Where to Watch Birds in Northern and Eastern Spain Ernest Garcia,Michael Rebane,2017-04-06 The definitive guide to finding birds in Northern and Eastern Spain. This region embraces an impressive range of habitats from the Pyrenees to the sun-drenched Catalan coast. As a consequence the area is rich in birdlife and full of potential for visiting birders. Almost 200 sites are described in this fully updated third edition, with full coverage of terms of habitat, access and the species to be seen. The accounts are illustrated by detailed maps and beautiful line drawings of selected species. Where to Watch Birds in Northern and Eastern Spain includes comprehensive coverage of all thirteen autonomous regions, a descriptive list of all the resident, visiting and rare birds to be found, as well as advice on watching seabirds from key sites like Estaca de Bares. This edition provides better coverage than ever to one of the most popular birding destinations in Europe.

Australian Good Birding Guide: Victoria Ted Wnorowski,Alex Wnorowski,2018-08-30 This is the third book in the series of comprehensive guidebooks to birdwatching destinations in Australia. Similarly to the other books in the series, the Victorian guide delivers a detailed record of birdwatching locations within the State. The authors toured from the Southern Ocean-swept shores to all corners of the dry interior to assess and select the best, reasonably accessible birding spots. Description of each birding site includes, at a minimum, habitat description, site facilities and key avifauna. The authors have cross-checked and supplemented their findings with the verified sightings reported online. Book 1: Australian Good Birding Guide: NSW-ACT Book 2: Australian Good Birding Guide: Tasmania

Where the Swallowtail Kite Soars Nancy Dale,2004-08 Palmdale, a remote town in Glades County, population less than 1,000, is on the cusp of creeping urbanization. Today, more people than Palmdale's entire population are moving into Florida each day. The pioneer culture and Florida's last wilderness is threatened by growth that exploits blue gold water and the land. The sprawling ranches set amidst tall cabbage palm prairies are disappearing. The cost to stay is more than the price to sell with high inheritance taxes and the evaporation of a cattle based economy. The early pioneers forecasted Florida's future in their own lifetime as they struggled to hold onto a way of life in a place where few chose to carve a living. Their stories predict the high premium of development: light pollution, traffic, sewage, crime and the napalming of native trees replaced by ornamental shrubs, cement, and gated communities. They foresaw the destruction of natural eco-systems, water shortages and communities where wildlife extermination businesses spring up to destroy pesky intruders such as squirrels, woodpeckers, snakes and other Everglades species. The story of Palmdale, Florida, and its people reflects a proud cultural heritage living on the edge of civilization. Palmdale is a ghost town today with only a few ranches left and the Seminole Indian Tribe living off a small market economy against the odds of metropolitan growth, dollars and political power. This story reflects a tragic national trend threatening the survival of rural America.

The Search for a Vanishing Beijing M.A. Aldrich,2008-03-01 The Search for a Vanishing Beijing weaves the genres of travel essays and travel guides into a comprehensive narrative about the cultural mosaic of the capital of China.

Of Another Time K. Kumar Bhattacharyya,2021-04-28 Of Another Time is a novel about the childhood adventures of Emon Barua, Barua, Kansan Konwar, Jai Saikia, Rupa Choudhuri and Puja Barua as they grow up in their neighborhood in the banks of the mighty Brahmaputra. Set in the heart of India's North-East in the closing decades of the last century at a time when insurgency and terrorism was at its height not only in the North-East but other parts of India. In Of Another Time the contemporary Indian society has been shown through the eyes of children and all types of characters appear. The fortunes of some characters ends happily while the fortunes of some ends in tragedy. Both ordinary and extra-ordinary incidents fill the pages with the novel. Murders, bank robberies and other evils of contemporary Indian society like oppression of women and dowry are realistically narrated. Of Another Time (2005) is Mr Bhattacharyya's first novel. Mr Bhattacharyya has also published two other novels, Spring Also Comes (2010) and Fading Away.

Content Generation Through Narrative Communication and Simulation Ogata, Takashi,Asakawa, Shin,2018-03-09 From literature and film to advertisements, storytelling is an important aspect of daily life. To create an impactful story, it is important to analyze the creation and generation of a storyline. Content Generation Through Narrative Communication and Simulation is a critical research publication that explores story and the application of story in various forms of media as well as the challenges of automated story. Featuring coverage on a wide range of topics such as narrative or story generation systems, the film and movie narrative generation, and narrative evaluation, this book is geared toward researchers, students, and professionals seeking current and relevant research on the influence and creation of story in media.

