

Banjo Bird

Richard Keith Spottswood, Stephen Wade

Mountains of Music John Lilly, 1999 From fiddle tunes to folk ballads, from banjos to blues, traditional music thrives in the remote mountains and hollers of West Virginia. For a quarter century, Goldenseal magazine has given its readers intimate access to the lives and music of folk artists from across this pivotal state. Now the best of Goldenseal is gathered for the first time in this richly illustrated volume. Some of the country's finest folklorists take us through the backwoods and into the homes of such artists as fiddlers Clark Kessinger and U.S. Senator Robert Byrd, recording stars Lynn Davis and Molly O'Day, dulcimer master Russell Fluharty, National Heritage Fellowship recipient Melvin Wine, bluesman Nat Reese, and banjoist Sylvia O'Brien. The most complete survey to date of the vibrant strands of this music and its colorful practitioners, *Mountains of Music* delineates a unique culture where music and music making are part of an ancient and treasured heritage. The sly humor, strong faith, clear regional identity, and musical convictions of these performers draw the reader into families and communities bound by music from one generation to another. For devotees as well as newcomers to this infectious joyous and heartfelt music, *Mountains of Music* captures the strength of tradition and the spontaneous power of living artistry.

The Banjo Laurent Dubois, 2016-03-14 American slaves drew on memories of African musical traditions to construct instruments from carved-out gourds covered with animal skin. Providing a sense of rootedness, solidarity, and consolation, banjo picking became an essential part of black plantation life, and its unmistakable sound remains versatile and enduring today, Laurent Dubois shows.

Banjo Man June E. Titus, 2022-08-01 *Banjo Man* tells the story of Susan Willson Reese, a widow, retired schoolteacher, and accomplished

bluegrass and old-time banjo picker. A native of the fictional community of Willson's Cove in the North Carolina mountains, she has been trying to find one of the many handcrafted fretless banjos her grandpa, Luther Willson, built back in the early 1900s. Her quest has been a twenty-year search of futility. Grandpa had been a well-known luthier and musician in the mountains of North Carolina, building fiddles, lap dulcimers, and fretless banjos from the early part of the twentieth century until he died in the 1950s. Before World War I, he began taking them by train to St. Petersburg, Florida, and selling them, leaving his wife and several children for weeks and even months at a time. When Susan meets Dr. John Mac McBride, a romance follows, and she becomes Mrs. McBride. While on their honeymoon, she finally stumbles on one of Grandpa's banjos along with the banjo's owner, the accomplished banjo picker and singer Harry Harvey. This discovery opens a whole new can of worms: scandals, identity issues, secrets unveiled, and more. Susan learns that life, as she has known it, has been built on deception. Suspicions, denials, searches in dusty attics, and secret stashes bring the large Willson clan to a new understanding about their history. Not only is Susan's entire life challenged, but she comes face-to-face with her own need for the faith she has set aside over the last several decades. Are her questions about her identity ever resolved? Will these events destroy a close-knit mountain clan? Banjo Man introduces a full cast of mostly senior citizens, including nursing home residents, Susan's Aunt Carrie and others, who are intricately involved in Susan's drama.

Clawhammer Banjo from Scratch Dan Levenson, 2011-01-24 Southern Appalachian native Dan Levenson and Mel Bay Publications present Clawhammer Banjo from Scratch - A Guide for the Claw-less! This book teaches clawhammer banjo the way we play, not the way others say. It really begins as though you really have NO knowledge of how to play the five string banjo clawhammer style. Based on Dan's innovative Meet the Banjo program (where Dan brings 15 banjos and teaches players who may have never held a banjo), this book assumes no prior experience. Beginning at the beginning, Dan presents a brief history of the 5-string banjo then goes over the parts of the banjo, holding the banjo, right and left hand positions and his basic clawhammer strum. Even the strum is broken down into the steps of the finger and thumb. You are guided through the chords, the scale and then the individual notes of each of 12 jam session favorite tunes from scratch. Includes 2 reference CD's with all exercises, tunes (slow and up to speed), and a fiddle version of each tune.

Crowe on the Banjo Marty Godbey,2011-09-01 In this first biography of legendary banjoist J. D. Crowe, Marty Godbey charts the life and career of one of bluegrass's most important innovators. Born and raised in Lexington, Kentucky, Crowe picked up the banjo when he was thirteen years old, inspired by a Flatt & Scruggs performance at the Kentucky Barn Dance. Godbey relates the long, distinguished career that followed, as Crowe performed and recorded both solo and as part of such varied ensembles as Jimmy Martin's Sunny Mountain Boys, the all-acoustic Kentucky Mountain Boys, and the revolutionary New South, who created an adventurously eclectic brand of bluegrass by merging rock and country music influences with traditional forms. Over the decades, this highly influential group launched the careers of many other fresh talents such as Keith Whitley, Ricky Skaggs, Tony Rice, Jerry Douglas, and Doyle Lawson. With a selective discography and drawing from more than twenty interviews with Crowe and dozens more with the players who know him best, Crowe on the Banjo: The Music Life of J. D. Crowe is the definitive music biography of a true bluegrass original.

Passions for Birds Sean Nixon,2022-05-15 Whether as sources of joy and pleasure to be fed, counted, and watched, as objects of sport to be hunted and killed, or as food to be harvested, wild birds evoke strong feelings. Sean Nixon traces the transformation of these human passions for wild birds from the early twentieth century through the 1970s, detailing humans' close encounters with wild birds in Britain and the wider North Atlantic world. Drawing on a rich range of written sources, Passions for Birds reveals how emotional, subjective, and material attachments to wild birds were

forged through a period of pronounced social and cultural change. Nixon demonstrates how, for all their differences, new traditions in birdwatching and conservation, field sports, and bird harvesting mobilized remarkably similar feelings towards birds. Striking similarities also emerged in the material forms that each of these practices used to bring birds closer to people – hides and traps, nets and ropes, and binoculars. Wide ranging in scope, *Passions for Birds* sheds new light on the ways in which wild birds helped shape humans throughout the twentieth century, as well as how birds themselves became burdened with multiple cultural meanings and social anxieties over time.
