

Asdf Movie

Dieter Helm

Art is Dead Thomas Ridgewell,2019-09-24 In 2008, Thomas TomSka Ridgewell uploaded a short animated film to YouTube; he called it asdfmovie. It has since been viewed more than 50 million times and has spawned eight sequels and many, many dedicated fans. Now, for the first time, the weird and wonderful world of asdf has exploded onto the page in ART IS DEAD, a book conceived and written by Tom and illustrated by Matt Ley. Featuring much-loved characters from the films, as well as brand-new, never-before-seen comics and bonus material - including the asdf origin story and Tom's own sketches - ART IS DEAD is a comic book like no other. Expect trains, potatoes, suicidal muffins and jokes about death, destruction and things talking that don't normally talk, all wrapped up in book so awkwardly shaped it will make your shelves look weird. (Sorry about that.)

Art is Dead Thomas Ridgewell,2015-10-22 In 2008, Thomas TomSka Ridgewell uploaded a short animated film to YouTube; he called it asdfmovie. It has since been viewed more than 50 million times and has spawned eight sequels and many, many dedicated fans. Sam Kills Christmas Thomas Ridgewell,2019-09-24 Sam is a small child with a big problem, they HATE Santa. And so, this Christmas, it's time to embark on a quest to vanquish that villain once and for all. Along the way, Sam will encounter Ice Queens and evil Elves, and not a few rocket launchers and explosives, but the big question is...will they be able to rid the world of the tyranny of Santa?

Ten Commandments of YouTube Matt Gielen,2016-08-30 Want to develop a rabid and devoted fan base on YouTube? Want millions of subscribers? After reaching 1 million subscribers in a year on our YouTube channel, Cartoon Hangover, and spending years studying the best of the best including Hannah Hart, Shay Carl, Michelle Phan and more, the #1 programming team in the world at Frederator Networks has compiled tried and true methods into the most comprehensive YouTube how to guide. This book covers everything from program scheduling and branding, to title and thumbnail design. Follow these 10 commandments and you too can succeed on YouTube. Frederator Loves You.

You're So Punny! Read-Along Sequoia Childrens Publishing,2021-09-01 What did the strawberry say to the banana? You've got a-peel! This laugh-out-loud book is full of pun-derful jokes to keep kids giggling as they read! Readers will even learn fun facts, hilarious history, and get a chance to write their own jokes.

Dark Alliance Gary Webb,2011-01-04 Major Motion Picture based on Dark Alliance and starring Jeremy Renner, Kill the Messenger, to be released in Fall 2014 In August 1996, Pulitzer Prize-winning journalist Gary Webb stunned the world with a series of articles in the San Jose Mercury News reporting the results of his year-long investigation into the roots of the crack cocaine epidemic in America, specifically in Los Angeles. The series, titled "Dark Alliance," revealed that for the better part of a decade, a Bay Area drug ring sold tons of cocaine to Los Angeles street gangs and funneled millions in drug profits to the CIA-backed Nicaraguan Contras. Gary Webb pushed his investigation even further in his book, Dark Alliance: The CIA, The Contras, and the Crack Cocaine Explosion. Drawing from then newly declassified documents, undercover DEA audio and videotapes that had never been publicly released, federal court testimony, and interviews, Webb

demonstrates how our government knowingly allowed massive amounts of drugs and money to change hands at the expense of our communities. Webb's own stranger-than-fiction experience is also woven into the book. His excoriation by the media—not because of any wrongdoing on his part, but by an insidious process of innuendo and suggestion that in effect blamed Webb for the implications of the story—had been all but predicted. Webb was warned off doing a CIA expose by a former Associated Press journalist who lost his job when, years before, he had stumbled onto the germ of the “Dark Alliance” story. And though Internal investigations by both the CIA and the Justice Department eventually vindicated Webb, he had by then been pushed out of the Mercury News and gone to work for the California State Legislature Task Force on Government Oversight. He died in 2004.

