Aquarius Liberty Phi, 2023-05-30 From ancient times, people have wanted to understand the rhythms of life and looked to the skies for answers. The Ancient Greeks and Romans turned to the celestial bodies for inspiration and devised narratives to which they referred to make decisions and choices. Maybe the options have changed, but we are still seeking wisdom and guidance in life today. Whether it's working out your ideal career, your perfect partner or to understand more about how you communicate, Liberty Phi has the answers. A student of astrology for over 20 years, in her Planet Zodiac series, Liberty will take you on a deep dive into your star sign and birth chart. Only by understanding the meaning, nature and power of each planet and how that's relevant to your birth chart – which is relevant only to you – can you really harness the power of the zodiac. You can then use this knowledge

to work out how planetary patterns might influence you and how they will affect your life in a rather profound way. You will learn, for instance, what sort of impression you are likely to make when you enter a room, how you function in a group, or how spontaneous you are likely to be. Whatever your star sign, these books will help you to take an in-depth and tailored exploration of your star sign and will give you the tools to harness the zodiac and take control of your life.

*The Aquarius Enigma* Jane Ridder-Patrick, 2004-06-01 The Success Through the  
Zodiac Series goes far beyond the Sun signs to provide penetrating and eerily  
accurate insights into readers' personalities. In addition to an in-depth  
analysis of the Sun sign, the meanings, motivations and characteristic  
behaviours of the Moon, Mercury and Venus signs are presented in detail,  
something that has never been done before in popular astrology. This throws  
light on individuals' emotional needs, distinctive learning styles and  
relationship patterns which may be quite different from the traits of the Sun  
sign. Often light-hearted but never lightweight, the lucid and entertaining  
style of writing makes the profound wisdom of astrology, psychology and  
spirituality readily accessible to the popular market with-out compromising  
meaning or depth. Individual books for each sign of the zodiac help readers  
to understand and make sense of their sometimes confusing and often  
conflicting character traits as well as helping them to accept and appreci-

ate themselves better. The darker, more difficult, and often disliked, parts of the personality are seen not as shameful, but as life challenges and essential material for the business of living wisely and well.
