

Arms

W.E.B. Griffin

A Farewell to Arms Ernest Hemingway, 2014-07-08 Featuring a previously published author introduction, a personal foreword by his son and a new introduction by his grandson, a definitive edition of the lauded World War I classic collects all 39 of the Nobel Prize-winning author's alternate endings to offer new insights into his creative process. Reprint.

A World at Arms Gerhard L. Weinberg, 2005-03-28 A truly global account of WWII - the war that encompassed six continents.

A Call to Arms Maury Klein, 2013-07-16 The colossal scale of World War II required a mobilization effort greater than anything attempted in all of the world's history. The United States had to fight a war across two oceans and three continents--and to do so, it had to build and equip a military that was all but nonexistent before the war began. Never in the nation's history did it have to create, outfit, transport, and supply huge armies, navies, and air forces on so many distant and disparate fronts. The Axis powers might have fielded better-trained soldiers, better weapons, and better tanks and aircraft, but they could not match American productivity. The United States buried its enemies in aircraft, ships, tanks, and guns; in this sense, American industry and American workers, won World War II. The scale of the effort was titanic, and the result historic. Not only did it determine the outcome of the war, but it transformed the American economy and society. Maury Klein's *A Call to Arms* is the definitive narrative history of this epic struggle--told by one of America's greatest historians of business and economics--and renders the transformation of America with a depth and vividness never available before.

Small Arms & Cannons C. J. Marchant Smith, P. R. Haslam, 1982 Good, No Highlights, No Markup, all pages are intact, Slight Shelfwear, may have the corners slightly dented, may have slight color changes/slightly damaged spine.

Empty Arms Sherokee Ilse, 1990 Coping with Miscarriage, Stillbirth and Infant Death.

Call to Arms W.E.B. Griffin, 1987-09-01 The attack on Pearl Harbor swept America into the raging heart of the war. The stormy South Pacific presented a daring new challenge, and the men of the Corps were ready to fight. An elite fraternity united by a glorious tradition of courage and honor, the Marine Raiders were bound to a triumphant destiny. Now, the bestselling author of the acclaimed *BROTHERHOOD OF WAR* saga continues the epic story begun in *Semper Fi*. A story of lovers and fighters, leaders and heroes--the men of the United States Marine Corps...

Winfield Scott and the Profession of Arms Allan Peskin, 2003 Winfield Scott (1786-1866) was arguably the premier soldier of his era, responsible for the professionalization of the US Army during his long career. Allan Peskin's biography presents research which supports the view of General Scott as a forward-looking managerial officer.

The Militia and the Right to Arms, Or, How the Second Amendment Fell Silent H. Richard Uviller, William G. Merkel, 2002 *DIV* Provides a historically grounded examination of the original meaning of the 2nd Amendment and an interpretation of the rights it safeguards (or doesn't) in the light of that historical understanding. /div

Of Arms and Men Robert L. O'Connell, 1989 Ranging from prehistoric times to the Nuclear Age, demonstrates how social and economic conditions have determined the types of weapons and tactics employed in warfare.

Safe in His Arms Colleen Coble, 2013-01-28 Sometimes it takes a stranger to see you as you really are. Born and raised on sprawling Texas land, Margaret O'Brien prides herself on her competence as a rancher. But her father believes she's made for more than just dawn-to-dusk work. He wants her to have the love of a good man, to raise children, to build a life. But Margaret gave up such dreams years ago. She's convinced no man would have her, that the ranch is her life now. So when Margaret's father hires Daniel Cutler as a new foreman, she's frustrated and suspicious. Then an overheard conversation links him with a gang of bank robbers, and she's downright worried. Daniel swears he's not involved, but Margaret's not convinced. She knows the man still has secrets. But would a criminal be so kind and talk so convincingly of his faith? As a series of tragic "accidents" threatens all she holds dear, Margaret must decide what to trust: her own ears, her best judgment . .

