Growing Up Getty James Reginato, 2022-07-05 An enthralling and comprehensive look into the contemporary state of one of the wealthiest—and most misunderstood—family dynasties in the world, perfect for fans of Succession and House of Gucci. The Gettys are one of the wealthiest—and most misunderstood—family dynasties. Oil magnate J. Paul Getty, once the richest man in the world, is the patriarch of an extraordinary cast of sons, grandchildren, and great-grandchildren. While some have been brought low by mental illness, drug addiction, and one of the most sensational kidnapping cases of the 20th century, many of Getty's heirs have achieved great success. In addition to Mark Getty, a cofounder of Getty Images, and Anne G. Earhart, an award-winning environmentalist, others have made significant marks in a variety of fields, from music and viniculture to politics and LGBTQ rights. Now, across four continents, a new generation of lively, unique, and even outrageous Gettys is emerging—and not coasting on the dynasty's still-immense wealth. August Getty designs extravagant gowns worn by Katy Perry, Cher, and other stars; his sibling, Nats—a fellow LGBTQ rights activist who announced his gender transition following his wedding to transgender icon Gigi Gorgeous—produces a line of exclusive streetwear. Their fascinating cousins include Balthazar, a multi-hyphenate actor-director-DJ-designer; and Isabel, a singer-songwriter and MBA candidate. A far-flung yet surprisingly close-knit group, the ascendant Gettys are bringing this iconic family onto the global stage in the 21st century. Through extensive research, including access to J. Paul Getty's diaries and love letters, and fresh interviews with family members and friends, *Growing Up Getty* offers an enthralling and revealing look into the benefits and burdens of being part of today's world of the ultra-wealthy.

A Supposedly Fun Thing I'll Never Do Again David Foster Wallace, 2009-11-23 These widely acclaimed essays from the author of *Infinite Jest* -- on television, tennis, cruise ships, and

more -- established David Foster Wallace as one of the preeminent essayists of his generation. In this exuberantly praised book -- a collection of seven pieces on subjects ranging from television to tennis, from the Illinois State Fair to the films of David Lynch, from postmodern literary theory to the supposed fun of traveling aboard a Caribbean luxury cruiseliner -- David Foster Wallace brings to nonfiction the same curiosity, hilarity, and exhilarating verbal facility that has delighted readers of his fiction, including the bestselling *Infinite Jest*.

The House of Getty Russell Miller, 2011-09-28 The true story of the Getty family as featured in the TV series *Trust* and the movie *All the Money in the World* Boardroom battles, sex, money, drugs, power, crime, tragedy, and family intrigue; at the centre stands the figure of John Paul Getty, the grandfather, an eccentric oil billionaire believed to have been the richest man in the world. Married and divorced five times, he had five sons, and yet was cheated of his dearest ambition-to found an oil dynasty. His angelic youngest son died at age twelve after years of illness. Of the remaining four sons, three proved to be hopeless businessmen and, one by one, dropped out of Getty Oil. Only one had the talent to take the helm of the family business, and he was groomed for

the part. And then he killed himself. With his cherished hopes of a family dynasty crushed, John Paul built a magnificent museum as a monument for all time to his success. But money tainted even his philanthropy; the Getty Museum has become feared for its wealth and ability to pillage the art market. In the manoeuvring that followed John Paul's death, Getty Oil was sold; Texaco acquired it for \$9.9 billion, the biggest corporate takeover in history. Award-winning journalist and writer Russell Miller brings us the extraordinary and often disturbing story of a unique American family. From the pioneering days in the Oklahoma oil fields to the bitter struggles over Getty Oil, we follow the rise and fall of three generations, all cursed with the Midas touch.

