Visit us online at [www.1stWorldLibrary.ORG](http://www.1stWorldLibrary.ORG) - - In 1841 a serf belonging to a Russian nobleman purchased his freedom and the freedom of his family for 3,500 roubles, being at the rate of 700 roubles a soul, with one daughter, Alexandra, thrown in for nothing. The grandson of this serf was Anton Chekhov, the author; the son of the nobleman was Tchertkov, the Tolstoyan and friend of Tolstoy. There is in this nothing striking to a Russian, but to the English student it is sufficiently significant for several reasons. It illustrates how recent a growth was the educated middle-class in pre-revolutionary Russia, and it shows, what is perhaps more significant, the homogeneity of the Russian people, and their capacity for completely changing their whole way of life.

Approaches to Teaching the Works of Anton Chekhov Michael C. Finke, Michael Holquist, 2016-02-01 Chekhov's works are unflinching in the face of human frailty. With their emphasis on the dignity and value of individuals during unique moments, they help us better understand how to exist with others when we are fundamentally alone. Written in Russia at the end of the nineteenth century, when the country began to move fitfully toward industrialization and grappled with the influence of Western liberalism even as it remained an autocracy, Chekhov's plays and stories continue to influence contemporary writers. The essays in this volume provide classroom strategies for teaching Chekhov's stories and plays, discuss how his medical training and practice related to his literary work, and compare Chekhov with writers both Russian and American. The volume also aims to help instructors with the daunting array of new editions in English, as well as with the ever-growing list of titles in visual media: filmed theater productions of his plays, adaptations of the plays and stories scripted for film, and amateur performances freely available online.

**Letters of Anton Chekhov** Anton Pavlovich Chekhov, 1974 Excerpt: ...The nights here are foggy, sailing is dangerous, I shall send off this letter at Gorbitsa. ... I am going first class because my companions are in the second. I have got away from them. We have driven together (three in one

chaise), we have slept together and are sick of each other, especially I of them. My handwriting is very bad, shaky. That is because the steamer rocks. It's difficult to write. I broke off here. I went to my lieutenants and had tea. They have both had a long sleep and were in a very cordial mood. One of them, Lieutenant N. (the surname jars upon my ear), is in the infantry; he is a tall, well-fed, loud-voiced Courlander, a great braggart and Hlestakov, who sings songs from every opera, but has no more ear than a smoked herring, an unlucky fellow who has squandered all the money for his travelling expenses, knows all Mickiewicz by heart, is ill-bred, far too unreserved, and babbles till it makes you sick. Like me, he is fond of talking about his uncles and aunts. The other lieutenant, M., a geographer, is a quiet, modest, thoroughly well-educated fellow. If it were not for N., I could travel with the other for a million versts without being bored. But with N., who intrudes into every conversation, the other bores me too.... I believe we are reaching Gorbitsa. To-morrow I will make up the form of a telegram which you must send me to Sahalin. I will try to put all I want to know in thirty words, and you must try and keep strictly to the pattern. The gad-flies bite. TO N. A. LEIKIN. GORBITSA, June 20, 1890. Greetings, dear Nikolay Alexandrovitch I wrote you this as I approached Gorbitsa, one of the Cossack settlements on the banks of the Shilka, a tributary of the Amur. This is where I have got to. I am sailing down the Amur. I sent you a letter from Irkutsk. Did you get it? Since then more than a week has passed, in the course of which I have crossed Lake Baikal and driven through Transbaikalia. Lake Baikal is wonderful, and...

The Swedish Match Anton Chekhov, 2013-12 The Swedish Match is a short story by Anton Pavlovich Chekhov. Anton Pavlovich Chekhov, (29 January 1860 - 15 July 1904) was a Russian physician, dramaturge and author who is considered to be among the greatest writers of short stories in history. His career as a dramatist produced four classics and his best short stories are held in high esteem by writers and critics. Chekhov practised as a medical doctor throughout most of his literary career: Medicine is my lawful wife, he once said, and literature is my mistress. Chekhov renounced the theatre after the disastrous reception of *The Seagull* in 1896, but the play was revived to acclaim in 1898 by Constantin Stanislavski's Moscow Art Theatre, which subsequently also produced Chekhov's *Uncle Vanya* and premiered his last two plays, *Three Sisters* and *The Cherry Orchard*. These four works present a challenge to the acting ensemble as well as to audiences, because in place of conventional action Chekhov offers a theatre of mood and a submerged life in the text. Chekhov had at first written stories only for financial gain, but as his artistic ambition grew, he made formal innovations which have influenced the evolution of the modern short story. His originality consists in an early use of the stream-of-consciousness technique, later adopted by James Joyce and other modernists, combined with a disavowal of the moral finality of traditional story structure. He made no apologies for the difficulties this posed to readers, insisting that the role of an artist was to ask questions, not to answer them. Always modest, Chekhov could hardly have imagined the extent of his posthumous reputation. The ovations for the play, *The Cherry Orchard*, in the year of his death showed him how high he had risen in the affection of the Russian public-by then he was second in literary celebrity only to Tolstoy, who outlived him by six years-but after his death, Chekhov's fame soon spread further afield. Constance Garnett's translations won him an English-language readership and the admiration of writers such as James Joyce, Virginia Woolf, and Katherine Mansfield. The issues surrounding the close similarities between Mansfield's 1910 story

The Child Who Was Tired and Chekhov's Sleepy are summarised in William H. New's Reading Mansfield and Metaphors of Reform The Russian critic D.S. Mirsky, who lived in England, explained Chekhov's popularity in that country by his unusually complete rejection of what we may call the heroic values. In Russia itself, Chekhov's drama fell out of fashion after the revolution but was later adapted to the Soviet agenda, with the character Lopakhin, for example, reinvented as a hero of the new order, taking an axe to the cherry orchard. One of the first non-Russians to praise Chekhov's plays was George Bernard Shaw, who subtitled his Heartbreak House A Fantasia in the Russian Manner on English Themes and noted similarities between the predicament of the British landed class and that of their Russian counterparts as depicted by Chekhov: the same nice people, the same utter futility.

**The Princess and Other Stories** Anton Pavlovich Chekhov, 1999 A practising doctor, Chekhov was an acute observer of Russian society's moral, as well as physical sickness. Joining The Russian Master, Ward Number Six, and A Woman's Kingdom in the World's Classics series, this collection, including 'The Party', 'After the Theatre', and 'A Case History', again poses his recurrent literary quandary of whether to moralize, hoping to reform these ailments, or simply to entertain. The solution is to be found in the stories themselves, which, like his plays, offer no easy answers, but pinpoint the anguish, tedium, or downright evil of his characters with an irony that makes them both poignant and truthful.

The Genius of Anton Chekhov Anton Chekhov, 2010-10-01 Short Stories by one of the giants of Russian Literature.

*Uncle Vanya* Anton Chekhov, 2016-12-15 Along with *Three Sisters* and *The Cherry Orchard*, *Uncle Vanya* is credited as one of Chekhov's masterpieces and a significant precursor of modern drama. Set on a country estate in late nineteenth century Russia, *Uncle Vanya* is in part a study of the enervation of Russian middle-class provincial life. The major dynamics between the characters themselves are centred on two obsessive love affairs

that lead nowhere and a flirtation that brings disaster. Mixing the tragic and the absurd and dealing with a form that allows for ambiguity and contradiction, Uncle Vanya has been deemed the first modernist play. (David Lan)
