My Asakusa Sadako Sawamura, 2011-06-21 Written near the end of Sadako Sawamura's remarkable life, My Asakusa (Watashi no Asakusa) is a charming collection of autobiographical essays by a truly self-made woman. Recalling Japan at a time of great political turmoil and rapid cultural change, Sawamura shares with us her vignettes of growing up in Asakusa—one of the last of the old downtown Shitamachi neighborhoods of incessantly modernizing Tokyo—and her keen insight into the characters of those who populated her world. Author Sadako Sawamura (1908-1996) was by turns a diligent youth who worked her way through a private secondary school as a tutor, a radical university scholarship student, a Communist youth league worker, a prisoner of conscience, and a star of Japanese theater, cinema, and television. She was beloved in Japan for her forthright convictions and her rare independence, which she expressed in interviews and essays. She is also the author of *Kai-no-Uta* (The Song of a Shell), which was subsequently produced as a television play.

Prayer and Play in Late Tokugawa Japan Nam-lin Hur, 2020-03-23 The unique amalgam of prayer and play at the Sensōji temple in Edo is often cited as proof of the “degenerate Buddhism” of the Tokugawa period. This investigation of the economy

and cultural politics of Sensōji, however, shows that its culture of prayer and play reflected changes taking place in Tokugawa Japan, particularly in the city of Edo. Hur's reappraisal of prayer and play and their inherent connectedness provides a cultural critique of conventional scholarship on Tokugawa religion and shows how Edo commoners incorporated cultural politics into their daily lives through the pursuit of prayer and play.

Asakusa Beethoven Asami, 2017-04-09 Asakusa, Its History It is believed that in the 7th century, fishermen brothers scooped up a Kannon statue in a fishnet. The brother decided to enshrine the statue and then Sensoji Temple was built by local peoples to worship the statue. The temple was built on a safe plateau where local people used as an evacuation zone. In the Edo era which started in 1603, rice granaries were built in Kuramae alongside Sumida river, where rice dealers called fudasashi thrived. They obtained the right from the Tokugawa shogunate or military government to pay cash on the security of a vassal's or samurai's rice stipends. They became the original founders of Japan's earliest banks. They became very rich by obtaining commissions from rice farmers and samurai too. Those fudasashi enjoyed such extravagant entertainment as pleasure boat cruises with geisha girls on Sumida river, geisha parties in gay quarters, kabuki theatergoing, sumo tournament watching, just to name a few. In the middle of 17th century, licensed gay quarters were moved to Yoshiwara in Asakusa from Nihonbashi. After the big fire of Meireki in 1657 which took

lives of some 100,000 people, many kabuki theaters were built in a town called Saruwaka. Ukiyoe, woodblock prints started to appear around this time. The popular subjects of ukiyoe were then famous geisha girls, kabuki actors, sumo wrestlers, Mt. Fuji and other famous land sceneries. Many travelers from local areas bought a lot of ukiyoe near Zojoji temple as a souvenir. In the Meiji era that started in 1868, the area around Sensoji temple was designated as a municipal park. After World War II many live entertainment theaters including strip joints and revues were built along with a red-light district in Yoshiwara. In recent years, Asakusa Samba carnival was introduced and Sumida-river fireworks stopped since from the Edo era was revived. It now attracts more than one million visitors. But Japanese traditional Sanja-maturi or portable shrine parades which starts and ends at Asakusa Jinja and Hozuki-ichi or ground cherry fair and Hagoita-ichi or battledore fair are held in the precincts of Sensoji Temple and Torinoichi at Otori-jinja Shrine. Tokyo Skytree, the radio tower, 634 meters high built in 2012 is located within some 20-minute walk. In Asakusa area, there are many traditional Japanese restaurants such as sushi bars, tempura, unagi or eel, and soba restaurants. Reasonably priced bar stands abound where many salaried workers and craftspeople spend an evening. Many souvenir shops specialized in traditional Japanese souvenirs line both sides of Nakamise street leading to Sensoji temple from Kaminari-mon gate. At those stores, tourists can buy traditional Japanese kimono, fans, kids' toys,

lacquered chopsticks, just to name a few. Visitors can enjoy eating freshly made rice crackers, fish-shaped pancake filled with anko or sweet bean jam. On weekends, streets around Senjoji temple are just about jam packed with visitors. In recent years, overseas visitors account for two-thirds of the all visitors. There are many reasonably priced lodging facilities available near Asakusa areas, but popular facilities should be booked one year in advance. More and more overseas tourists prefer to visit Asakusa instead of Ginza area because of Asakusa's traditional Japanese atmosphere and reasonable prices.

Hiroh Kikai Hiroo Kikai, 2008 In 1973, Kikai, began to photograph the people he encountered in Asakusa and by 1984, he had settled on a specific photographic approach. Kikai, calls this approach game rules and it has remained unaltered to the present. This book showcases a collection of these photographs.

Asakusa Kid Takeshi Kitano, 2001 La vingtaine révolue, Takeshi Kitano, errant dans Tokyo, désœuvré et nonchalant, décide un jour qu'il sera acteur comique. Pour y parvenir, une seule direction : Asakusa, le quartier des théâtres, des boîtes de strip-tease et des yakusas. Dans l'une d'elles, Le Français, il est engagé comme garçon d'ascenseur. Il y rencontre l'acteur Senzaburo Fukami, qui deviendra son maître. Entre deux numéros d'effeuillage, Kitano joue ses premiers

sketches comiques. Avec deux autres jeunes acteurs il découvre le style dialogué qui fera son succès, le manzif, style qu'il marquera par ses outrances de langage, alors inimaginables au Japon.

Tokyo and My Daughter Takashi Homma, 2006 Tiré du site Internet de Nieves: Tokyo And My Daughter is the new book by acclaimed Tokyo based photographer Takashi Homma (1962), showing a series of 32 previously unpublished photographs taken over the last few years. Homma's photographs are said to have a special energy, lying in the detachment he can reach with the objects and people in front of his camera. In this new book, the Artist's very personal subject still seems to make no compromise to the disconnected way he registers what he sees through his lense. At first sight the viewer could be brought into imagining that Homma may perceive his daughter as just being part of the Tokyo urban landscape as all the cars, houses and trees are ... Or is she just 'acting' as one of them, being exposed to the staring eye of her everyday spectator - her father -, like Tokyo's cars, houses and trees are to their inhabitants, she neither resist nor attempt to seduce the camera, but impassively returns his glances, even trying to become the spectator herself once. Takashi Homma's own I love my daughter very much. I love Tokyo very much. declaration is probably the key to reveal the connection between the graceful and intimate sequence of images depicting Homma's daughter and the city of Tokyo. With his incredible touch and distance he again creates a special world of his own, documenting his daughter from being a toddler to a young little girl

through the everyday places in and around their life. This book is part of the Nieves Book Series with previous books by Kim Gordon, Mike Mills, Yukari Miyagi and Stefan Marx. A special edition of 50 copies with a numbered and signed original print is available.

Tokyo Pop-Up Book Sam Ita, 2018-04-10 This adventurous pop-up book for kids whisks you on a whirlwind tour of Tokyo's most famous landmarks!
