

# Barrett M82a1

Philip Mackey,Philip MacKey

**The Barrett Rifle** Chris McNab,2016-03-24 The Barrett M82A1 and its derivatives are among the most successful sniping rifles ever manufactured. Now entering its fourth decade of service, the short-recoil, semi-automatic system is capable of firing a devastating .50-caliber round with lethal accuracy over distances of more than 2km. Unconfirmed reports from Afghanistan in 2012 accredit the Barrett with one of history's longest ever kills at 2,815m. This is the technical history of a rifle initially developed as a sporting firearm, but which evolved into a long-range sniping rifle and a formidable military anti-materiel tool, designed to neutralize everything from enemy vehicles to parked aircraft. Adopted by snipers across the world, the Barrett rifles have seen active service in Operation Desert Storm, Iraq, and Afghanistan and have become an important addition to police, armed services, and Special Forces units alike.

**Chasing Barrett'S Fifty** Anthony W. Parran,2011-04-06 An air force general, his FBI agent wife, and a federal marshal celebrate in the courtroom as forty years of work to bring down a drug-smuggling ring culminates with the sentencing of former Inspector General Mathius Peterson. Little does the group know that a plot is being created to restore General Peterson's name and, even more alarming, to seek revenge for the humiliating comeuppance served to General Peterson. A sniper team known for their accuracy is sent after General Richard Washington call sign Hannibal and his wife Cynthia Ng. The snipers make a crucial mistake and murder two innocent bystanders, leaving two children orphaned. The victims are pals of Hannibal's best friends, JT and Pamela Travis. As JT and Hannibal become the hunted, plans are drawn to lure them into a trap. Forced into drastic action to save their lives, the pair of them must learn how to use a weapon of terror. Unfortunately, sometimes plans fail. In this gripping thriller that takes unexpected twists and turns from Indiana to British Columbia to Massachusetts, a body is lost, and everyone must hang on to the simple belief of a child to ensure all hope for a peaceful future is not lost as well.

**Sniper** Peter Brookesmith,2001-04-22 Tracing the role of the sniper from the time of the English Civil War and the American Revolution to the Gulf War and Bosnia, this book also goes behind the scenes at the world's top sniper schools and includes real-life anecdotes and detailed information on sniper rifles and ammunition. 100+ color and b&w photos.

**The Elite** Leigh Neville,2019-11-28 Using rare and previously unpublished images from around the world, The Elite: The A-Z of Modern Special Operations Forces is the ultimate guide to the secretive world of modern special operations forces. It sends the reader back in time to operations such as Eagle Claw in Iran and the recapture of the Iranian Embassy in London and then forward to recent operations against al-Shabaab and Islamic State. Entries also detail units ranging from the New Zealand SAS Group to the Polish GROM, and key individuals from Iraq counter-terrorism strategist General Stanley McChrystal to Victoria Cross recipient SASR Corporal Mark Donaldson. Answering questions such as how much the latest four-tube night vision goggles worn by the SEALs in Zero Dark Thirty cost, which pistol is most widely employed by special operators around the world and why, and if SOF still use HALO jumps, this book is the definitive single-source guide to the world's elite special forces.

**The End of Days Survival Guide** Philip Mackey,Philip MacKey,2011-05 There you are with your grande latte and designer sunglasses pushed up in your hair, wondering what book to buy. Are you ready if the sh\*t hits the fan? Your supercomputer cell phone will either set you on fire or won't work at all, and your total lack of preparedness will make you one of the first victims. Just put this one back on the shelf because you don't really believe in this 'Apocalypse' garbage anyway. Your soft hands and sad excuse for a desk job have left you utterly worthless in a survival sense, and the fact that you just looked at your hands confirms it. There are plenty of safe picture books, with large, simple words that will not intimidate you. Just keep droning on mindlessly at your meaningless job and forget that our existence on this planet could end at a moment's notice.

