Uncle Jed's Barber Shop Margaree King Mitchell,2011-06-28 Coretta Scott King Award winner A young girl's beloved uncle is a talented barber without a shop who never gives up on his dream in this richly illustrated, stirring picture book. Everyone has a favorite relative. For Sarah Jean, it's her Uncle Jed. Living in the segregated South of the 1920s, where most people are sharecroppers, Uncle Jed is the only black barber in the county and has to travel all over the county to cut his customers' hair. He lives for the day when he could open his very own barbershop. But there are a lot of setbacks along the way. Will Uncle Jed ever be able to open a shiny new shop?

The William Marvy Company of St. Paul Curt Brown,2015-01-19 The William Marvy Company's barber poles, encased swirls of red and blue above a rounded stainless-steel base, hang on street corners around the country. The company began creating the vibrant signposts in St. Paul three generations ago. Modern versions of the bloody rags used by surgeon-barbers in the Middle Ages, barber poles are well-known icons, but the Marvy family story is largely unknown. From his humble beginnings as the son of a Latvian émigré carpenter through the growing pains of his namesake company, Marvy showed business acumen and innovation that culminated with his invention of a shatterproof barber pole, ensuring the company's continued success. From crew cuts and the Beatles up through today, barber poles have remained an easily recognized social constant.

Cutting Along the Color Line Quincy T. Mills,2013-10-09 Today, black-owned barber shops play a central role in African American public life. The intimacy of commercial grooming encourages both confidentiality and camaraderie, which make the barber shop an important gathering place for African American men to talk freely. But for many years preceding and even after the Civil War, black barbers endured a measure of social stigma for perpetuating inequality: though the profession offered economic mobility to black entrepreneurs, black barbers were obliged by custom to serve an exclusively white clientele. Quincy T. Mills traces the lineage from these nineteenth-century barbers to the bustling enterprises of today, demonstrating that the livelihood offered by the service economy was crucial to the development of a black commercial sphere and the barber shop as a democratic social space. Cutting Along the Color Line chronicles the cultural history of black barber shops as businesses and civic institutions. Through several generations of barbers, Mills examines the transition from slavery to freedom in the nineteenth century, the early twentieth-century expansion of black consumerism, and the challenges of professionalization, licensing laws, and competition from white barbers. He finds that the profession played a significant though complicated role in twentieth-century racial politics: while the services of shaving and grooming were instrumental in the creation of socially acceptable black masculinity, barbering permitted the financial independence to maintain public spaces that fostered civil rights politics. This sweeping, engaging history of an iconic cultural establishment shows that black entrepreneurship was intimately linked to the struggle for equality.

Four Parts, No Waiting Gage Averill,2003-02-20 Investigates the role that vernacular, barbershop-style close harmony has played in American musical history, in American life, and in the American imagination. It critiques the myths that have surrounded the barbershop revival, but also celebrates the participatory spirit of the harmony.

Barbershops Tally Abecassis,Claudine Sauv  ,2005 Barbershops is a tribute to a romantic time when waiting in line was an excuse for a chat and when looking tip-top was a personal mantra. Once a hub of local news and activity, sacred to men and closed to women, the barbershop is slowly disappearing. If their walls could talk, they would tell of boys' first visits with their fathers, of potions applied to men's beards and self-esteem, of great arguments held, of friendships made, broken, and made again. Barbershops captures the original, beautiful, kitsch, and sometimes surreal beauty of these fading places. Featuring brilliant portraits, unusual decor, and heartbreaking stories, it will transport you to one of the most authentic spaces in our urban environment. Book jacket.

Featuring a dozen animals (beaver, great white shark, narwhal, elephant, rattlesnake, naked mole rat, hippopotamus, crocodile, and more), this book explores how different teeth are especially adapted for an animal's survival. At the end of the book, children will discover why their own teeth are just right for them. And they'll also get a friendly reminder to take good care of their teeth, because they're the only teeth they'll ever have.
