Wealth in the Dead Sea Scrolls and in the Qumran Community Catherine Murphy,2018-12-24 This volume is concerned with exploring sectarian attitudes toward wealth and the economic practices that gave rise to and issued from those attitudes. An introductory chapter establishes the state of the question. Three subsequent chapters focus on major sectarian texts: the Damascus Document, the Rule of the Community, and 4QInstruction A. Other sectarian and non-sectarian texts that mention wealth are discussed in a fifth chapter, while archaeological evidence from the Qumran region and contemporary documentary texts are introduced in chapters seven and eight. Finally, ancient secondary testimony on Essene economic practices is discussed. The book breaks new ground in arguing for several biblical rationales for the practice of shared wealth. Its integration of archaeological and documentary evidence sheds surprising new light on the economic organization of the Qumran community.

An Arkansas History for Young People Shay E. Hopper,T. Harri Baker,Jane Browning,2007-09-01 Adopted by the State of Arkansas for 2008 Once again, the State of Arkansas has adopted An Arkansas History for Young People as an official textbook for middle-level and/or junior-high-school Arkansas-history classes. This fourth edition incorporates new research done after extensive consultations with middle-level and junior-high teachers from across the state, curriculum coordinators, literacy coaches, university professors, and students themselves. It includes a multitude of new features and is now full color throughout. This edition has been completely redesigned and now features a modern format and new graphics suitable for many levels of student readers. The completely revised fourth edition includes new unit, chapter, and section divisions as well as five brand-new chapters: an introductory chapter with information on the symbols, flag, and songs of Arkansas; chapter 2, which covers the geography of Arkansas; chapter 3, on state and local government; chapter four, on economics and tourism; and a "modern" chapter on the Arkansas of today and the future, which completes the learning adventure. This edition also has two "special features": one on the Central High School crisis of 1957 and another on the William J. Clinton Presidential Library. It also has new and interesting features for students like the "Guide to Reading" (at the beginning of each chapter, there is a list of important terms, people, places and events for the student to keep in mind as he or she reads [corresponding to blue vocabulary words in the text, which are define in the margin]), "County Quest," "I Am an Arkansan," "Did You Know?" "Only in Arkansas," "A Day in the Life," "Chapter Reflection" questions and activities, over forty-five new content maps, and a comprehensive new map atlas.

Arado Flugzeugwerke Volker Koos,2021-04-19 Founded in Warnemünde in 1925, Arado Flugzeugwerke developed civilian and military prototypes for the clandestine armament programme of the Reichswehr. From 1933 when licensed production of military aircraft commenced, the factory also built a number of their own designs. Best known are the training planes Ar 66 and Ar 96, the catapult floatplane Ar 196, and the record-breaking sport aircraft Ar 79. With the two- or four-engine Ar 234, the world's first operational jet bomber was built. At the end of the war, Arado initiated the project of the first supersonic experimental aircraft. Arado Flugzeugwerke: Aircraft and Development charts the development of all Arado aircraft between 1925 and 1945, as well as the development and capabilities of the factory. It also gives an overview of the licensed-productions and other projects. The information in this book is based on original documentation, unpublished photographs and will rectify some of the speculation and fantasy that has been published about Arado Flugzeugwerke.
