The Creation of the Austro-Hungarian Monarchy Gábor Gyáni,2021-09-30 Recent collection of essays discusses the historical event and the multifarious consequences of the 1867 Compromise (Ausgleich, Settlement), conducted between the Habsburg monarch, Francis Joseph and the Hungarian political ruling class. The whole story has usually been narrated from a plainly Cisleithanian viewpoint. The present volume, the product of Hungarian historians, gives an insight into both the domestic and the international historical discourses about the Dual Monarchy. It also reveals the process of how the 1867 Compromise was conducted, and touches upon several of the key issues brought about by establishing a constitutional dual state in place of the absolutist Habsburg Monarchy. The emphasis is laid not on describing and explaining the path leading to the final and inevitable break-up of the Dual Monarchy, but on what actually held it together for half a century. The local outcomes of self-maintaining mechanisms were no less obvious in the Hungarian part of the Dual Monarchy, despite the many manifestations of an overt adversity toward it. The Creation of the Austro-Hungarian Monarchy will appeal to historians dealing especially with 19th-century European history, and is also essential reading for university students.

The Austro-Hungarian Dual Monarchy 1867-1918 András Gerő,2008 The era of the Austro-Hungarian Empire occupying the second half of the 19th century is perhaps the most exciting period in the modern history of this region. In an atmosphere of increasing tension, as an empire doomed to collapse, it saw unparalleled economic, cultural and intellectual achievements, fundamentally influencing the cultures of the people and nationalities living there -both positively and negatively. This new study of the dual monarchy by accomplished Hungarian historian Andras Gero takes a modern look at the period by analysing the body, spirit and soul of the Empire, as well as exploring the daily lives of its citizens, problems of territory and nationality, and finishing with a look at the heritage it left behind.

The Austro-Hungarian Mind Steven Béla Várdy,Agnes Huszar Vardy,1989 Ch. 8 (pp. 99-134), The Origins of Jewish Emancipation in Hungary: The Role of Baron Joseph Eötvös, reviews the situation of Jews during the 18th-early 19th centuries in Habsburg Hungary and mentions discriminatory anti-Jewish measures, partly abolished in the beginning of the 19th century. Attributes the rise of popular anti-Jewish feelings and antisemitic manifestations to the great influx of Galician immigrants. Discusses debates in the Hungarian Diet on the emancipation of the Jews (approved in 1867) and emphasizes the uniqueness of Baron Eotvos' constant struggle, in the press and in parliamentary discussions, to grant Hungarian Jews full civil rights. Summarizes the main ideas of Eötvös' essay The Emancipation of the Jews (1840), in which he refuted the moral, religious, and ethnic anti-Jewish allegations expressed by his opponents.

What Life was Like at Empire's End Time-Life Books,2000 Examines what life was like for those who lived during the final years of the Austrian and Hungarian empires.

Gender and Modernity in Central Europe Agata Schwartz,2010 At the end of the nineteenth century, Austro-Hungarian society was undergoing a significant re-evaluation of gender roles and identities. Debates on these issues revealed deep anxieties within the multi-ethnic empire that did not resolve themselves with its dissolution in 1918. The concepts of gender and modernity were modified by the various regimes that ruled the empire's successor states in the twentieth century and have been redefined again in the post-Communist period, but the Habsburg Monarchy's influence on gender and modernity in Central Europe is still palpable. With a truly interdisciplinary approach ù drawing on the fields of women's studies, gender studies, sociology, history, literature, art, and psychoanalysis ùthat touches on gender roles, sexual identities, misogyny, painting, writing, minorities ù this volume explores the lasting impact of the Austro-Hungarian Empire in contemporary Central Europe, which is fraught with gender conflict and tension between modernist and anti-modernist forces.

Austro-Hungarian War Aims in the Balkans during World War I M. Fried,2014-07-01 The conquest of Serbia was only one of the goals of the Austro-Hungarian Empire in the First World War; beyond this lay the desire to control much of South-East Europe. Employing previously unseen sources, Marvin Fried provides the first complete analysis of the Monarchy's war aims in the Balkans and tells the story of its imperialist ambitions.
