Astro Girl Ken Wilson-Max,2021-01-26 The stars are the limit for a little girl who acts out her wish to be an astronaut — inspired by a very special person. Astrid has loved the stars and space for as long as she can remember. “I want to be an astronaut!” she says to everyone who will listen. While her mama is away, Astrid and her papa have fun acting out the challenges an astronaut faces on a space mission — like being in zero gravity (“I can do that all day long!” she says), eating food from a kind of tube, and doing science experiments with the help of cookie sheets. When at last it’s time to meet Mama at the air base, Astrid wears her favorite space T-shirt to greet her. But where exactly has Mama been? Channeling a sense of childlike delight, Ken Wilson-Max brings space travel up close for young readers and offers an inspiring ending.

I Can Do It Too! Karen Baicker,2011-07-22 A little girl tries to prove she can do everything in this heartwarming story that reminds us how satisfying it is to grow up surrounded by love. I Can Do It Too! affirms a little girl’s growing independence as she, too, can begin to do all the things she sees her parents, relatives, and neighbors do: pouring juice at breakfast, strumming a guitar, and even riding a bike! The simple cadence of text and direct-to-the-heart art result in a book as warm and generous as its message, providing reading pleasure for toddlers, older siblings, and the grown-ups who love them. “Her enthusiasm is contagious. . . . A winner for perusing alone or reading at storytimes.” —Booklist “Physical skills are not the only kind in focus here, for a happy contagion of kindness is also afoot. The support of her family and congenial companions has the very finest of effects, and best of all, at the end of it all, is our little heroine’s unspoiled and generous display of encouragement for one even smaller than she.” —Kirkus Reviews “Young children are continually faced with challenging developmental milestones, and this affirming read-aloud offers lots of encouragement. . . . Colorful, full-page illustrations show her pouring juice like Dad, holding a book like Grandpa, putting on clothes like her big sister, etc. Preschoolers are likely to repeat the catchy title refrain. A good choice for toddler collections.” —School Library Journal

Astro Boy and Anime Come to the Americas Fred Ladd,Harvey Deneroff,2014-01-10 The first generation of American television programmers had few choices of Saturday morning children's offerings. That changed dramatically in 1963 when a Japanese animated television series called Tetsuan Atom was acquired for distribution by NBC. Fred Ladd adapted the show for American television and—rechristened Astro Boy—it was an overnight sensation. Astro Boy's popularity sparked a new industry importing animated television from Japan.