Kidnapped Charles Fox, 2018-01-09 Grandson of Getty Oil founder J. Paul Getty, Little Paul's life may have been cursed by money and privilege from the moment he was born. Falling in with the wrong people and abandoned by his famous family, Getty was a child of his international jet set era, moving from Marrakesh to Rome, nightclubs to well-appointed drug dens. His was one of the trio of high-profile kidnappings that defined the decade--along with Frank Sinatra, Jr's and Patty Hearst's--and permanently memorable for the ear that was mailed to his mother back in the States as evidence of the kidnappers' intentions. *Kidnapped* is richly reported--including many interviews with Getty himself ranging from the late 1970s to the early 1990s--that raise new angles about the case, such as: how much did Getty acquiesce to the kidnappers and why wouldn't his rich-as-Croesus grandfather pay the ransom, which began at the equivalent of \$550,000 in lire and bulged to 3.6 million as the months dragged on. Charles Fox has captured the voices of models and maids, carabinieri and club-owners, drug dealers and drivers alongside the Getty family members themselves to paint an evocative portrait of an era and one of its most misunderstood participants.

Toward a Global Middle Ages Bryan C. Keene,2019-09-03 This important and overdue book examines illuminated manuscripts and other book arts of the Global Middle Ages. Illuminated manuscripts and illustrated or decorated books—like today's museums—preserve a rich array of information about how premodern peoples conceived of and perceived the world, its many cultures, and everyone's place in it. Often a Eurocentric field of study, manuscripts are prisms through which we can glimpse the interconnected global history of humanity. *Toward a Global Middle Ages* is the first publication to examine decorated books produced across the globe during the period traditionally known as medieval. Through essays and case studies, the volume's

multidisciplinary contributors expand the historiography, chronology, and geography of manuscript studies to embrace a diversity of objects, individuals, narratives, and materials from Africa, Asia, Australasia, and the Americas—an approach that both engages with and contributes to the emerging field of scholarly inquiry known as the Global Middle Ages. Featuring more than 160 color illustrations, this wide-ranging and provocative collection is intended for all who are interested in engaging in a dialogue about how books and other textual objects contributed to world-making strategies from about 400 to 1600.

The Winner Effect Ian Robertson, 2012-01-01 What makes a winner? Why do some succeed both in life and in business, and others fail? And why do a few individuals end up supremely powerful, while many remain powerless? Are men more likely to be power junkies than women? The 'winner effect' is a term used in biology to describe how an animal that has won a few fights against weak opponents is much more likely to win later bouts against stronger contenders. As Ian Robertson reveals, it applies to humans, too. Success changes the chemistry of the brain, making you more focused, smarter, more confident and more aggressive. The effect is as strong as any drug. And the more you win, the more you will go on to win. But the downside is that winning can become physically addictive. By understanding what the mental and physical changes are that take place in the brain of a 'winner', how they happen, and why they affect some people more than others, Robertson answers the question of why some people attain and then handle success better than others. He explains what makes a winner - or a loser - and how we can use the answers to these questions to understand better the behaviour of our business colleagues, employees, family and friends.

Fatal Charms Dominick Dunne, 2012-11-07 Dominick Dunne has met them all—stars and slugs, criminals and victims, the innocent and the hideously guilty. From posh Park Avenue duplexes to the extravagant mansions of Beverly Hills, from

tasteful London town houses to the wild excesses of million-dollar European retreats, here are the movers and shakers--and the people who pretend to be. Among colorful profiles and revealing glimpses of Elizabeth Taylor, Claus von Bülow, Gloria Vanderbilt, and Aaron Spelling, discover who dumped an heiress the night before the wedding to run off with the best man . . . what happens when the ex-husband of a movie legend becomes president . . . why a beautiful singer fell in with the mob . . . and, in Dunne's most personal story, how a lying murderer and a limelight-loving judge denied justice to his family after his daughter's life was brutally destroyed. Filled with pathos and wit, insight and sass, this candid, controversial volume gives you an extraordinary peek into the rarefied world of the rich, the royal, and the ruined. For Dunne is the man who knows all their secrets--and now those secrets are out.

Movies of the '90s Riley Webster,2023-11-01 The 1990s was an amazing decade for movies, witnessing the release of dozens of incredible films, including The Matrix, The Shawshank Redemption, Pulp Fiction, Goodfellas, Fargo, Jurassic Park, and so many more.
