John Axton Linda Grace, John Axton, 1989 A catalogue of the minimalist paintings of John Axton with 70 stunning color plates. John Axton came relatively late to his career as an artist. When cancer claimed a friend at an early age, Axton decided that he had to learn whether he could survive as an artist who creates according to his own criteria. He quit his commercial art job in 1976 and, inspired by the New Mexico landscape and the simplicity of the Taos Indian culture, began producing paintings that reflected a mystical quality responsible for much of his popularity. His works have been called spiritual, haunting, and visually elegant.

Sojourn to the Unknown Ava Axton,2023-05-17 A woman walked along, dying, bleeding, carrying a female child through the dense forest. She made her way to an estate entrance to place her child on the doorstep and give her a chance to live. The Lady of the house was in labor, and the midwife was sent for. Lord Thomas worried about the door where his wife was struggling. Their child was stillborn. As if on cue a steward brought a tiny baby to them, found on the doorstep with a note and locket. They named her according to the note and kept the secret, even from the child. This is her story...

The Less People Know About Us Axton Betz-Hamilton,2019-10-15 AN EDGAR AWARDS 2020 WINNER AND WALL STREET JOURNAL BESTSELLER In this powerful true crime memoir, an award-winning identity theft expert tells the shocking story of the duplicity and betrayal that inspired her career and nearly destroyed her family. Axton

Betz-Hamilton grew up in small-town Indiana in the early '90s. When she was 11 years old, her parents both had their identities stolen. Their credit ratings were ruined, and they were constantly fighting over money. This was before the age of the Internet, when identity theft became more commonplace, so authorities and banks were clueless and reluctant to help Axton's parents. Axton's family changed all of their personal information and moved to different addresses, but the identity thief followed them wherever they went. Convinced that the thief had to be someone they knew, Axton and her parents completely cut off the outside world, isolating themselves from friends and family. Axton learned not to let anyone into the house without explicit permission, and once went as far as chasing a plumber off their property with a knife. As a result, Axton spent her formative years crippled by anxiety, quarantined behind the closed curtains in her childhood home. She began starving herself at a young age in an effort to blend in--her appearance could be nothing short of perfect or she would be scolded by her mother, who had become paranoid and consumed by how others perceived the family. Years later, her parents' marriage still shaken from the theft, Axton discovered that she, too, had fallen prey to the identity thief, but by the time she realized, she was already thousands of dollars in debt and her credit was ruined. *The Less People Know About Us* is Axton's attempt to untangle an intricate web of lies, and to understand why and how a loved one could have inflicted such pain. Axton will present a candid, shocking, and redemptive story and reveal her courageous effort to grapple with someone close that broke the unwritten rules of love, protection, and family.

Tobacco and Kentucky W. F. Axton, 2021-10-21 For centuries before Europeans came

to the New World, tobacco had an important role in the religious and social life of the early peoples of Kentucky. W.F. Axton describes the various forms in which tobacco has been used, its quick adoption by the Old World, and its gradual development into the forms common today, especially the blended cigarette. Little has been written about the place occupied by Burley leaf in the economic life of the Commonwealth, where tobacco is still the most important crop. Tobacco in Kentucky is accompanied by charts and maps illustrating the many aspects of tobacco production.

COLOSSUS UNRAVELING Ava Axton, 2023-05-17 An engaging fictionalized account of the 16th century King of England, Henry VIII's romance with Anne Boleyn dubbed the King's great matter. It explores the events of the life and death of the infamous Anne Boleyn and the passion and tragedy brought by her marriage to King Henry VIII. When Anne failed to bear a male heir, the King set his sights outside their marriage. And the Boleyn family faced their repercussions - the death of Anne and her brother George and ghastly shame to their name. Anne's blood has barely dried and now the King sits on his throne, a new bride beside him. His passion as now as fierce as his hate, his heart blacker than the inkiest depths. Now done with the pretense of any interest in his female heirs, he begins a quest from Queen to Queen, his only interest lying in power, women, and an heir. But Karma possesses inhuman patience. And so, despite his obsessions granting him a son and power and more women, it gifts him a disease and a new title - the King of delirium.

Axton Landing Tony Holtzman, 2011-06-01 In the winter of 1858, disease and death stalk the lumberjacks in the logging camp at Axton Landing. Facing the harsh conditions, Cyrus Carter and Jared Mason forge a lasting friendship despite disagreeing on how the

plight of the jacks can be improved. An unusual love triangle, the kidnapping of a fugitive slave, and a desperate attempt to break a logjam add to the suspense of Axton Landing.

The Psychotheology of Sin and Salvation Paul V. Axton, 2015-10-22 Through the employment of the work of Slavoj Žižek and his engagement with the Apostle Paul, Axton argues that Paul in Romans 6-8 understands sin as a lie grounding the subject outside of Christ, and salvation is an exposure and displacement of this lie. The theological significance of Žižek (along with Sigmund Freud and Jacques Lacan) is his demonstration of the pervasive and systemic nature of this lie and its description as he finds it in Romans 7. The specific overlap of the two disciplines of psychology and theology is found in the psychoanalytic understanding that the human Subject or the psyche is structured in three registers: the symbolic, the imaginary and the real. These three registers function like a lie analogous to the Pauline categories of law, ego, and the 'body of death' which constitute Paul's dynamic of sin's deception. Axton argues that if sin is understood as a lie grounding the Subject, the exposure of the lie or the dispelling of any notion of mystery connected to sin is integral to salvation and the reconstructing of the Subject in Christ. While the lie of sin is mediated by the law, new life in the Spirit is not through the law but is a principle unto itself, which though it accounts for the law, is beyond the law.

Axton Sam Crescent, 2018-08-18 Ten years ago, the Four Kings killed my friend. I'm not going to kill them. I'm going to make every single one of them pay. Make them pray for death, and take everything they've ever loved. This is not revenge. This is justice. Plain and simple. It's been ten years and the girl he once knew is back, working for the Four Kings as their PA. He'll keep an eye on Taylor, and he certainly won't let anyone else touch

her. When Taylor had to pull her best friend's dead body out of the lake, it changed her life forever. Discovering a diary, she uncovered a secret relationship with one of the four kings. The four most powerful families in town. No one goes up against them without losing everything they hold dear. Something happened between her friend and one of them, and she's going to find out what. She'll bring them down and make sure they stay down.

Circle of Fire William F. Axton, 2021-10-21 This study explores the theater actually known and frequented by Dickens in order to show in terms of concrete structural analysis of his novels the nature of the predominantly dramatic or theatrical quality of his genius. Author William F. Axton finds that the three principal dramatic modes or voices that were characteristically Victorian were burlesquerie, grotesquerie, and the melodramatic, and that the novelist's vision of the world around him was drawn from ways of seeing transformed from those elements in the popular playhouse of his day—as revealed in the structure and theme of *Sketches by Boz*, *Pickwick Papers*, *Oliver Twist*, and other novels. The last half of the study analyzes representative passages from the novels to illustrate the way in which the principal modes of nineteenth-century theatrical style are transmuted

into the three important voices of the novelist's prose style. The first two voices—the burlesque and the grotesque—are identified by their exploitation of the stylistic features of farce, extravaganza, and harlequinade, of incongruous likeness and deliberate confusion between realms. The melodramatic voice, on the other hand, seeks to exploit in prose the musically rhythmic and poetic resources of the theater for the purpose of atmosphere, moral commentary, and structural unity.
