de muchas mujeres que han contribuido a forjar un estilo musical ligado a la rebeldía y al combate generacional. De ahí la importancia de figuras clave como Chrissie Hynde, Patti Smith, Suzi Quatro, Pat Benatar o PJ Harvey. Este libro es el recorrido histórico y cronológico, desde los años veinte del siglo pasado hasta la actualidad, de las artistas más importantes e influyentes de la música rock. La autora explica su origen y procedencia, desde géneros como el blues o el góspel, hasta las voces que tienen algo que contar en los primeros pasos de este nuevo milenio. Evidentemente, no están todas las que son, el espacio es el que es, pero todas las que están son parte importante de la historia del rock. •Del blues, el R&B y el jazz al country o el góspel: Billie Holiday, Mamie Smith, Ella Fitzgerald. •Las girl groups: The Shangri-Las, The Chiffons, The Chantels. •Las mujeres del hard rock: Joan Jett, Pat Benatar, Lita Ford. •La mujer como protagonista de sus propias canciones: Tori Amos, Ani DiFranco, Amanda Palmer, Alanis Morissette, Sheryl Crow.

Annie's Choice Clara Gillow Clark,1996-02-01 This powerful novel set in rural New York state in the 1920s tells the story of a young girl who wants more from life than what her circumstances can offer. Telling Annie's story, Clark depicts a time, place, and way of life with notable style and charm.--Publishers Weekly.

Television Movies of the 21st Century Vincent Terrace,2021-05-12 For the major broadcast networks, the heyday of made-for-TV movies was 20th Century programming like The ABC Movie of the Week and NBC Sunday Night at the Movies. But with changing economic times and the race for ratings, the networks gradually dropped made-for-TV movies while basic cable embraced the format, especially the Hallmark Channel (with its numerous Christmas-themed movies) and the Syfy Channel (with its array of shark attack movies and other things that go bump in the night). From the waning days of the broadcast networks to the influx of basic cable TV movies, this encyclopedia covers 1,370 films produced during the period 2000-2020. For each film entry, the reader is presented with an informative storyline, cast and character lists, technical credits (producer, director, writer), air dates, and networks. It covers the networks (ABC, CBS, Fox, Ion, and NBC) and such basic cable channels as ABC Family, Disney, Fox Family, Freeform, Hallmark, INSP, Lifetime, Nickelodeon, Syfy, TBS and TNT. There is also an appendix of Announced but Never Produced TV movies and a performer's index.

The Poisoned City Anna Clark,2018-07-10 When the people of Flint, Michigan, turned on their faucets in April 2014, the water pouring out was poisoned with lead and other toxins. Through a series of disastrous decisions, the state government had switched the city's water supply to a source that corroded Flint's aging lead pipes. Complaints about the foul-smelling water were dismissed: the residents of Flint, mostly poor and African American, were not seen as credible, even in matters of their own lives. It took eighteen months of activism by city residents and a band of dogged outsiders to force the state to admit that the water was poisonous. By that time, twelve people had died and Flint's children had suffered irreparable harm. The long battle for accountability and a humane response to this man-made disaster has only just begun. In the first full account of this American tragedy, Anna Clark's *The Poisoned City* recounts the gripping story of Flint's poisoned water through the people who caused it, suffered from it, and exposed it. It is a chronicle of one town, but could also be about any American city, all made precarious by the neglect of infrastructure and the erosion of democratic decision making. Places like Flint are set up to fail—and for the people who live and work in them, the consequences can be fatal.

We Believe You Annie E. Clark,Andrea L. Pino,2016-04-12 From young activists at the forefront of the movement to end sexual assault on college campuses, a collection of survivor stories that will connect with students and inform and inspire us all Across the U.S. student activists are exposing a pervasive cover-up of sexual assault on college campuses. Every day more survivors come forward. But other survivors choose not to. *We Believe You* elevates the stories the headlines about this issue have been missing--more than 30 experiences of trauma, healing and everyday activism, representing a diversity of races, economic and family backgrounds, gender identities, immigration statuses, interests, capacities and loves. More than 1 in 5 women and 5 percent of men are sexually assaulted at college, a shocking status quo that might have stayed largely hidden and unaddressed but for the two authors of *We Believe You*. In 2013, Annie E. Clark and Andrea L. Pino, then 23 and 20, building on the work of earlier activists, outed themselves as assault survivors and filed a federal complaint against the University of North Carolina (Chapel Hill) for mishandling such crimes; within a month, the U.S. government began to investigate UNC. Within a year, dozens of colleges were under federal investigation. But Clark and Pino rightly see themselves as two among many. Students from every kind of college and university--large and small, public and private, highly selective and less so--are sounding alarms and staking claims to justice by filing complaints, by pressing charges, and by simply living beyond the effects of assault and the betrayals of their schools. A sampling of their voices speak out in this book--
