Aurora's East-West Football Rivalry Steve Solarz,2014-08-05 For over 120 years, the people of Aurora, Illinois, have gathered together to watch East Aurora and West Aurora High Schools square off in what is now Illinois' longest-running football rivalry. Since first taking to the gridiron in 1893, the schools have laid claim to mythical state championships, represented Illinois in intra-sectional games and pioneered night football. Alumni from these storied rivals include college all-Americans, Hall of Fame coaches, decorated war heroes, an Olympic medalist, a charter member of the NFL, numerous successful high school coaches, outstanding businessmen and civic leaders, including former mayors of Santa Monica, California, and Des Moines, Iowa. Author Steve Solarz pored over the records of more than two thousand games to produce a work that is both an encyclopedic resource and a passionate account of a celebrated tradition.

The Ambivalent Detective in Victorian Sensation Novels Sarah Yoon,2024-04-02 The Ambivalent Detective in Victorian Sensation Novels studies how the detective as a literary character evolved through the mid-nineteenth century in England, as seen in sensation novels. In contrast to most assumptions about the English detective, Yoon argues that the detective was more often tolerated than admired following the establishment of professional detectives in the London Metropolitan Police Force in 1842. Through studying the historical and literary contexts between the 1840s to the 1860s, Yoon argues that the detective was seen as a suspicious, even mistrusted and disdained, figure who was nonetheless viewed as necessary to combat rising levels of crime. The detective as a literary character responded to the often contradictory values and aspirations of the middle class, representing an independent masculinity and laying claim to scientific authority. This study surveys novels by Charles Dickens, Mary Elizabeth Braddon, and Wilkie Collins, alongside lesser-known writers like William Russell, James Redding Ware (pseudonym Andrew Forrester), and William Stephens Hayward. This book contributes to the study of mid-nineteenth-century Victorian culture and connects with broader studies of the detective fiction genre.
