Astray Emma Donoghue, 2012-10-30 The fascinating characters that roam across the pages of Emma Donoghue's stories have all gone astray: they are emigrants, runaways, drifters, lovers old and new. They are gold miners and counterfeiters, attorneys and slaves. They cross other borders too: those of race, law, sex, and sanity. They travel for love or money, incognito or under duress. With rich historical detail, the celebrated author of *Room* takes us from puritan Massachusetts to revolutionary New Jersey, antebellum Louisiana to the Toronto highway, lighting up four centuries of wanderings that have profound echoes in the present. *Astray* offers us a surprising and moving history for restless times.

Lost in Math Sabine Hossenfelder, 2018-06-12 In this provocative book (New York Times), a contrarian physicist argues that her field's modern obsession with beauty has given us wonderful math but bad science. Whether pondering black holes or predicting discoveries at CERN, physicists believe the best theories are beautiful, natural, and elegant, and this standard separates popular theories from disposable ones. This is why, Sabine Hossenfelder argues, we have not seen a major breakthrough in the foundations of physics for more than four decades. The belief in beauty has become so dogmatic that it now

conflicts with scientific objectivity: observation has been unable to confirm mindboggling theories, like supersymmetry or grand unification, invented by physicists based on aesthetic criteria. Worse, these too good to not be true theories are actually untestable and they have left the field in a cul-de-sac. To escape, physicists must rethink their methods. Only by embracing reality as it is can science discover the truth.

Lead Me Astray Sonni Warner, 2022-03-15 Welcome to Overlay City in New Orleans—a shadowy in-between where the paranormal and the real world meet. Its newest resident: Aurie Edison. A victim of a hit-and-run, Aurie now exists as a ghost in this mysterious realm. Convinced there is more to her death than what she remembers, Aurie sets out to uncover the truth. She soon finds herself in the company of Mys, a psychic empath, whose need to help others trumps all else, and Zyr, a werewolf detective able to work both the human and occult worlds. As they begin to piece together the events leading up to her death, Aurie can't deny the deeper connection developing between them. Yet, with each new secret suggesting a more sinister danger at play, they realize they may not make it out (dead or) alive. Undeniably queer and devilishly sexy, Lead Me

Astray will take you to the shadowy depths of New Orleans and never let you go.

And once he had kissed her, felt the responding warmth of her body beneath his hands, there had been no turning back. What he had done had been unforgivable. But what he was going to do was almost as bad. Cage and Hal Hendren are as unlike as two brothers can be. Preacher's kids, Hal has taken the righteous path, while Cage is the unrepentant black sheep of the family. The only thing they have in common is their love for the same woman – Jenny Fletcher. Jenny loves Hal for his commitment to his calling, but deep in her heart of hearts she wishes his desire for her burned as hotly. Only on the eve of his departure for a dangerous mission trip to Central America, when he comes to her bed in darkness and secret, does he take her with unexpected passion. When tragedy strikes and Hal is lost to her, it's that night that Jenny cherishes, that Hal she misses. She yearns for that lover whose unbridled sensuality more resembled. . . Cage. For Jenny, Cage is willing to give up his wild ways. But to get on the straight and narrow, he must sin again.

Saints Astray Jacqueline Carey, 2011-11-22 Post-apocalyptic scifi meets urban fantasy in Jacqueline Carey's sequel to Santa Olivia as two girls fight to stay together and change the world. After their escape from military custody, Loup Garron and her girlfriend Pilar have a chance to reinvent their lives thousands of miles away from the forgotten and disenfranchised Texas border town and military zone of Santa Olivia. Thanks to Loup's genetically engineered gifts of strength, speed, and an innate fearlessness, as well as Pilar's unexpected skill with a pistol, they find new careers as high-priced bodyguards for a world famous British rock band. Back in the States, an

investigation into the existence of Santa Olivia, also known as Outpost 12, begins in Washington, D.C. When the key witness with evidence to expose the military cover-up, their old comrade Miguel, vanishes, the case seems lost. The abandoned citizens of Santa Olivia need a champion, a voice raised on their behalf, which pushes Loup and Pilar into a hard choice. If Loup returns to U.S. soil, she'll be an outlaw. If she's caught, she'll be taken into custody again; and this time, there may be no escape. But if she and Pilar don't fight for the freedom of those they left behind, no one will.

