**The Triumph of Babylon 5** Baz Greenland, 2024-02-02 Babylon 5 revolutionized genre television. First aired in 1993, the space opera series is highly respected for everything it was trying to achieve on television at a time when Star Trek was king. Its use of story arcs and long-form storytelling in science fiction can be felt in everything from Battlestar Galactica to Lost and The Expanse. Much of its legacy has been about its struggle to survive. From the rivalry with Star Trek: Deep Space Nine, to the collapse of the Prime Time Entertainment Network, the cancellation of spin-off series, and the failed big screen attempts--the behind-the-scenes details on Babylon 5 are as fascinating as anything we have on screen. This work explores the complex history of Babylon 5, the career of showrunner J. Michael Straczynski, and the behind-the-scenes drama to stay on the air, with many attempts to continue the franchise. Featuring interviews with cast members from the

podcast A Dream Given Form, a lengthy two-part interview with Peter Jurasik (Londo) and a chat with Patricia Tallman (Lyta) and others, this book gives insights into what it was like to be part of Babylon 5, chronicling the show's highs and lows and examining the legacy it left behind in genre television.

*Creating Babylon 5* David Bassom, 1997 The year is 2258, ten years after the Earth-Minbari War. In an effort to prevent further bloodshed the Earth Alliance created the Babylon project.

Positioned in a key sector of the galaxy, the Babylon 5 space station serves as a space-born port-of-call for diplomats, traders, hustlers, and travelers. Its aim: to exist as a natural place where humans and aliens can work out their differences peacefully. Yet in reality the station is a focus of tension, malice, and intrigue--with all the wondrous excesses of a galactic cultural melting-pot. In

*Creating BABYLON 5* author David Bassom takes an in-depth behind-the-scenes look at the creation of the seminal series. From plot development to the show's ground-breaking special effects methods, Bassom covers all aspects of Babylon 5's production.

Interviews with all the main cast and key production crew combine with page after page of stunning photography and essential details about the Babylon 5 universe. *Creating BABYLON 5* is the only

book to chart the birth and creation of the science fiction phenomenon of the decade.

*The Long Night of Centauri Prime* Peter David, 1999 The beginning of an exciting new adventure that continues the Babylon 5 legacy . . . Bombed to the brink of oblivion, the planet Centauri Prime is starting the slow and painful process of rebuilding, under the watchful eye of Emperor Londo Mollari. But Londo is in turn being watched--and manipulated--by the conquest-hungry Drakh. The malevolent beings are reshaping the Centauri Republic into a secret seat of power from which to strike out at their enemies--especially the Interstellar Alliance. All but helpless to resist, Londo watches as his beloved Homeworld is transformed into a ruthless police state. And the Drakh have willing allies, including one of Londo's own countrymen--Durla, a powerful official with his own sinister agenda. As the abuses of the repressive new Republic escalate, the double-edged Drakh master plan begins to unfold. Their goal is to smash the Interstellar Alliance by assassinating its president, John Sheridan, and to obliterate Earth, using a fabled, monstrous Shadow weapon known as a Planet Killer . . .