. or what her heart keeps telling her. From the author of the best-selling *Blue Moon Promise* . . . an exciting tale of danger, romance, and faith played out under Texas stars. "Romantically tense, but with just the right touch of danger, this cowboy love story is surprisingly clever—and pleasingly sweet." —USAToday.com for *Blue Moon Promise*

Deanes' Manual of the History and Science of Fire-arms Deanes,1858

The Shadow World Andrew Feinstein,2011-11-08 Soon to be a Major PBS Documentary Event
The Shadow World is the harrowing behind-the-scenes tale of the global arms trade, revealing the deadly collusion that all too often exists among senior politicians, weapons manufacturers, felonious arms dealers, and the military—a situation that compromises our security and undermines our democracy. Pulling back the curtain on this secretive world, Andrew Feinstein reveals the corruption and the cover-ups behind a range of weapons deals, from the largest in history—between the British and Saudi governments—to the guns-for-diamonds deals in Africa and the imminent \$60 billion U.S. weapons contract with Saudi Arabia. He exposes in forensic detail both the formal government-to-government trade in arms and the shadow world of illicit weapons dealing, and lays bare the shockingly frequent links between the two. Drawing on his experience as a member of the African National Congress who resigned when the ANC refused to launch a corruption investigation into a major South African arms deal, Feinstein illuminates the impact this network has not only on conflicts around the world but also on the democratic institutions of the United States and the United Kingdom. Based on pathbreaking reporting and unprecedented access to top-secret information and major players in this clandestine realm, *The Shadow World* places us in the midst of the arms trade's dramatic wheeling and dealing—from corporate boardrooms to seedy out-of-the-way hotels—and reveals the profound danger and enormous financial cost this network represents to all of us.

Daddy's Arms Fabian E. Ferguson,2018 *Daddy's Arms*, tells the story of a young boy's imagination as he plays with his dad. Inspired by the real-life everyday fun had by the author and his son.

Washington and His Comrades in Arms George McKinnon Wrong,1921

The Politics of Arms Control Treaty Ratification M. Krepon,D. Caldwell,2016-04-30 In the treaty of Versailles and the SALT II Treaty, years of painstaking diplomatic effort were lost when the United States Senate refused to provide its consent to ratification. This book provides the first comparative assessment ever written of executive-congressional relations and the arms control treaty ratification process. A renowned team of historians, political scientists, and policy analysts look at seven case studies, ranging from Versailles to the INF Treaty, to explore the myriad ways to win and lose treaty ratification battles. This book constitutes a strong marriage of scholarship and public policy.

Arms Control Jozef Goldblat,2002-09-24 `A unique and indispensable work that serves both as a basic introduction to the disarmament scene and a reference book for experts' - Disarmament Times
`This compendium of the history and achievements of arms control and disarmament efforts is unique in its kind and is likely to remain so. This for three reasons: first, because of its unparalleled comprehensiveness; second, because of the outstanding quality of its presentation, and, third, because of its author, Jozef Goldblat, one of the world's leading experts in the field. This triad makes the updated Second Edition of *Arms Control: The New Guide to Negotiations and Agreements* a must for all concerned with international security in general and arms control in particular' - Curt Gasteyger, Graduate Institute of International Studies, Geneva
`The thesaurus of arms regulation and disarmament...a precious tool for negotiators and treaty makers' - Ambassador V Petrovsky, Former Secretary-General of the Conference on Disarmament
`Being the most comprehensive and authoritative compilation and analysis of arms control agreements available, this is an indispensable reference volume for students and practitioners of arms control and international security. The author has spent a lifetime in the study and practice of international security affairs: where international law and arms control agreements are concerned, there is no one better qualified than him' - Sverre Lodgaard, Norwegian Institute of International Affairs, Oslo
The revised and updated

