Un-Dead TV Brad Middleton, 2015-02-05 Vampires are ubiquitous in our popular culture--from movies to television, in fiction and art, and even within the hallowed halls of academia. But in the not-so-distant past, these undead creatures held more fear than fascination; they lived in the shadows and were the stuff of nightmares. In 1897, Bram Stoker introduced Dracula to the Western world--and our concept of vampires was changed forever. For over sixty years, the undead have bled the television airwaves, appearing in every type of programming imaginable. Un-Dead TV catalogues over one thousand unique vampire appearances--and is the first book of its kind to explore this phenomenon to the extent that it truly deserves.