Don't Even Think About It Sarah Mlynowski, 2024-04-16 A “funny, realistic, heartfelt, satiric, and unpredictable” novel about a group of big-city teens with mind-blowing powers (Ned Vizzini, New York Times–bestselling author). It was just an ordinary day at Manhattan's Bloomberg High School. Socially awkward Olivia Byrne was stressing about her upcoming speech in public speaking class. Cooper Miller was flying high over the Yankees' win from the night before. Mackenzie Feldman, Cooper's girlfriend, was dreading the class's upcoming flu vaccines because of her overwhelming fear of needles. Little did Mackenzie know that the shot would be the least of her worries . . . Now—after getting immunized—most of the students in homeroom 10B have the power to hear everyone's thoughts: catty remarks, who's crushing on whom, and what their teachers and parents really think about them. Once the students figure out what's going on, the question becomes: What do they do with their new superpower? Use it for good . . . or for evil? Because world domination is on the menu . . . “A tour-de-force comic narration that will leave you gasping in awe—if you ever catch your breath from laughing.” —E. Lockhart, #1 New York Times–bestselling author of *We Were Liars* “Smart and frequently hilarious . . . Filled with heartbreak, hilarity, and some brutal truths, Mlynowski's novel will leave readers thinking about the gaps between our private and public selves and the lies we tell others and ourselves.” —Publishers Weekly (starred review) “Hilarious, moving, and utterly ingenious.” —Robin Wasserman, author of *Girls on Fire*

Horse Destroys the Universe Cyriak Harris, 2019-08-22 The Hitchhiker's Guide to the Galaxy meets Black Beauty and gallops off into The Matrix in the debut novel from cult internet sensation Cyriak Harris Life was simple for Buttercup the horse. Chewing grass in a field, gazing dreamily at passing clouds or standing at a hedge to watch the world go by. Perhaps a light nap followed by a gentle canter and more grazing, and then off to the stable for a programme of psychological tests designed to expand the boundaries of horse consciousness. For Betty and Tim, life was also simple. Or at least as simple as life could be when you are scientists conducting neurological experiments on a horse. That is until the day they discovered their horse was conducting an experiment of its own. Life became rather more complicated after that for Tim, Betty and Buttercup, and the ensuing struggle for control over one horse's destiny results in an intellectual arms race that takes all three of them to the edge of reality and beyond. It is a struggle that threatens to shake the foundations of civilisation and unravel the fabric of time and space. Can anyone stop this horse from destroying the universe?

Blood Done Sign My Name Timothy B. Tyson, 2007-12-18 The “riveting”* true story of the fiery summer of 1970, which would forever transform the town of Oxford, North Carolina—a classic portrait of the fight for civil rights in the tradition of *To Kill a Mockingbird* *Chicago Tribune On May 11, 1970, Henry Marrow, a twenty-three-year-old black veteran, walked into a crossroads store owned by Robert Teel and came out running. Teel and two of his sons chased and beat Marrow, then killed him in public as he pleaded for his life. Like many small Southern towns, Oxford had barely been touched by the civil rights movement. But in the wake of the killing, young African Americans took to the

streets. While lawyers battled in the courthouse, the Klan raged in the shadows and black Vietnam veterans torched the town's tobacco warehouses. Tyson's father, the pastor of Oxford's all-white Methodist church, urged the town to come to terms with its bloody racial history. In the end, however, the Tyson family was forced to move away. Tim Tyson's gripping narrative brings gritty blues truth and soaring gospel vision to a shocking episode of our history. FINALIST FOR THE NATIONAL BOOK CRITICS CIRCLE AWARD "If you want to read only one book to understand the uniquely American struggle for racial equality and the swirls of emotion around it, this is it."—Milwaukee Journal Sentinel "Blood Done Sign My Name is a most important book and one of the most powerful meditations on race in America that I have ever read."—Cleveland Plain Dealer "Pulses with vital paradox . . . It's a detached dissertation, a damning dark-night-of-the-white-soul, and a ripping yarn, all united by Tyson's powerful voice, a brainy, booming Bubba profundo."—Entertainment Weekly "Engaging and frequently stunning."—San Diego Union-Tribune

Action Movie Kid Daniel Hashimoto, Mandy Richardville, 2015-05-05 Interactive book: download the Blippar app to activate!--Cover.

It Stephen King, 2017-09-05 Includes a selection from *Sleeping Beauties* by Stephen and Owen King after page 1157 (to be published in Sept. 2017).