**Shooter's Bible Guide to Tactical Firearms** Robert A. Sadowski,2015-07-21 Long range shooting in the United States is as old as this country is young. Shooters have always had a fascination with shooting at distance, whether they are plinkers, competitive shooters, or hunters. The ability to place rifle bullets in the same hole of a target or kill an animal quickly is a goal to which we all aspire. In recent years the interest in tactical precision rifles has increased, with many factory and custom rifle makers plying their art producing rifles that can easily outperform the ability of many shooters. Expert Robert A. Sadowski proves to be a masterful instructor on all aspects related to precision shooting in the Shooter's Bible Guide to Tactical Firearms. This Shooter's Bible guide will help new and experienced shooters in making smart equipment purchases that range from rifles and optics to ammunition and gear. The shooting school section provides instructions for those of us who have had no formal training. For experienced shooters, having current information on hand in one place can be an invaluable resource. And no Shooter's Bible guidebook is complete without a detailed products section showcasing rifles from all across the market. Other topics covered include: Top 10 long-range rifles Precision rifle maintenance Anatomy of a riflescope Shooting technique, positions, and drills And much more! Pick up a copy of the Shooter's Bible Guide to Tactical Firearms to learn everything you need to know about precision, long-range shooting. Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts. We publish books about shotguns, rifles, handguns, target shooting, gun collecting, self-defense, archery, ammunition, knives, gunsmithing, gun repair, and wilderness survival. We publish books on deer hunting, big game hunting, small game hunting, wing shooting, turkey hunting, deer stands, duck blinds, bowhunting, wing shooting, hunting dogs, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.

**Guns of the Elite Forces** John Walter,2005-02-01 Guns of the Elite Forces provides a penetrating account of the weapons that elite fighting troops carry into combat. Such elites have always existed in the armies of the world. During World War II, elite units sprang up in most theatres of conflict the German Brandenburgers carried out clandestine operations in Poland; in the Western Desert, the Long Range Desert Group and SAS penetrated deep behind enemy lines; for larger-scale raids the British Commandos and the US Rangers and Marine Raiders were formed.

**Pakistan Army Weapon Systems Handbook Volume 1 Strategic Information and Weapon Systems** IBP, Inc.,2018-03-20 2011 Updated Reprint. Updated Annually. Pakistan Army Weapon Systems Handbook

**Super Urban Immortal King** Di ChenDeAoTu,2020-05-28 After Zhou Xiaotian heard what Li Xu said, he hurried to the side of the wardrobe and opened it. He took out a set of playboy casual clothes and leisurely walked in front of Xiahou with a strange smile on his face as he said, Hehe ... Last night, we

**Sporting Guns** Chris McNab,2007-11-13 Sporting Guns is an illustrated guide to the world's best modern sporting rifles and shotguns, from all-time favorites such as the Weatherby Mark V to the latest Beretta competition shotguns. Ranging from bolt-action rifles to turkey guns, the book examines some of the most exciting available types of long gun for hunting and target sports. Sporting Guns is divided into four chapters that cover the main types of recreational gun: breech-loading (break-open) shotguns and rifles, semi-automatic and pump shotguns, bolt- and manual-action rifles, and semi-automatic rifles. Within each chapter the guns are arranged alphabetically for ease of reference. Each entry takes an individual gun and explores its key features, including its operating system, construction, hunting/target use, sighting options, price range and important variants. The book also offers essential advice on using sporting guns safely, whether on a shooting range or out in the wild. If you are interested in clay shooting, target practice, or outdoor hunting, Sporting Guns will help you find the right gun and keep informed of the best on

teh gun market. Packed with color photographs, detailed descriptions, and full specifications for each weapon, Sporting Guns is the ideal handbook for both novice shooters and expert riflemen alike.

**Continental Marine** ,1993

Weapons of Delta Force Fred Pushies,2010-04-05 America’s elite counterterrorist organization, Delta Force, is a handpicked group of the U.S. Army’s finest soldiers. The group specializes in hostage rescues and other difficult procedures to protect the lives of Americans throughout the world. Delta uses some of the most sophisticated weapons in the field today, and all are detailed in this book. Pistols, sniper rifles, special mission aircraft, fast attack vehicles, SCUBA and paratrooper gear, and more are presented in this fully illustrated account of our country’s heroes and their tools of the trade.

