Red Line Brian Thiem,2015-08-11 Joseph Wambaugh meets Michael Connelly in this nuanced police procedural series debut from a veteran of the Iraq War and Oakland Police Department A veteran-turned-detective struggling with PTSD and alcoholism lands a case that will either make—or break—his flagging career in the Oakland Homicide Squad When a teenager from a wealthy suburb outside of Oakland, California is dumped at an inner-city bus stop, homicide detective Matt Sinclair catches the case. It's his first since being bumped to desk duty for a bust that went south. With few leads and plenty of attention, it's the worst kind of case to help him get back up to speed. And it only gets worse as the bodies start to pile up—first at the same bus bench, then around the city. Sinclair is unable to link the victims to each other, and the killer is just getting started. Time is running out on Sinclair's career, not to mention the people closest to him.

Hopkinton: the Second Hundred Years Dale J. Burnett, 2008-05-14 Hopkinton, NY is a quiet little town in the northeast part of the state, settled by New Englanders and built in the New England style with a village green, white wood frame churches, and large Victorian houses. Life here has generally moved at a leisurely pace; yet Hopkinton's people have had their dramas – both comedy and tragic - and their stories have been remembered. In 1903, Carlton Sanford had a book published documenting the settling of the town from a wilderness in 1802 through its first hundred years of development and tracing the descendants of the first settlers. Now Dale Burnett has written a folk history of the second hundred years, chronicling the events in the lives of Hopkinton's people and the town itself through the 20th century. Mr. Burnett has researched each separate district of the township and spoken with at least one person from each area to get its history from someone who lived there. In addition to the facts one would expect – businesses, history of the fire department, town officers - he has taken almost every house along each road in the town and listed the residents through the years, along with any tales that may have been told about them. Based mainly on interviews with older Hopkinton folk, some of whom were alive when Sanford's book came out, the stories handed down have been preserved as the old people told them. Facts are supported by newspaper articles, deeds and other documents. Included are tales of Hopkinton's characters, its three or four murders, and its one kidnapping case with still unanswered questions. And, following Mr. Sanford's example, at the end of *The Second Hundred Years* are genealogies submitted by Hopkinton families, many of whom can still trace their ancestry to those early settlers.

Celebrities' Most Wanted™ Marjorie Hallenbeck-Huber, 2010-06-30 Team Aniston or Team Jolie? Whether you have admittedly chosen a side, chances are you know the feud these slogans reference and perhaps even remember where you were when news of the Aniston-Pitt split broke. Over the past three decades, buzz over the rich and famous has exploded, thanks in part to refined technology, well-oiled media outlets, and a dedicated few who have greased up their own laptops to challenge the tabloid giants (think Perez Hilton). Much to their chagrin, or so they say, celebrities have become all the rage, lending to their adoring, or simply inquisitive, public not only a glamorous escapism but also the reality that even megastars suffer fault. Marjorie Hallenbeck-Huber fills you in on the juiciest bits to hit the celebrity gossip circuit over the past three decades. Read about the most bizarre hookups (Lance Armstrong and an Olsen twin, anyone?); marriages that lasted a Hollywood second, or fifty-five hours in the case of Britney Spears; celebrity baby names, like Heavenly Hiranni Tiger Lily, that even the creative teams at Crayola could not dream up; diet tricks and training regimens that guarantee a camera-ready body; "it" travel destinations where celebs go to laze under the sun—or to do good; and infamous crack-ups that surely sent publicists into a damage-control frenzy. of water, and saving the world is not such a far-off possibility.

Celebrity, Inc. Jo Piazza, 2011-11-15 From \$10,000 tweets to making money in the afterlife, a recovering gossip columnist explores the business lessons that power the Hollywood Industrial Complex Why do celebrities get paid so much more than regular people to do a job that seems to afford them the same amount of leisure time as most retirees? What do Bush-era economics have to do with the rise of Kim Kardashian? How do the laws of supply and demand explain why the stars of Teen Mom are on the cover of Us Weekly? And how was the sale of Brad Pitt and Angelina Jolie's baby pictures a little like a street drug deal? After a decade spent toiling as an entertainment journalist and gossip columnist, Jo Piazza asks the hard questions about the business behind celebrity. Make no mistake: Celebrity is an industry. Never in the course of human history has the market for celebrities been as saturated as it is today. Nearly every day most Americans will consume something a celebrity is selling—a fragrance, a sneaker, a song, a movie, a show, a tweet, or a photo in a magazine. With the benefits of Piazza's unique access to the celebrity market, Celebrity, Inc. explains in detail what generates cash for the industry and what drains value faster than a starlet downs champagne—in twelve fascinating case studies that tackle celebrities the way industry analysts would dissect any consumer brand.

The Gettys are one of the wealthiest—and most misunderstood—family dynasties. Oil magnate J. Paul Getty, once the richest man in the world, is the patriarch of an extraordinary cast of sons, grandchildren, and great-grandchildren. While some have been brought low by mental illness, drug addiction, and one of the most sensational kidnapping cases of the 20th century, many of Getty's heirs have achieved great success. In addition to Mark Getty, a cofounder of Getty Images, and Anne G. Earhart, an award-winning environmentalist, others have made significant marks in a variety of fields, from music and viniculture to politics and LGBTQ rights. Now, across four continents, a new generation of lively, unique, and even outrageous Gettys is emerging—and not coasting on the dynasty's still-immense wealth. August Getty designs extravagant gowns worn by Katy Perry, Cher, and other stars; his sibling, Nats—a fellow LGBTQ rights activist who announced his gender transition following his wedding to transgender icon Gigi Gorgeous—produces a line of exclusive streetwear. Their fascinating cousins include Balthazar, a multi-hyphenate actor-director-DJ-designer; and Isabel, a singer-songwriter and MBA candidate. A far-flung yet surprisingly close-knit group, the ascendant Gettys are bringing this iconic family onto the global stage in the 21st century. Through extensive research, including access to J. Paul Getty's diaries and love letters, and fresh interviews with family members and friends, *Growing Up Getty* offers an enthralling and revealing look into the benefits and burdens of being part of today's world of the ultra-wealthy.