Let the Sky Fall Shannon Messenger, 2013-03-05 A broken past and a divided future can't stop the electric connection of two teens in this epic series opener from the author of the New York Times and USA TODAY bestselling *Keeper of the Lost Cities* series. Seventeen-year-old Vane Weston has no idea how he survived the category five tornado that killed his parents. And he has no idea if the beautiful, dark-haired girl who's swept through his dreams every night since the storm is real. But he hopes she is. Seventeen-year-old Audra is a sylph, an air elemental. She walks on the wind, can translate its alluring songs, and can even coax it into a weapon with a simple string of commands. She's also a guardian—Vane's guardian—and has sworn an oath to protect Vane at all costs. Even if it means sacrificing her own life. When a hasty mistake reveals their location to the enemy who murdered both of their families, Audra's forced to help Vane remember who he is. He has a power to claim—the secret language of the West Wind, which only he can understand. But unlocking his heritage will also unlock the memory Audra needs him to forget. And as the storm bears down on them, she starts to realize the greatest danger might not be the warriors coming to destroy them—but the forbidden romance that's grown between them.

Johnny Tremain Esther Forbes, 1998 After injuring his hand, a silversmith's apprentice in Boston becomes a messenger for the Sons of Liberty in the days before the American Revolution.

Because Internet Gretchen McCulloch, 2020-07-21 AN INSTANT NEW YORK TIMES BESTSELLER!! Named a Best Book of 2019 by TIME, Amazon, and The Washington Post A Wired Must-Read Book of Summer "Gretchen McCulloch is the internet's favorite linguist, and this book is essential reading. Reading her work is like suddenly being able to see the matrix." —Jonny Sun, author of *everyone's a little bit when ur a little bit too* *Because Internet* is for anyone who's ever puzzled over how to punctuate a text message or wondered where memes come from. It's the perfect book for understanding how the internet is changing the English language, why that's a good thing, and what our online interactions reveal about who we are. Language is humanity's most spectacular open-source project, and the internet is making our language change faster and in more interesting ways than ever before. Internet conversations are structured by the shape of our apps and platforms, from the grammar of status updates to the protocols of comments and @replies. Linguistically inventive online communities spread new slang and jargon with dizzying speed. What's more, social media is a vast laboratory of unedited, unfiltered words where

we can watch language evolve in real time. Even the most absurd-looking slang has genuine patterns behind it. Internet linguist Gretchen McCulloch explores the deep forces that shape human language and influence the way we communicate with one another. She explains how your first social internet experience influences whether you prefer LOL or lol, why ~sparkly tildes~ succeeded where centuries of proposals for irony punctuation had failed, what emoji have in common with physical gestures, and how the artfully disarrayed language of animal memes like lolcats and doggo made them more likely to spread.

Zak George's Dog Training Revolution Zak George, Dina Roth Port, 2016-06-07 A revolutionary way to raise and train your dog, with “a wealth of practical tips, tricks, and fun games that will enrich the lives of many dogs and their human companions” (Dr. Ian Dunbar, veterinarian and animal behaviorist). Zak George is a new type of dog trainer. A dynamic YouTube star and Animal Planet personality with a fresh approach, Zak helps you tailor dog training to your pet’s unique traits and energy level—leading to quicker results and a much happier pup. For the first time, Zak has distilled the information from his hundreds of videos and experience with thousands of dogs into this comprehensive dog and puppy training guide that includes: • Choosing the right pup for you • Housetraining and basic training • Handling biting, leash pulling, jumping up, barking, aggression, chewing, and other behavioral issues • Health care essentials like finding a vet and selecting the right food • Cool tricks, traveling tips, and activities to enjoy with your dog • Topics with corresponding videos on Zak’s YouTube channel so you can see his advice in action Packed with everything you need to know to raise and care for your dog, this book will help you communicate and bond with one another in a way that makes training easier, more rewarding, and—most of all—fun!

Naked and Marooned Ed Stafford, 2014-09-30 What do you do after you walk the Amazon? Ed Stafford—adventurer extraordinaire and Guinness World Record holder for walking the length of the Amazon River—likes a challenge. Casting about for an adventure that would top the extraordinary feat he recounts in *Walking the Amazon*, Stafford decides to maroon himself on an uninhabited island in the South Pacific. His mission: to survive for sixty days equipped with nothing—no food, water, or even clothing—except the video cameras he would use to document his time. Detailing Stafford’s jaw-dropping sojourn on the island of Olourua, *Naked and Marooned* is a tale of unparalleled adventure and of one man’s will to push himself to the outer limits—and survive.

