The Ants' Secret Baltasar Magro, 2019-11-12 Silver Medal at the 2019 Moonbeam Children's Book Awards. A magical, educational book printed in stone paper about the importance of showing love and respect for animal life. The day began in absolute chaos. General Ant had received a message about the imminent danger. On the surface, Chloe and Jack were having fun poking sticks into the anthill, attacking the colony once again. anthill. The General sends an order to soldier ants by sending a special aroma signal that wafted through the many tunnels and caves in the colony. Hundreds of worker ants, together with the soldier ants, rushed through the tunnels to protect the storeroom and their Queen, who was laying eggs. Will these tiny, fascinating insects be able to defend their anthill, and teach the children to respect them? *The Ants' Secret* is a story about the importance of respecting animals and nature, and an insight into the lives of ants.

An Ant Measured an Ant—Five Feet Six Inches Ashok Sharda, 2018-09-21 An Ant Measured an Ant—Five Feet Six Inches is a story of two genius ants that can read and speak human language, who are well versed in all the branches of human knowledge. By virtue of the law of accident, the author and the ants run into each other and develop a lasting friendship. In the course of their interactions, the ants tell him how, by a twist of fate, they got their potential back that the ant species had lost in the dark of history. They turned the act of fate into a conscious act. In their own words, 'what we are today is the consequential effect of the activated buffered code aided by the consequential effect of our own conscious efforts. It's not the brain size or mass ratio but how you use your intelligence and what role nature has played in determining your potentials or putting a buffer between you and your potential at a later date, owing to non-use or misuse. This, the ants claim, will become the very cause of the fall of mankind. The known history of ants thus will become the future of mankind. The author is convinced that the very causes that buffered ants' potentials once upon a time will block human potentials too, unless, of course, humans realize this predicament in the offing before it is too late. This novel, in a sense, is a wake-up call.

Story 2: There's A Goose in Mrs. Alexander's Kitchen - Vinny ('n Ant Ethel...being the main characters of all these stories, etc.) tells of his childhood on 'Mrs. Alexander's Farm'. As a boy, he has a terrible habit of leaving the screen door open.. which Mrs. A has often warned him not to do. Story 3: The Tale of the Troll 'n Me - Vinny's boyhood account of meeting a Troll; under a bridge, that no one else would ever cross over. Sometimes things are not what they appear to be!..
