**Heroine Complex** Sarah Kuhn,2017-07-04 Asian-American superheroines Evie Tanaka and Aveda Jupiter protect San Francisco from perilous threats in the first book in Sarah Kuhn's snarky and smart fantasy trilogy • The superheroine we've been waiting for. —Sean McGuire Being a superheroine is hard. Working for one is even harder. Evie Tanaka is the put-upon personal assistant to Aveda Jupiter, her childhood best friend and San Francisco's most beloved superheroine. She's great at her job—blending into the background, handling her boss's epic diva tantrums, and getting demon blood out of leather pants. Unfortunately, she's not nearly as together when it comes to running her own life, standing up for herself, or raising her tempestuous teenage sister, Bea. But everything changes when Evie's forced to pose as her glamorous boss for one night, and her darkest secret comes out: she has

powers, too. Now it's up to her to contend with murderous cupcakes, nosy gossip bloggers, and supernatural karaoke battles—all while juggling unexpected romance and Aveda's increasingly outrageous demands. And when a larger threat emerges, Evie must finally take charge and become a superheroine in her own right...or see her city fall to a full-on demonic invasion.

Everything Matters! Ron Currie, 2010-07-27 Startlingly talented . . . he survives the inevitable, apt comparisons to Kurt Vonnegut and writes in a tenderly mordant voice all his own. -Janet Maslin, The New York Times In this novel rich in character, Junior Thibodeau grows up in rural Maine in a time of Atari, baseball cards, pop Catholicism, and cocaine. He also knows something no one else knows—neither his exalted parents, nor his baseball-savant brother, nor the love of his life (she doesn't believe him anyway): The world will end when he is thirty-six. While Junior searches for meaning in a doomed world, his loved ones tell an all-American family saga of fathers and sons, blinding romance, lost love, and reconciliation—culminating in one final triumph that reconfigures the universe. A tour de force of storytelling, *Everything Matters!* is a genre-bending potpourri of alternative history, sci-fi, and the great American tale in the tradition of John Irving and Margaret Atwood.

Polar Polka Cherie Stihler, 2008-02-05 A polka-playing band of ten polar bears gathers on an iceberg that's big enough to serve as a stage. The music strikes up, when suddenly—SNAP—a chunk of the iceberg breaks off, and one of the bears floats away. Then—BOINK—must be warming up because another piece of the ice and another musician just crashed off the side. Can you imagine a polka band without the tuba? Counting backwards, the band is eventually reduced to none. But fear not, the bears push their pieces of the iceberg back together, and the show goes on!

**The Black Death and the Transformation of the West** David Herlihy, 1997-09-28 Looking beyond the view of the plague as

unmitigated catastrophe, Herlihy finds evidence for its role in the advent of new population controls, the establishment of universities, the spread of Christianity, the dissemination of vernacular cultures, and even the rise of nationalism. This book, which displays a distinguished scholar's masterly synthesis of diverse materials, reveals that the Black Death can be considered the cornerstone of the transformation of Europe.

**The Maker of Moons** Robert W. Chambers,2022-07-21 A man tells the mysterious, magical and disturbing story of a hunting trip he had with two friends. This narrative combines an operation against gold manufacturers and smugglers, the fantasy of a love story that makes us doubt what is real in the story, and the suspense of how these elements are linked.

Warfare in a Fragile World Stockholm International Peace Research Institute,Arthur H. Westing,1980 Among the crucial problems that confront mankind today are those associated with a degraded environment. This book examines the extent to which warfare and other military activities contribute to such degradation. The military capability to damage the environment and to cause ecological disruption has escalated, and there is no sign that the level of conflict in the world is decreasing. The military use and abuse of each of the several major global habitats -- temperate, tropical, desert, arctic, insular, and oceanic -- are evaluated separately in the light of the civil use and abuse of that habitat--Dust jacket.

**The Maybelline Story and the Spirited Family Dynasty Behind It** Sharrie Williams,Bettie Youngs,2012-10-04 In 1915, when a kitchen stove fire singed his sister Mabel's lashes and brows, Tom Lyle Williams watched in fascination as she performed a 'secret of the harem'-mixing petroleum jelly with coal dust and ash from a burnt cork and apply it to her lashes and brows. Mabel's simple beauty trick ignited Tom Lyle's imagination and he started what would become a billion-dollar business, one that remains a viable American icon after nearly a century. He named it Maybelline in her honor. Throughout the 20th century, the Maybelline Company inflated, collapsed, endured, and thrived in tandem with the nation's upheavals-as did the family that nurtured it. Setting up shop first in Chicago, Williams later, to avoid unwanted scrutiny of his private life, cloistered himself behind the gates of his Rudolph Valentino Villa and ran his empire from a distance. Now after nearly a century of silence, this true story celebrates the life of an American entrepreneur, a man whose vision rocketed him to success along with the woman held in his orbit, Evelyn Boecher-who became his lifelong fascination and muse. Captivated by her 'roaring charisma,' he affectionately called her the 'real Miss Maybelline' and based many of his advertising campaigns on the woman she represented: commandingly beautiful, hard-boiled and daring. Evelyn masterminded a life of vanity, but would fall prey to fortune hunters and a mysterious murder that even today remains unsolved. A fascinating and inspiring story of ambition, luck, secrecy-and surprisingly, above all, love and forgiveness, a tale both epic and intimate, alive with the clash, the hustle, the music, and dance of American enterprise.