What Little I Remember Otto Robert Frisch, 2019-08-17 Otto Robert Frisch took part in some of the most momentous developments in modern physics, notably the discovery of nuclear fission (a term which he coined). His work on the first atom bomb, which he saw explode in the desert “like the light of a thousand suns”, brought him into contact with figures such as Robert Oppenheimer, Edward Teller, Richard Feynman and the father of electronic computers, John von Neumann. He also encountered the physicists who had made the great discoveries of recent generations: Einstein, Rutherford and Niels Bohr. This characterful book of reminiscences sheds an engagingly personal light on the people and events behind some of the greatest scientific discoveries of this century, illustrated with a series of fascinating photographs and witty sketches by the author himself. “This is a happy book, from which the author's personality and his enjoyment of physics, of music, of life, emerges clearly. It is also a portrait of the pre-War world of physics, of days of small numbers and small apparatus, of times when a physicist could think of an ingenious experiment today and set it up tomorrow.” — Rudolf Peierls, *Nature* “In writing a charming, light-hearted cameo of his life and times as a scientist, Professor Frisch has revealed more about science than many authors with greater pretensions. This is a book that deserves to be read, and will be enjoyed, by a wide audience.” — *The Economist* “Despite his modest title, what Frisch ‘manages to remember’ is quite impressive. He

loved to tell stories and his many vignettes of his associates... include nearly every outstanding physicist who worked in nuclear physics." — Science "In the straightforward narrative style he developed writing lay treatments of modern physics, Frisch recounts his memories of significant men and events in the history of physics between 1920 and 1960... Frisch tells his stories well..." — Robert W. Seidel, *Isis, A Journal of the History of Science Society*

The Carbon Crunch Dieter Helm, 2012-10-12 An economist's take on "why the world's efforts to curb the carbon dioxide emissions behind global warming have gone so wrong, and how it can do better" (*Financial Times*). Despite commitments to renewable energy and two decades of international negotiations, global emissions continue to rise. Coal, the most damaging of all fossil fuels, has actually risen from 25% to almost 30% of world energy use. And while European countries congratulate themselves on reducing emissions, they've increased their carbon imports from China and other developing nations, who continue to expand their coal use. As standards of living improve in developing countries, coal use can only increase as well—and global temperatures along with it. Written by an Oxford economist who specializes in environmental issues, this book goes beyond pieties and pipe dreams to address the practical realities that are preventing us from making progress on this crucial issue—and what we can do differently before it's too late. "Should be compulsory reading for the entire political class as well as the bureaucratic elite and the commentariat."—*New Statesman* "An optimistically levelheaded book about actually dealing with global warming."—*Kirkus Reviews* (starred review) "A powerful and heartfelt plea for hard-nosed realism."—*New Scientist*

Just the Sexiest Man Alive Julie James, 2008-10-07 New York Times bestselling author Julie James's debut novel—a dazzling romance about one of Hollywood's biggest movie stars and the woman who refuses to let him capture her heart... Nothing fazes Taylor Donovan. In the courtroom, she never lets the opposition see her sweat. In her personal life, she never lets any man rattle her—not even her cheating ex-fiancé. So when she's assigned to coach People's "Sexiest Man Alive" for his next big legal drama, she refuses to fall for the Hollywood heartthrob's charms. Jason Andrews is used to having women fall at his feet. When Taylor Donovan gives him the cold shoulder, he's thrown for a loop. She's unlike any other woman he's ever met: uninterested in the limelight, seemingly immune to his advances, and shockingly capable of saying no to him. She's the perfect challenge. And the more she rejects him, the more he begins to realize she may just be his perfect match...

Creating Japan's Ground Self-Defense Force, 1945-2015 David Hunter-Chester, 2016-11-30 This study provides a comprehensive institutional history of Japan's post-1945 army. It also analyzes representations of the military in popular culture, the place of soldiers in the formation of the country's postwar national identity, and the social and political impact of constitutional restrictions on the military.
