National Myth and the First World War in Modern Popular Music Peter Grant,2016-12-09 This book looks at the role of popular music in constructing the myth of the First World War. Since the late 1950s over 1,500 popular songs from more than forty countries have been recorded that draw inspiration from the War. National Myth and the First World War in Modern Popular Music takes an inter-disciplinary approach that locates popular music within the framework of 'memory studies' and analyses how songwriters are influenced by their country's 'national myths'. How does popular music help form memory and remembrance of such an event? Why do some songwriters stick rigidly to culturally dominant forms of memory whereas others seek an oppositional or transnational perspective? The huge range of musical examples include the great chansonniers Jacques Brel and Georges Brassens; folk maestros including Al Stewart and Eric Bogle; the socially aware rock of The Kinks and Pink Floyd; metal legends Iron Maiden and Bolt Thrower and female iconoclasts Diamanda Galás and PJ Harvey.

**Football Fandom in Europe and Latin America** Bernardo Buarque de Hollanda,Thomas Busset,2023-01-25 This book combines pieces of work on Europe and Latin America, the two continents where football arouses the most ardent passions among its spectators. Curiously, an undertaking to compare on a large scale the forms extreme fandom takes in these two geographical areas is still lacking. A situational analysis of the scientific literature devoted to the subject over the last two or three decades represents a step in this direction, making a scattered store of knowledge accessible. It thus answers a need to clarify regional differences in identities and in the practices of supporters.

*España el asilo nazi* David Reymonde Albøger-Hansen,2013-10-03 El verano de 2013 ha sido testigo del avance inquietante de los herederos del Nazismo en Europa, especialmente en Grecia, donde finalmente las autoridades del Estado se han decidido a actuar antes de llegar a un escenario cercano a la guerra civil, y en España, donde tras una violenta puesta en escena contra el nacionalismo Catalan, precedido por una vergonzosa y diaria exhibición de simbología Fascista y Nazi por todo el país, con muchos de sus implicados ligados presuntamente al Partido gobernante, o a sus juventudes. Incidentes que a fecha de hoy no han supuesto tramites de expulsión, y se calificaron de chiquilladas. En este libro se aborda el proceso que les llevo al poder, desde un germen abonado con el racismo, y una religión pagana basada en los mitos nórdicos, el apoyo de los sectores industriales y militares Alemanes, pasando por su intención de extenderse a USA mediante un golpe de estado.
