*The Circular Temple Volume I: Aries Through Virgo* John Sandbach, 2012-12-12

The Circular Temple Volume I: Aries through Virgo The two-volume text of The Circular Temple consists of 1,440 pictorial symbols channeled by John Sandbach over a period of more than twenty years. These symbols are expressed in words rather than visual images, and divided into 4 groups, each one containing 360 symbols. In all 4 groups each of the 360 symbols corresponds to one of the 360 degrees of the zodiac. Therefore each degree of the zodiac corresponds to four different symbols, one from each group. These four groups are known as the Omega, Pleiadian, Chandra, and Azoth Symbols. The Circular Temple has three main purposes: (1) it can be used by astrologers to interpret charts, by looking up the specific degree of each planet in a chart. (2) It can be used by anyone as an oracle, by asking a question and then randomly drawing one of the degrees of the zodiac to answer the question. (3) The degrees can be read in order or at random as meditations on spiritual principles and the interplay of subtle energies. This inspired mystical text has been called by art historian Elisabeth Kirsch a modern I Ching. You may also think of The Circular Temple as a new kind of tarot deck, for it is meant to be used for the same purpose as the tarot is used - the answering of questions. The difference is that whereas the Tarot contains 78 cards, The Circular Temple contains 1,440 different pictures. Also in this book are 720 prose poems, two for each degree of the zodiac. These poems are mythic, visionary and present a tapestry of Kabbalistic stories meant to open the imagination up to the possibilities of the degrees of the zodiac, which alchemists and mystics know as living beings possessing all the wisdom of the universe. If you want to know how salamanders consume lightning to create the fire

in opals, if you would like to enter through the portal into other worlds these Oracles are the ticket. When there is nowhere else to turn there are these symbols and The Oracle waiting there with answers. You will recognize them immediately. Ah, Irnad the Wise is summoning me to Azoth... must go now for it is a Cosmic Homecoming!- Sandra SandyThe Circular Temple Volume I: Aries through VirgoThe Circular Temple Volume II: Libra through Pisces

*Once Upon a Zodiac* D.N. Leo, When her past becomes her future, she refuses to accept fate.

Today isn't just another day in Eudaiz for Madeline. She wakes to find a mark on Ciaran's shoulder that will take his life before the day ends. An incident occurred in the past that caused this blood debt, and she's confident she could come back to the past and fix it before it claims her husband. She time travels with what she considers a solid plan at the time. She has access to the best technology of Eudaiz. She's a mind reader. She has supernatural power. She travels with a vampire friend who has wide connections across multiple worlds. What could possibly go wrong? The incident occurred before Ciaran and Madeline knew each other. Not only he didn't know her, he didn't trust her when she approached him as a stranger. One mistake could cost Madeline her current family, Eudaiz its king, and millions of citizens their lives. But she can't gain Ciaran's trust and his cooperation without telling him about the future. However, by doing so, she violates several paradoxical rules of time traveling, which will have unknown consequences in the future ... \*\*\* The Infinity Series includes Doubling Down - The Other Side of The Veil [series entry] Random Psychic [series entry] Forever Mortal Elusive Beings Imperfect Divine Light and Shadow [series entry] Spells and Codes Blood and Spirit Totem of Aries [stand-alone] Cross My Heart [stand-alone]

*The Sacred Tradition in Ancient Egypt* Rosemary Clark, 2000 An Egyptologist who reads Egyptian hieroglyphics firsthand examines the esoteric tradition of Egypt in remarkable detail, exploring the dimensions of the language, cosmology, and temple life to show that a sacred mandate--the transformation of the human condition into its original cosmic substance--formed the foundation of Egypt's endeavors and still has great relevance

today.

**The Dawn of Apocalyptic** Paul D. Hanson, 1979 In challenging both traditional and contemporary notions of the nature and history of the Biblical apocalyptic literature, Professor Hanson begins by saying that the origins of apocalyptic cannot be explained by a method which juxtaposes seventh and second century compositions and then proceeds to account for the features of the latter by reference to its immediate environment. The apocalyptic literature of the second century and after is the result of a long development reaching back to pre-exilic times and beyond, and not the new baby of second century foreign parents. Not only the sources of origin, but the intrinsic nature of late apocalyptic compositions can be understood only by tracing the centuries-long development through which the apocalyptic eschatology developed from prophetic and other even more archaic native roots. In this ground breaking study, Professor Hanson focuses on one strand which can be seen running through the heart of many of the so-called apocalyptic works, the strand of apocalyptic eschatology. He seeks to demonstrate that the rise of apocalyptic eschatology is neither sudden nor anomalous, but follows the pattern of an unbroken development from preexilic and exilic prophecy.

*A Rebirth of Images* Austin Farrer, 1986-01-01 In this classic study, St. John's Revelation is approached as a great and singular theological poem. Austin Farrer shows how the poem arose in an inspired mind, by what processes of divination its author explored the realm of supernatural truth, how he used the images of his Old Testament faith and gave them fresh meaning in the context of his

scheme. Here the reader may follow the workings of a late first-century Christian imagination, in which the Scriptures and the stars, the liturgy of the temple and the magic of numbers, the elements of nature and the march of human history are closely interwoven.
