Away Emil Sher,2017-04-01 Love shines through in the sticky notes shared between a mother and daughter in this picture book about making time for family in the midst of our busy lives. Between work and school, homework and housework, a mother and daughter don't always get to spend as much time together as they'd like. Add to that a little girl's fears about leaving home for the first time, and the need to stay close through handwritten notes becomes even more important. As the camp departure date gets closer, Mom does her best to soothe her daughter's nerves. A visit from her grandmother helps to calm her fears and convince her that she'll have a good time, even away from her mother and beloved cat. Camp ends up being a wonderful adventure – but nothing is sweeter than a back-at-home reunion. Qin Leng's watercolor illustrations are the perfect complement to Emil Sher's simple text. This nuanced story about a parent and child's unconventional way of connecting is full of humor and affection. Young readers will enjoy spotting Lester the cat as he paws his way into the story. A World Away T. J. Smith,2007-08 To avert a potential underworld mutiny of horrific proportions, these fifty insurrectionists were relocated through a portal from the pit of hell to the dark Eldritch Forest of another world, parallel to our own. Upon their banishment, the condemned were transformed into half-man and half-serpent creatures. Thirteen years ago, William Clay-then a mere child-disappeared from a nearby forest, never to be seen again. Only recently, his younger brother, Dan, acquired information on the forest fables from a questionable source. After analyzing fact and legend, Dan suspects that his brother may have fallen through the portal into the parallel world and is being held captive by the fifty fiends. Join Dan and three friends as they embark on an out-of-this-world journey where they are hunted by savage beasts along the footpath to a demonic castle. Smith's pages within are your passport to A World Away, where the unimaginable becomes reality, the unnatural becomes the norm, and the uninvited become fitting prey.

Toad Away Morris Gleitzman,2008-12-18 Limpy the toad has a vision. A world where cane toads and humans play mudslides together and help each other with the shopping. But how does a young cane toad discover the ancient secret of living in peace with humans?

Away Jane Urquhart,2010-10-29 A stunning, evocative novel set in Ireland and Canada, Away traces a family's complex and layered past. The narrative unfolds with shimmering clarity, and takes us from the harsh northern Irish coast in the 1840s to the quarantine stations at Grosse Isle and the barely hospitable land of the Canadian Shield; from the flourishing town of Port Hope to the flooded streets of Montreal; from Ottawa at the time of Confederation to a large-windowed house at the edge of a Great Lake during the present day. Graceful and moving, Away unites the personal and the political as it explores the most private, often darkest corners of our emotions where the things that root us to ourselves endure. Powerful, intricate, lyrical, Away is an unforgettable novel.

Bombs Away! Martin W. Bowman,2010-01-01 This is a unique selection of wide-ranging experiences of British and Commonwealth Bomber Command aircrew during World War II. Their endearing bravery and fortitude and sometimes their despondency and cynicism, shows through in these stirring, daring, often irreverent, humorous and sometimes sardonic but memorable stories. All reflect the ethos, camaraderie, fear and bravery of the largely ordinary men, most of whom were plucked from 'civvy street' and thrust into a frightening, bitter conflict which was made even more dangerous by the lethal advance of technology. Death would normally come from an anonymous assassin, either in the black of night, or from behind a cloud or out of the sun, or simply from the Flak gunner on the ground. And, if all this was not enough, the often unmerciful weather was no respecter of mortality. There was no escaping the all-embracing shock wave that rippled through the bomber squadrons after a heavy mauling over enemy territory. Nothing could be more poignant than the vacuous places at tables in the depleted mess halls, the empty locker of the departed, or the dog pining by the barracks for its missing master. Each man had to deal with tragedy in his own inimitable way. Some hid their feelings better than others did only for the pain to resurface months or even years later. Some who had survived the physical pressures and who completed their tours then succumbed to the mental torture that had eaten away at their psyche during the incessant and interminable onslaught day after day, night after night. There was little respite. The valorous men of Bomber Command were, in turn, the Light Brigade, the stop gap, the riposte, the avengers, the undefeated. Always, they were expendable.

Carried Away Alice Munro,2006-09-26 WINNER OF THE NOBEL PRIZE® IN LITERATURE 2013 Carried Away is a dazzling selection of stories—seventeen favorites chosen by the author from across her distinguished career. With an Introduction by Margaret Atwood. Alice Munro has been repeatedly hailed as one of our greatest living writers, a reputation that has been growing for years. The stories brought together here span a quarter century, drawn from some of her earliest books, *The Beggar Maid* and *The Moons of Jupiter*, through her recent best-selling collection, *Runaway*. Here are such favorites as “Royal Beatings” in which a young girl, her father, and stepmother release the tension of their circumstances in a ritual of punishment and reconciliation; “Friend of My Youth” in which a woman comes to understand that her difficult mother is not so very different from herself; and “The Albanian Virgin, a romantic tale of capture and escape in Central Europe that may or may not be true but that nevertheless comforts the hearer, who is on a desperate adventure of her own. Munro's incomparable empathy for her characters, the depth of her understanding of human nature, and the grace and surprise of her narrative add up to a richly layered and capacious fiction. Like the World War I soldier in the title story, whose letters from the front to a small-town librarian he doesn't know change her life forever, Munro's unassuming characters insinuate themselves in our hearts and take permanent hold.

