*Salo Baron* Rebecca Kobrin,2022-03-15 In 1930, Columbia University appointed Salo Baron to be the Nathan L.  
Miller Professor of Jewish History, Literature, and Institutions—marking a turning point in the history of Jewish  
studies in America. Baron not only became perhaps the most accomplished scholar of Jewish history in the twentieth  
century, the author of many books including the eighteen-volume A Social and Religious History of the Jews. He  
also created a program and a discipline, mentoring hundreds of scholars, establishing major institutions including  
the first academic center to study Israel in the United States, building Columbia’s Judaica collection,  
intervening as a public intellectual, and exerting an unparalleled influence on what it meant to study the Jewish  
past. This book brings together leading scholars to consider how Baron transformed the course of Jewish studies in  
the United States. From a variety of perspectives, they reflect on his contributions to the study of Jewish  
history, literature, and culture, as well as his scholarship, activism, and mentorship. Among many distinguished  
contributors, David Sorkin engages with Baron’s arguments on Jewish emancipation; Francesca Trivellato puts him in  
conversation with economic history; David Engel examines his use of anti-Semitism as an analytical category;  
Deborah Lipstadt explores his testimony at the trial of Adolf Eichmann; and Robert Chazan and Jane Gerber, both  
once Baron’s doctoral students, offer personal and intellectual reminiscences. Together, they testify to Baron’s  
singular legacy in shaping Jewish studies in America.
