Irma Russanti, S.Pd., M.Ds.

Malaysian Batik Noor Azlina Yunus, 2012-07-03 Malaysian Batik: Reinventing a Tradition, traces the history of batik, the materials, methods and motifs of the block-stamped and hand drawn methods, and the ways in which Malaysian batik has been transformed into a craft with international appeal. Batik is more than wax and dye applied to a length of cloth. It is an art form practiced by people around Asia. With its bolder, abstract designs and its brighter palette, Malaysian batik is a distinctly different type of batik that has brought an exciting new dimension to this ancient method of fabric art. Historically seen as a craft, batik making in Malaysia today has segued into more of an art form, both in its creation and its uses. Historically, batik fabric was fashioned into sarongs to be worn by people across all walks of life. More often now batik fabrics are used for lifestyle products, as art pieces and, above all, for contemporary high fashion. The pieces that are created display an originality of composition and design, an effective use of color, a high level of technical expertise and a flair for working in the medium that are the hallmarks of great works of art. Many of the recent advances in

Malaysian batik are due to the initiatives of the Yayasan Budi Penyayang, which has revitalized the Malaysian batik industry by adapting it to suit fashion needs and utilized the Asian fashion industry to promote and display its beauty.

*Batik* Fiona Kerlogue, Fulvio Zanettini, 2004 A comprehensive and richly illustrated survey of batik, a glorious textile art and popular Indonesian cloth.

**Batik: From the Courts of Java and Sumatra** Rudolf G. Smend, Brigitte Khan Majlis, Harmen C. Veldhuisen, 2013-02-12 With beautiful full-color Batik cloths and extensive historical and cultural commentary, *Batik: From the Courts of Java and Sumatra* is a fundamental work in the field of Indonesian art and culture. Batik occupies a special position in Indonesia. The extraordinary photographs of cloths and prints in this book demonstrate why batik is the stuff of textile legend. These 71 batik designs, taken from the collection of famed dealer Rudolf G. Smend, date from 1880-1930, a time still considered batik's golden age. Emanating from the provincial and stately courts of Yogyakarta and Surakarta in Central Java are hip, chest, shoulder, and head cloths in controlled, orderly,

geometric patterns in natural soga brown, indigo blue, black, and cream. Brighter colors and freer designs on the sarongs made in Cirebon, Pekalongan, Lasem, and other towns along Java's commercial north coast eloquently attest to the blending of indigenous forms, motifs, and colors with outside influences. Southern Sumatra, with its Muslim heritage, contributed large shoulder cloths and headscarves often bearing Koranic invocations. Complementing these extraordinary cloths are 16 vintage photo prints from the Leo Haks collection, which demonstrate how batik was worn at court and in other settings.

Batik Art & Craft Ila Keller, 2012-09-11 This complete guide to Batik is an invaluable resource for those interested in Batik history, design, and weaving. The text is lucid and easy to follow, and the simple step-by-step format will enable the art enthusiast to investigate this rewarding and creative medium. Sample batiks by modern artists,

show what can be done with craft, skill, and imagination. The author takes the reader through all aspects of making a batik, from a simple dipping, or tie-dying, to sectional dyeing, and the more intricate five or six-color patterns. Basic materials, fabric mixtures, wax temperatures etc. are discussed fully, and more important, the practical problems often encountered by a beginner are thoughtfully explained. Here is a book of batik literally giving you the 'tricks of the trade'.

Batik, Traditional Textiles of Indonesia Rudolf Smend,Donald Harper,2011-11-15 Batik occupies a special place in Indonesian culture. Each fabric has a rich story to tell--as a reflection of the nation's religious beliefs, sophisticated court cultures and cosmopolitan history. The extraordinary textiles in this book are from the collections of Rudolf Smend and Donald Harper. Most date from the period 1880 to 1930 when the art of batik reached its apogee. Having collected historical batik for over thirty years and published two books on the subject, Rudolf Smend has invited his friend and fellow batik specialist Donald Harper to contribute his fine collection to this publication as well. None of the batik in this book have been published before. They represent an exquisite cross-section of the batik production of Java--the most important batik-producing region in the world. The cloths are complemented by vintage photographs from the first quarter of the 20th century demonstrating how the batik were worn at court

and at home. Three are from museums in Dresden and Cologne, while three are from the private collection of Leo Haks. The others have been collected over the past 30 years from private sources in Java. The captions are by Maria Wronska-Friend, an ethnologist and batik expert who frequently visits Indonesian batik centers and has worked for many years as an anthropologist in Papua New Guinea. Her contributions provide fundamental knowledge for lovers of this art form while at the same time providing new insights for experts. Rudolf Smend has invited other batik aficionados of his generation to share their passion for batik in this book. Inger McCabe Elliott, author of the bestselling *Batik: Fabled Cloth of Java* has contributed her lifelong experience. Other authorities like Annegret Haake, Brigitte Khan Majlis and Jonathan Hope share their views and expertise in these pages. This book represents a labor of love and a lifetime of friendship for the two authors, who hope it will provide inspiration to a whole new generation of batik lovers.

