Re-Viewing the Past Sean D. O'Reilly, 2018-08-23 Re-Viewing the Past: The Uses of History in the Cinema of Imperial Japan analyzes the complicated relationship between history films, audiences, reviewers and censors in Japan for the critically important years from 1925-1945. First contextualizing the history of the popular "Bakumatsu" period (1853-1868), the moment of Japan's emergence as a modern nation, Sean O'Reilly paves the way for a reinterpretation of Japanese pre and postwar cinema. Setting a film in the Bakumatsu period offered 'cultural breathing room' to both filmmakers and viewers, offering a cinematic space where apolitical entertainment and now-forbidden themes like romance still reigned. Some filmmakers-and viewers-even conceived of these films as being a form of resistance against Japan's growing militarism. As comparisons between the popularity of such films versus that of state-sponsored propaganda films show, audiences responded enthusiastically to these glimmers of resistance. O'Reilly argues that we should turn our attention to the much more popular films of the time that were major hits with audiences in order to understand what resonated with wartime spectators, and to speculate about why this might have been the case. Including clips of these rare films, a so-far neglected area of Japanese film history is now firmly situated in context to offer a thought-provoking, multidisciplinary approach.

It includes essays by established experts on Kabuki as well as younger scholars now entering the field, and provides a comprehensive survey of the history of Kabuki; how it is written, produced, staged, and performed; and its place in world theater. Compiled by the editor of the influential *Asian Theater Journal*, the book covers four essential areas - history, performance, theaters, and plays - and includes a translation of one Kabuki play as an illustration of Kabuki techniques.

**The Routledge Companion to Media and Tourism** Maria Månsson, Annæ Buchmann, Cecilia Cassinger, Lena Eskilsson, 2020-07-07 The Routledge Companion to Media and Tourism provides a comprehensive overview of the research into the convergence of media and tourism and specifically investigates the concept of mediatized tourism. This Companion offers a holistic look at the relationship between media and tourism by drawing from a global range of contributions by scholars from disciplines across the humanities and social sciences. The book is divided into five parts, covering diverse aspects of mediatization of tourism including place and space, representation, cultural production, and transmedia. It features a comprehensive theoretical introduction and an afterword by leading scholars in this emerging field, delving into the ways in which different forms of media content and consumption converge, and the consequential effects on tourism and tourists. The collection is an invaluable resource for students and scholars of tourism studies, cultural studies, and media and communication, as well as those with a particular interest in mediatization, convergence culture, and contemporary culture.

**The Way of Judo** John Stevens, 2013-08-13 A martial arts biography of the legendary founder of judo, Jigoro Kano, and the colorful coterie of disciples who wanted to carry on his legacy Kodokan judo, one of the most well-known martial arts in the world today, was originated by Jigoro Kano (1860–1938), a martial artist and career educator who developed the art after studying several types of jujutsu, sumo, and Western wrestling. Openness and refinement were hallmarks of his personal and professional style, and he relentlessly searched for the best way to practice, teach, and perform techniques. This biography shows how Kano saw judo as a vehicle not just for self-defense, but for physical, spiritual, and moral development as well. His teachings clearly emphasize his ideal of judo as a way of self-cultivation that

leads to physical health, ethical behavior, and ultimately a better society. Kano was a tireless activist who promoted the practical application of judo’s principles in all realms of life—in one’s personal behavior, for education, in work, for economic benefit, and in both the local and international political arenas. Kano’s students were a colorful, sometimes notorious bunch, and this book reveals how several went on to become famous—or infamous—in their own right. They include a prime minister of Japan, the leader of the Communist party in China, a famous novelist, a spy, high-level military leaders, and a media mogul, among many others.

**Spirit Seekers** Alexander Morningstar Short,2015-07-09 I started to walk down the hallway, and as I got to the front door, Taylor yelled at me, saying she was sorry. She started to walk toward me, but as she was walking, I saw something running toward her from behind, and as I did, I started to rush toward her. “Taylor, hurry up and get over here!” I yelled. She asked me what was wrong, and I yelled at her, saying, “Behind you, someone is coming your way! Hurry up and get over here!” Taylor looked behind her and saw what I saw, and she froze in fear. “Damn it, Taylor,” I said, worried. I ran to her and grabbed her hand, and we both started to run for the exit of the building. As we were running, Taylor stepped on the ground wrong, and her foot bent, making her trip. And as she did, she scratched my hand. I helped her up and then started to run until we got out the building. When we got out, I let go of Taylor’s hand to let her sit for a while, and I looked back inside to see if I could see whatever we were looking at again. I didn’t see anything, but as I was looking, I heard what sounded like someone sniffing as if they were crying. I turned around, and when I did, I saw what I never wanted to see happen. Taylor was crying a little and holding her ankle on her right leg. I knelt down by her and asked her how bad it hurt, and she told me that it hurt really bad. I lifted up her pants leg, and I started to feel her ankle and rubbed it. I sighed and said, “You sprained it by twisting it.” “How bad is it?” she asked. “Try to stand up.” Taylor stood up, and as she did, she lost balance in her leg a little, and as she did, I grabbed her to hold her hand, and as I did, she saw my hand. She looked worried and asked me what happened to my hand. I told her it was nothing and that it was just a scratch, but she was insisted on knowing and said, “Alex, What happened to your hand?” I told her, “When you fell, you scratched me, but it’s not bad. We need to get you to the car.” “What? The car? Why are we going to the car?” “You’re hurt bad. You need to get home and rest.” “What about you then?” “I’m going to stay and finish up the investigation.” “No, you’re not doing the investigation without me!” “Taylor, don’t start, okay? You’re hurt, you need to rest, and you just need to clear your head.” “What about you, Alex? What do you need to do? You’ve been letting this get to you all day. What is important about this ghost?” “There is nothing important about the ghost. It’s just a ghost.” “Then why not wait until my leg gets better, and we can finish this investigation?”