Always Faithful Thomas Schueman,Zainullah Zaki,2022-08-09 Band of Brothers meets Argo in this dramatic and heartfelt dual memoir of the war in Afghanistan told by two men from opposite worlds. Always Faithful entwines the stories of Marine Major Tom Schueman, and his friend and Afghan interpreter, Zainullah “Zak” Zaki, as they describe their parallel lives, converging paths, and unbreakable bond in the face of overwhelming danger, culminating in Zak and his family’s harrowing escape from Kabul. In August of 2021, just days shy of the 20th anniversary of 9/11, America ended its longest war. The speed of the Afghanistan’s fall was so stunning that thousands of Afghan citizens who had helped American forces over the course of two decades—and had been promised visas in return—were suddenly stranded, in extreme, imminent danger. As the world watched the shocking scenes of desperation at the Kabul airport in the final two weeks of August, Maj. Tom Schueman fought—both behind the scenes and through a social media campaign—to get his friend and former Afghan interpreter, Zak, out of Afghanistan before he and his family were discovered by the Taliban. When Zak and his family finally took off from the airport mere days before the US left the country, the years-long effort to get Zak to America culminated in two simple words on Instagram: “Wheels up.” Now in Always Faithful, Tom and Zak tell the full story of the divergent paths that led them to Afghanistan, the dangerous road they walked together in service to America, and how their commitment to each other ended up saving them both. Brilliantly told in Tom’s and Zak’s alternating first person voices, Always Faithful tracks the parallel lives of these two men who each spent their childhoods in fear, peril, and poverty, and turned to war in attempt to build a meaningful future. On an inevitable course towards each other, their lives dovetail in Afghanistan’s deadly Helmand Valley, where they formed a brotherhood that transcends even the most overwhelming of odds, eventually culminating in Zak’s harrowing, eleventh-hour rescue. The end result is an intensely personal and uniquely ground-level account of Tom and Zak’s experience, Always Faithful gives readers a 360-degree view of the war. At once provocative and heart pounding, their stories together form a microcosm of the complicated and lasting effects of America’s longest war. Through their eyes and their experiences, they challenge readers to explore the legacy of the war for American and Afghan citizens alike, as we all collectively seek to understand whether twenty years of war was worth the price.

Inside the Barbary Coast David Jensen,2001-12-12 John Pitman, Jr. didnt want to become a doctor. His father had been one and had faileda die-hard who had clung to cupping and purging as a means of ridding the bodys impurities. But as a stevedore on the docks of San Francisco no one could mend broken bones like John Pitmans lanky son Jack. Finally the young lad decides: If he is to become a doctor, he will be the best. INSIDE THE BARBARY COAST is where Jack Pitman chooses to open his medical practice. It is an area of San Francisco filled with saloons, parlor houses and opium dens, bordering on Chinatown. Fresh out of medical school, Jack saves the life of a young Chinese prince who is an actor in Dr. Pierre Louthans medical show. Louthan did not go to medical school but easily passes off as a learned physician with his European manner, silver-tongued ability to converse on any subject relating to anatomy, and his courses of treatment that involve a growing array of patent medicines. Jack falls in love with Louthans assistant, Marie, not realizing she is married to the quack doctor. Although Jacks nurse, the wise Madam Wong, cautions the young doctor, he is smitten nonetheless and fathers a child Louthan believes is his. Jack fights to discredit the huckster, hoping Marie will see Louthan as a charlatan and leave him. She, however, has plans of her own and manages to snare Jack in her own secret web. As Jack becomes consumed in his new practice, he tries valiantly to save the life of Hawaiis King David Kalakaua who is dying at the Palace Hotel. His friend, Gentleman Jim Corbett, the famous boxer, plays a role, as does Adolph Sutro, San Franciscos flamboyant mayor who built the famous Sutro Baths near the Cliff House facing the sea. Jack embraces electro-therapeutics because he believes it is the frontier of the New Medicine. When a prominent socialite is accidentally electrocuted in his office, he dismisses electrotherapy altogether and labels X-rays as another quack fad. But he is wrong and discovers his miscalculation just as tong wars break out in Chinatown and as President McKinley sends 10,000 young troops past the Golden Gate on their way across the Pacific to the Philippines. The young doctor from the Barbary Coast hones his surgical skills while serving as a medic in the Spanish-American War. When he returns, Marie still loves him but cannot find justification to divorce her husband. The bubonic plague hits San Francisco, giving the unions ammunition in their fight to exclude more Chinese from immigrating to the United States. Meanwhile, the always-scheming Dr. Louthan concocts a new patent medicine that increases sexual vigor. It is based on the findings of a European endocrinologist. Louthan experiments on himself, resulting in a fight with Marie that leaves their relationship damaged. But Pierre will not grant his wife a divorce, spurring Jack to join other physicians in San Francisco and around the country to discredit Louthan and other quack doctors like him. The plan works, and Louthan finds the underpinning to his nostrum business slipping away. Jack and Marie have just attended Enrico Carusos performance of Don Jos and taken a room at the Palace Hotel when a devastating earthquake rocks San Francisco. It is April 18, 1906. Shaken out of bed, Jack puts Marie in a taxi to go home and heads to the Pacific Anatomical Museum where he finds Louthan has been trapped by a fallen beam. As a fire erupts and flames begin licking their way closer, Nate Nordstrand, an old friend of Jacks who now works for Louthan, swings a fire ax to amputate the quack doctors leg to free him from the beam and encroaching inferno. But Nate is not finished and swings again, this time squarely across Louthans neck. An eye for an eye, he shouts, Jack knowing the full meaning of his cry. Jack returns home and finds th
