The Arm-Chair at the Inn Smith Francis Hopkinson,2016-06-23 Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

**The Eames Lounge Chair** Martin P. Eidelberg,2006 This book is the first in-depth study of one of the most revered pieces of American furniture, and its equally revered creators. The Eames Lounge Chair explores the design in detail, shedding new light on its development and construction, and on the role played by Ray Eames in its genesis. In situating the Lounge Chair in its cultural, social, and historical contexts, the book reveals its provocative positioning in relation to Modernism and the trajectory of twentieth century design, through its combination of traditional and modern materials, mechanical production, and hand-finishing. The personal and professional recollections of those who knew Charles and Ray Eames confirm the Lounge Chair's enduring appeal and powerful presence, from its arrival - to critical acclaim - in the mid-1950s, when it promised a more comfortable life to postwar Americans, to its latterday appearance in fiction and film as an icon of Mid-Century Modern design - and a key indicator of design awareness. With more than two hundred illustrations, including a superb photographic essay and previously unpublished drawings, film stills, and personal correspondence, this book is the definitive survey of the Lounge Chair and a tribute to its remarkable creators, who, above all, took their pleasures seriously. The Eames Lounge Chair is essential reading for anyone interested in Modernist design.--BOOK JACKET.

These selected paragraphs distill the contents and give you a quick look inside *The Arm-Chair at the Inn*: Look inside the book: You will be ready now to believe all its legends and traditions, and you can quite understand why half the noted men of Europe have, at one time or another, been housed within its hospitable walls, including such exalted

personages as Louis XI and Henry IV—the latter being the particular potentate who was laid low with a royal colic from a too free indulgence in the seductive oyster—not to mention such rare spirits as Molière, Dumas, George Sand, Daubigny, as well as most of the litterateurs, painters, and sculptors of France, including the immortal Grèvin, many of whose drawings decorate the walls of one of the garden kiosks, and whose apartment still bears his name. ...A small, gray, gently moving, low-voiced man with thoughtful, contented face, past the prime of life; a passionate lover of animals, flowers, and all beautiful things; quick of temper, but over in a moment; a poet withal, yet a man with so quaint a humor and of so odd a taste, and so completely absorbed in his pets, cuisine, garden, and collection, that it is easy to believe that when he is missed from his carnal body, he will be found wandering as a ghost among these very flower-beds or looking down from the walls of the Marmouset—doubtless an old haunt of his prior to this his latest incarnation. About Francis Hopkinson Smith, the Author: He built the foundation for the Statue of Liberty, wrote many famous stories and received awards for his paintings. ...Smith became a contractor in New York City and did much work for the federal government, including the stone ice-breaker at Bridgeport, Connecticut, the jetties at the mouth of the Connecticut River, the foundation for the Bartholdi Statue of Liberty in New York Harbor, the Race Rock Lighthouse (southwest of Fishers Island, New York) and many life-saving stations.

*The Stick Chair Book* Christopher Schwarz, 2023-09

**The Armchair Birder** John Yow, 2009-04-01 While birding literature is filled with tales of expert observers spotting rare species in exotic locales, John Yow reminds us that the most fascinating birds can be the ones perched right outside our windows. In thirty-five engaging and sometimes irreverent vignettes, Yow reveals the fascinating lives of the birds we see nearly every day. Following the seasons, he covers forty-two species, discussing the improbable, unusual, and comical aspects of his subjects' lives. Yow offers his own observations, anecdotes, and stories as well as those of America's classic bird writers, such as John James Audubon, Arthur Bent, and Edward Forbush. This unique addition to bird literature combines the fascination of bird life with the pleasure of good reading.

**Untamed** Will Harlan, 2014-05-06 The inspiring biography of the adventuresome naturalist Carol Ruckdeschel and her crusade to save her island home from environmental disaster. In a “moving homage . . . that artfully articulates the ferocities of nature and humanity,” biographer Will Harlan captures the larger-than-life story of biologist, naturalist, and ecological activist Carol Ruckdeschel, known to many as the wildest woman in America. She wrestles alligators, eats roadkill, rides horses bareback, and lives in a ramshackle cabin that she built by hand in an island wilderness. A combination of Henry David Thoreau and Jane Goodall, Carol is a self-taught scientist who has become a tireless defender of sea turtles on Cumberland Island, a national park off the coast of Georgia (Kirkus Reviews). Cumberland, the country’s largest and most biologically diverse barrier island, is celebrated for its windswept dunes and feral horses. Steel magnate Thomas Carnegie once owned much of the island, and in recent years, Carnegie heirs and the National Park Service have clashed with Carol over the island’s future. What happens when a dirt-poor naturalist with only a high school diploma becomes an outspoken advocate on a celebrated but divisive island? Untamed is the story of an American original who fights for what she believes in, no matter the cost, “an environmental classic that belongs on the shelf alongside Carson, Leopold, Muir, and Thoreau” (Thomas Rain Crowe, author of *Zoro’s Field: My Life in the Appalachian Woods*). “Vivid. . . Ms. Ruckdeschel’s biography, and the way this wandering soul came to settle for so many decades on Cumberland Island, is big enough on its own, but Mr. Harlan hints at bigger questions.” —The Wall Street Journal “Wild country produces wild people, who sometimes are just what’s needed to keep that wild cycle going. This is a memorable portrait.” —Bill McKibben, author of *The End of Nature* “Deliciously engrossing. . . Readers are in for a wild ride.” —The Citizen-Times
