**Contracting for Public Services** Carsten

Greve, 2007-09-12 Insightful and comprehensive and covering new subjects like globalization and IT, this text, international in its approach, provides a thorough introduction to the key phases of the contracting process and the skills required by managers in its implementation. These include: policy for contracting strategic purchasing understanding markets communicating the contracting decision designing and drafting the contract the role of the consumer the regulation of service provision Illustrated throughout with practitioner case-studies from a range of OECD countries, this book presents an important new theoretical 'contract management model' and a 'mature contract model', and explores the mechanisms, formal rules and informal norms that influence the way governments contract for public services. This book is essential reading for all students of public management and all public service managers.

**The London Bendi Bus** Matthew Wharmby, 2016-03-30

Between 2002 and 2006 six of Londons bus companies put into service 390 articulated bendy buses on twelve routes for transport in London.rnrnDuring what turned out to be a foreshortened nine years in service, the Mercedes-Benz Citaro G buses

familiar on the continent and worldwide earned an unenviable reputation in London; according to who you read and who you believed, they caught fire at the drop of a hat, they maimed cyclists, they drained revenue from the system due to their susceptibility to fare evasion, they transported already long-suffering passengers in standing crush loads like cattle and they contributed to the extinction of the Routemaster from frontline service. In short, it was often referred to as the bus we hated.rnrnThis account is an attempt by a long-time detractor of the bendy buses to set the vehicles in their proper context not quite to rehabilitate them, but to be as fair as is possible towards a mode of transport which felt about as un-British as could be.

*The London Enviro 200* David Beddall, 2024-01-30  
Launched by Transbus in 2004, the original Enviro 200 mode was not a success. The Enviro 200 was relaunched in 2006, this new model becoming more successful. The new model was taken into stock by many London operators, replacing older single-deckers in their fleets. The Enviro 200 had just as much success as its predecessor, the Dennis Dart SLF. As with the Dart SLF, the Enviro 200 was available in a number of lengths. 2014 saw the launch of the Enviro 200 MMC (major model change), this replacing the original "classic" Enviro 200 in 2018. The first all-electric Enviro 200 MMCs arrived in London in 2016, this becoming the standard model for new contracts. The London Enviro 200 looks at the history of the Enviro 200 and Enviro 200 MMC model in London service.

Arriva Plc and Sovereign Bus & Coach Company Ltd Great Britain. Competition Commission, Diana Guy, 2005 The Commission's report examines the proposed acquisition by Arriva plc of the business of the Hertfordshire bus operator, Sovereign Bus & Coach Company Ltd. The relevant markets affected by the proposed merger are defined as the supply of bus services on point-to-point journeys and broader network markets in Hertfordshire. The majority opinion (three members) of the Commission is that the proposed merger is not expected to result in a substantial lessening of competition (SLC), whilst a minority (two members) concluded that the merger would result in an SLC in bus markets in Hertfordshire, due to the raising of the level of barriers to entry or expansion.