**My Batik Story – a silent labor of love** Ani Bambang Yudhoyono, 2013-01-12 I see a piece of hand-drawn batik as a silent testimony of a tradition that brings together the creative best of so many

devoted people. It is this acknowledgement that awakens my deepest respect. The amount of energy, deliberation, and love that has gone into the creation of batik is unfathomable. No batik piece is a work of a single person. Batik comes to life through a chain of expertise, a dedicated set of tools, and a regiment of processing methods which have been perfected for hundreds of years as a collective wisdom. I dedicate this book to all batik-makers in Indonesia. I say to them, the beauty of batik is your beauty, too.

Batik for Artists and Quilters Eloise Piper, 2000 Given in honor of Regan Grace Swartzlander by John Palmer.

*Watercolor Batik* Martha C. S. Heppard, 2015 Watercolor Batik: An Artist's Guide to Watercolor Batik on Rice Paper, by award winning artist Martha Heppard is the first book published worldwide devoted entirely to watercolor batik known to exist. She takes an artist through the history of batik and introduces them to the batik technique for watercolor on rice paper in a very clear and concise manner. She includes four demonstrations with step by step instructions. This book is written for the

beginning artist as well as the more advanced painter looking to enhance their skills and take their watercolor to a new level. Martha's paintings are extraordinary because of how she uses multiple layers of paint to build up rich strong colors. The realm of batik is expanded by this book, for the technique of watercolor batik is similar but yet different from that of textile batik (and there is a different aesthetic experience in looking at the two). This book has 50 photos in 84 pages, allowing the reader to visualize, as well as read about, the process of watercolor batik on rice paper--[barnesandnoble.com](http://barnesandnoble.com).

**The Art of Batik – Weaving and Dyeing in Java** Tassilo Adam, 2016-09-16 Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

**Colorful Batik Panel Quilts** Judith Vincentz Gula, 2019-01-22 Colorful Batik Panel Quilts shows how to make bold, graphic and joyous art quilt projects and home décor using batik panels created by Indonesian artisans. Readers can explore the many creative possibilities of working with fabric panels

with this inspirational book as their guide.

**Exploration Of Soil Batik** Irma Russanti, S.Pd., M.Ds., 2020-02-28 Batik is one of the wealth of the Indonesian people as an invaluable cultural heritage. Indonesian batik has been known to foreign countries and become a superior export product. Every region in Indonesia has batik products with their own peculiarities. Efforts to overcome the boredom of batik products are done through the development of motifs, techniques, and textile used. One of the developments of batik products is through exploration of the use of soil as natural dyes of batik. This exploration is a research activity carried out by researchers and teams for 3 years. The result obtained is the discovery of soil as a batik dye which is explored with a variety of techniques named by researchers with soil batik. Thank God, the authors say to Allah SWT who has given grace, strength and health until this work can be

realized. The authors thank the Surabaya State University as the academic community and Kemenristekdikti (Ministry of higher education research and technology) through Surabaya State University who have funded this research for 3 years and the researchers have succeeded in producing works in the form of: soil batik products, copyright in the form of motif designs as many as 10 copyrights, patents and 2 works that are in the process of being granted, as well as the publication of scientific papers at indexed national and international seminars. In addition, thank you to the PKK (Family Welfare Education) Department where the author's career is to educate the next nation generation, Jawa Pos and FT Unesa (Faculty of Engineering of Surabaya State University) Communication Media who have published the soil and HKI batik works. The author also thanks you to her beloved husband and daughter who always provide support and prayers to the author, to the solid team and comrades Dra, Yulistiana, M. PSDM, her beautiful students Irma Mardita, Ninik Kholifah, Ika Zulfia, and Ms. Lailatur Albariya who helped the exploration process of soil batik. Also thank you to Ms. Nartik as the owner of Patrang Maz Batik UKM (small and medium enterprises) in Tulangan

Sidoarjo who facilitated the production of products, as well as Eko and the residents of Tulangan Village who participated in this activity. Finally, I hope this work can be useful for the community as input and ideas in working to develop batik products. Sorry if there are still many lacks of this work, suggestions and critics are possible for the improvement of this work.

*The Batik Art of Mary Edna Fraser* Cecelia Dailey, 2019-06-18 A lavishly illustrated guide to the work and technique of the internationally renowned artist Mary Edna Fraser has taken the art of batik to otherworldly heights. An internationally renowned artist, Fraser has had works grace galleries, museums, and public buildings throughout the United States—creating wonder, awe, and an awareness of the environment around us as few artists have had the talent and vision to manage. Using fabric, wax, and dye, Fraser has transformed the techniques of batik from its ancient origins and forged new panoramas and vistas of our unique planet from the sky above us to the ground beneath our feet, and even down to the evocative landscapes that sprawl across the ocean floor. These images not only astonish us with their allure; they also remind of us of our place in the world and our responsibility to

respect and care for it. Part history and guide to the challenging techniques of this form, *The Batik Art* of Edna Fraser affords not only a full-color introduction to Fraser's stunning perceptions of the glaciers, icebergs, coastlines, atmospheres, mountains, and rivers that grace our globe, but gives us an intimate look at the artist at work and the philosophies that guide her singular imagination as well. Bold, beautiful, thoughtful, and always visceral, Fraser's art invites us outside to see with new eyes the horizons that surround us—and inside to see ourselves in our inextricable connection with the land, the seas, the skies, the earth, as we are woven together as one in the fabric of our existence on this, our home, the vibrant blue planet hurtling through space and time.