Arming for the Apocalypse James Ballou,2018-01-18 Global economic meltdown. Widespread natural disaster. Disease pandemic. It doesn't matter the cause. In the coming Dark Age, the delicate supply infrastructures of modern society will collapse, and you will no longer have access to groceries, gasoline . . . or guns. The time to assemble your arsenal is now, says author Jim Ballou, and here he guides you through the many crucial factors you must consider when selecting firearms for a post-apocalyptic future. Some of the topics he covers include: What are the five basic questions you must ask yourself when selecting any handgun, rifle, or shotgun for the apocalypse? How can you squeeze surprisingly useful, life-saving service from older or low-value firearms? What vital support gear must you have when you are forced to become your own gun shop? Which types of ammunition will not only serve your survival needs, but also be available in quantity when ordinary sources run dry? What roles can multi-caliber guns, backup guns, and alternative weapons to conventional firearms play in your survival plans? What practical modifications can you make to your guns to make them more suitable for post-apocalypse survival? Given how critical weapons will become in an age when you may have to hunt for meat or defend yourself against numerous post-apocalyptic threats, the more you must force yourself to consider all the pertinent factors now . . . while you still can. Because when the world starts to crumble, you won't have time to select firearms—that's when you lock and load!

**Military Rifles** Gerry Souter,Taylor Baldwin Kiland,2015-07-15 First invented by the Chinese thousands of years ago, the rifle has changed as warfare has evolved. First-hand interviews with soldiers in the field give readers insight as to how these rifles work, what military rifle training entails, and what it’s like to use these high-powered weapons every day.

Exit Wounds Ieva Jusionyte,2024-04-16 Turns the familiar story of trafficking across the US-Mexico border on its head, looking at firearms smuggled south from the United States to Mexico and their ricochet effects. American guns have entangled the lives of people on both sides of the US-Mexico border in a vicious circle of violence. After treating wounded migrants and refugees seeking safety in the United States, anthropologist Ieva Jusionyte boldly embarked on a journey in the opposite direction—following the guns from dealers in Arizona and Texas to crime scenes in Mexico. An expert work of narrative nonfiction, Exit Wounds provides a rare, intimate look into the world of firearms trafficking and urges us to understand the effects of lax US gun laws abroad. Jusionyte masterfully weaves together the gripping stories of people who live and work with guns north and south of the border: a Mexican businessman who smuggles guns for protection, a teenage girl turned trained assassin, two US federal agents trying to stop gun traffickers, and a journalist who risks his life to report on organized crime. Based on years of fieldwork, Exit Wounds expands current debates about guns in America, grappling with US complicity in violence on both sides of the border.

*Sniper, 2nd Edition* Peter Brookesmith,2007-04-03 Tracing the role of the sniper from the time of the English Civil War and the American Revolution to the Gulf War and Bosnia, this book also goes behind the scenes at the world's top sniper schools and includes real-life anecdotes and detailed information on sniper rifles and ammunition. 100+ color and b&w photos.

**US Future Combat & Weapon Systems Handbook Volume 1 US Army Future Combat Systems Development** IBP, Inc,2015-07-27 2011 Updated Reprint. Updated Annually. US Future Combat & Weapon Systems Handbook

**Special Ops- America's Elite Forces in 21st Century Combat** Fred J. Pushies,2003

**Jane's International Defense Review** ,2002

**Infantry Small Arms of the 21st Century** Leigh Neville,2019-10-30 The author of Guns of the Special Forces 2001-2015 presents a comprehensive overview of 21st century military guns used by small armies around the world. Soldiers in today's modern armies have access to ever more advanced infantry weapons; lighter, more compact and more accurate than anything seen in the last century. These include combat pistols, personal assault rifles, submachine guns, sniper rifles, shotguns, light machine guns and squad automatic weapons. Infantry Small Arms of the 21st Century features all these weapons and more, examining each in exhaustive detail. The author draws on the operational combat experience of the users in war zones such as Iraq, Afghanistan and Ukraine. As well as assessing and comparing the potency of different nations weapon systems, the book looks to the future demands of the infantry man.

Yeah, reviewing a book **Barrett M82a1** could ensue your close contacts listings. This is just one of the solutions for you to be successful. As understood, achievement does not recommend that you have astonishing points.

Comprehending as skillfully as bargain even more than supplementary will find the money for each success. next-door to, the pronouncement as without difficulty as acuteness of this Barrett M82a1 can be taken as well as picked to act.