edition of *Arms Control: The New Guide to Negotiations and Agreements* contains the most authoritative and comprehensive survey ever published of the documents related to arms control. All major agreements reached since the second half of the nineteenth century through to mid-2002 are critically analysed and assessed. The assessment is made in the light of the international security environment, the developments in the field of weapon technology, the threat of nuclear, chemical and biological weapons proliferation, and the efforts to strengthen the humanitarian law of armed conflict. The accompanying CD-ROM reproduces full text and carefully selected excerpts of treaties, conventions, common understandings, statutes, charters, binding decisions of international bodies, final acts of international conferences, exchanges of letters and diplomatic notes. Multilateral agreements are followed by a list of parties. Enriched with new maps, tables and figures, as well as an expanded glossary and bibliography, the book will remain the definitive resource for students of international relations, journalists, diplomats and military strategists. Jozef Goldblat, the author, is Vice-President of the Geneva International Peace Research Institute (GIPRI), Resident Senior Fellow of the UN Institute for Disarmament Research (UNIDIR) and Associate Editor of *Security Dialogue*, published by SAGE for the International Peace Research Institute, Oslo (PRIO). He has studied the problems of arms control since the 1950s and has been involved in arms control negotiations. From 1969 to 1989 he directed the arms control and disarmament programme of studies at the Stockholm International Peace Research Institute (SIPRI). He has lectured at various universities and has written reports, articles and books on the arms race and disarmament. His latest publications include *The Nuclear Non-Proliferation Regime: Assessment and Prospects*, The Hague Academy of International Law, 1997, and *Nuclear Disarmament: Obstacles to Banishing the Bomb*, I. B. Tauris, 2000.

Brothers in Arms Gus Russo, Stephen Molton, 2010-07-15 A vivid, character-driven narration of the time before, during, and after Kennedy's death, centered on the Kennedys and the Castros, two opposed sets of brothers who collectively authored one of modern history's most gripping chapters.

Brothers at Arms Larrie D. Ferreiro, 2017-10-03 Pulitzer Prize Finalist in History Winner of the Journal of the American Revolution 2016 Book of the Year Award At the time the first shots were fired at Lexington and Concord the American colonists had little chance, if any, of militarily defeating the British. The nascent American nation had no navy, little in the way of artillery, and a militia bereft even of gunpowder. In his detailed accounts Larrie Ferreiro shows that without the extensive military and financial support of the French and Spanish, the American cause would never have succeeded. Ferreiro adds to the historical records the names of French and Spanish diplomats, merchants, soldiers, and sailors whose contribution is at last given recognition. Instead of viewing the American Revolution in isolation, *Brothers at Arms* reveals the birth of the American nation as the centerpiece of an international coalition fighting against a common enemy.

Secure in the Everlasting Arms Elisabeth Elliot, 2021-03-16 In a life filled with uncertainty, former missionary Elisabeth Elliot clung to the God who never left her side. Through the deaths of two husbands, a life of travel and danger, and raising her daughter as a single parent, God provided Elliot with a security that could not have come from relying on the world. In this handsomely repackaged edition of *Secure in the Everlasting Arms*, you are invited to join her as she recounts how she relied on God during some of the most amazing and difficult events of her life.

Arms Uncontrolled Frank Barnaby, Ronald Huisken, Stockholm International Peace Research Institute, 1975 The arms race has become a global phenomenon. Each year the world spends a staggering sum on armaments; total military expenditure is almost equal to the entire national income of the poorer half of mankind; aid given underdeveloped countries is a mere 5 percent of money spent for military purposes; resources devoted to medical research are less than a quarter of those devoted to military research and development.

When somebody should go to the books stores, search start by shop, shelf by shelf, it is in point of fact problematic. This is why we provide the books compilations in this website. It will no question

ease you to see guide **Arms** as you such as.

By searching the title, publisher, or authors of guide you in point of fact want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be every best place within net connections. If you intention to download and install the Arms, it is extremely easy then, back currently we extend the member to purchase and make bargains to download and install Arms so simple!