Astray Eluned Summers-Bremner, 2023-06-07 A meandering celebration of the indirect and unforeseen path, revealing that to err is not just human—it is everything. This book explores how, far from being an act limited to deviation from known pathways or desirable plans of action, wandering is an abundant source of meaning—a force as intimately involved in the history of our universe as it will be in the future of our planet. In ancient Australian Aboriginal cosmology, in works about the origins of democracy and surviving disasters in ancient Greece, in Eurasian steppe nomadic culture, in the lifeways of the Roma, in the movements of today's refugees, and in our attempts to preserve spaces of untracked online freedom, wandering is how creativity and skills of adaptation are preserved in the interests of ongoing life. *Astray* is an enthralling look at belonging and at notions of alienation and hope.

Beneath Livy Monteith's icy blonde exterior beats a passionate heart, a heart that will not abide by society's rules. No, Livy will simply not marry the proper young man her parents have chosen for her husband. She'd rather die! But even her friends at Miss Debenham's Finishing School are shocked by the man she desires. Lord Dominic Lacey, the man they call Wicked Nic, is quite handsome, even more notorious, and every bit a scoundrel. Nic thinks he knows all about Livy. She's a proper young lady from an upstanding family, the kind of woman any respectable man would be thrilled to take as his bride—but Nic is not a respectable man. For Livy, even being seen with him would lead to certain scandal. So why is the ravishing innocent doing everything in her power to seduce him? Bedding her would be a delight. But a sinful night with a man like Nic would lead a girl very far astray indeed . . .

The amulet leads her on a life-changing journey to a foreign land where she encounters unusual creatures, shape-shifters, and something she's always longed for—family. In Ariboslia, she learns her mother is alive. Vampire-like creatures have her and many others captive. Most distressing is the prophecy that devastated her family. Can she trust it? Because if it's right, Fallon must destroy the vampires' leader—her uncle—to rescue her mother and free her people from the threat. Unprepared and afraid, Fallon sets out on the journey with no skills to assist her quest and no other way home. In her travels, she learns about the One True God and how desperately she needs Him. Perhaps, with His help, she'll find the way to fulfill her destiny. Astray received an Indie B.R.A.G. Medallion

Going Astray Jeremy Tambling, 2018-10-08 'Among the numerous books on Dickens's London, *Going Astray* is unique in combining detailed topography and biography with close textual analysis and theoretically informed critiques of most of the novelist's major works. In Jeremy Tambling's intriguing and illuminating synthesis, the London A-Z meets Nietzsche, Benjamin and Derrida.' Rick Allen, author of *The Moving Pageant: A Literary Sourcebook on London Street-Life, 1700-1914* Dickens wrote so insistently about London - its streets, its people, its unknown areas - that certain parts of the city are forever haunted by him. *Going Astray: Dickens and London* looks at the novelist's delight in losing the self in the

labyrinthine city and maps that interest, onto the compulsion to 'go astray' in writing. Drawing on all Dickens' published writings (including the journalism but concentrating on the novels), Jeremy Tambling considers the author's kaleidoscopic characterisations of London: as prison and as legal centre; as the heart of empire and of traumatic memory; as the place of the uncanny; as an old curiosity shop. His study examines the relations between narrative and the city, and explores how the metropolis encapsulates the problems of modernity for Dickens – as well as suggesting the limits of representation. Combining contemporary literary and cultural theory with historical maps, photographs and contextual detail, Jeremy Tambling's book is an indispensable guide to Dickens, nineteenth-century literature, and the city itself.