From Away David Carkeet,2010-03-04 “If Alfred Hitchcock could remake Fargo, it might feel something like Carkeet's comic-absurd latest” (Publishers Weekly). Denny Braintree, a wisecracking loner devoted to model trains, has found himself stranded in Vermont. His night at the hotel begins promisingly—until his prospective one-night stand walks out on him. As he prepares to leave town, someone mistakes Denny for Homer Dumpling—a local man who mysteriously disappeared three years earlier, and who apparently looks a whole lot like Denny. Instead of

correcting the mistake, Denny slips into his new identity as easily as a winter fleece. And it's a good thing too, because the woman he'd hoped to sleep with has turned up dead, and the chief suspect is the out-of-towner who was pursuing her at the hotel . . . As Denny tries to unravel the mystery, he struggles to hide his true identity from Homer's increasingly suspicious circle of family and friends, including Homer's prickly girlfriend. The adventures of this fast-talking bumbler as his survival instincts are put to the test make for a rollicking novel by an author who has produced "some of the funniest writing since Mark Twain" (Jonathan Kellerman, New York Times—bestselling author of Night Moves). "A deftly funny book." —Carl Hiaasen

Waste Away Joshua O. Reno, 2016-02-09 Though we are the most wasteful people in the history of the world, very few of us know what becomes of our waste. In *Waste Away*, Joshua O. Reno reveals how North Americans have been shaped by their preferred means of disposal: sanitary landfill. Based on the author's fieldwork as a common laborer at a large, transnational landfill on the outskirts of Detroit, the book argues that waste management helps our possessions and dwellings to last by removing the transient materials they shed and sending them elsewhere. Ethnography conducted with waste workers shows how they conceal and contain other people's wastes, all while negotiating the filth of their occupation, holding on to middle-class aspirations, and occasionally scavenging worthwhile stuff from the trash. *Waste Away* also traces the circumstances that led one community to host two landfills and made Michigan a leading importer of foreign waste. Focusing on local activists opposed to the transnational waste trade with Canada, the book's ethnography analyzes their attempts to politicize the removal of waste out of sight that many take for granted. Documenting these different ways of relating to the management of North American rubbish, *Waste Away* demonstrates how the landfills we create remake us in turn, often behind our backs and beneath our notice.

Will Taiwan Break Away Cheong Ching, 2000-12-01 The March 2000 presidential elections in Taiwan returned a pro-independence candidate. This marks a turning point in Taiwanese politics, as well as bilateral relations across the strait. The Taiwan issue is extremely difficult to resolve for it straddles three centuries. Separatism originated in the 19th century, intensified in the 20th century and is likely to explode in the 21st century. Being one of the few journalists who possess in-depth knowledge of both sides of the Taiwan Straits, the author is able to give a factual account and offer explanations for the developments that led eventually to the change of the political landscape of the island. This book is a collection of selected news reports, analyses and commentaries which were written by the author between 1998 and 2000 during his posting to Taiwan. The first part traces the development of cross-strait relations since the presidential elections. The second part gives a factual account of the election process at different points in time, as well as the author's interpretation of the result. The next part covers news and analyses of cross-strait relations, especially the unification-independence dispute and the deterioration of cross-strait relations after Taiwanese ex-president Lee Tenghui formulates his 'two-states' policy. The final part sets cross-strait relations in the broader perspective of the trilateral relationship between Beijing, Taipei and Washington, the latter a key player in this uneasy co-existence. This book would be a good reference for anyone interested in the history and current political developments in Taiwan.

Her heart is full, and although one of her aunts wonders if it might be a little more full with a bit of romance in her life, Brynn is certain that finding love again is not in her future. In fact, she can't imagine anyone being more certain of anything...except for maybe, the recently deceased Mortimer Sweete. He's certain he's been murdered, and he wants Brynn's help to bring his killer to justice. Mort is positive he knows who killed him: his business partner's wife, Cookie, who had been trying to get them to sell the candy shop for months. But Brynn doesn't share his conviction. After all, the coroner ruled his death natural causes, and Mort did have health problems in life. But with Cookie putting up a For Sale sign for the shop already, Brynn knows she can't just let it go. Trying to solve a might-be murder while attempting to stop her aunt from meddling in her personal life seems like a recipe for disaster. If Brynn wants to bring Mort's spirit peace, she'll have to rely on all her skills—both magical and mundane—to uncover the truth.
