Matthew Prior

Sack AS 6- Source of Nazi Germany UFO Claims? David Myhra PhD,2013-09-13 Much has been written about the alleged existence of Nazi flying saucers or disk-shaped flying machines from World War II, however, despite claims of a few would-be obscure former Nazi aviation designers from about mid-1947 and on, there are no original first-hand historical accounts or documents to support these claims. The closest aircraft to fit these descriptions is the Sack AS 6 V1, by a farmer and model builder/flier Arthur Sack, whose AS 6 and Sack himself disappeared completely in 1945. Enjoy reading and viewing the rare photographs about the truth about Nazi Germanys' Flying Saucers.
