Battle Pod Vaughn Heppner, 2014-03-16 The brutal war of extinction enters a horrifying new round as the cyborgs arrive from the Neptune System, in this, the third book of the series. The Highborn are remorselessly crushing the obsolete Homo sapiens. Gambling with humanity's existence, Supreme Commander James Hawthorne attempts to lure the dreaded Doom Stars into a trap. Social Unity's combined Battlefleet is the bait. The cyborgs are Hawthorne's secret weapon. Unfortunately, for Marten Kluge, a vast space battle threatens to take place around Mars. And that is exactly where he and Omi need to go to refuel their stolen shuttle. To reach the Jupiter System, they will need more than luck and Marten's stubbornness. BATTLE POD is the story of long-range beams, stealth-capsules and survival of the fittest in a techno-battle hell.

Ep-Iv Cameron P. Hanson, 2009-11 At this point in time most of the galaxy is under the vile control of the mighty Crown Empire. The only free areas of space exist solely in the outer rim territories and within a small star system protected by an Alliance shield. On the eve of the largest strike ever conceived by the Jovian Alliance an opportunity of discovery was presented to Admiral Livingston, Co-leader of the Jovian resistance. This discovery had the potential of presenting the Admiral with an opportunity too valuable to pass up. It was a chance to find an element of a forgotten race of powerful people believed to be vanquished from existence by the Empire. If a small group of Jovians led by Captains Cemersen and Reny can find these forgotten people in time, the blade of justice could finally be restored. This vanquished race known as the Super Lights might be the missing piece that could aid the new Alliance in bringing an end to this raging GALA WAR and the Imperial Crown. If the ruthless Crown can be defeated, the Jovian Alliance could be the galaxy's best hope of restoring the peace and bringing hope back to the terror stricken galaxy of Caybean. And The.....Saga Continues!

Cruisers Michael Hill, 2016-12-30 Elliot Vancouver joined his high school cruiser team as a sophomore, partially to satisfy his dad's desire he join a business leadership class, which it was, and his own desire to join any class that had video war gaming in its description. By the time he graduated three years later, he will have fallen in lust and in love, experienced heartbreak and joy, alienated some teammates and earned the respect and admiration of the rest, gone from brash to humble, all while tipping the first of the dominos that could start a fundamental change in the education system of two countries.

Archon Than Michael McCloskey, 2013-12-23 The planet Athapon, capital of a vast space empire, houses a populace dedicated to pastimes of leisure and imagination, both real and virtual. Supported by legions of robotic workers, android and gynoid companions, and powerful computers, the inhabitants do not know labor, sickness, or fear. High Archon Thanatos is the last of an elite minority tasked with security in a time when all people are united and resources are plentiful. Constantly training and engaging in exercises of tactics and strategy in a society where the concept of war is archaic, Than is considered a vestigial oddity of ancient times. Then the Emperor of Athapon sets upon a senseless campaign of conquest targeted at the distant and mysterious planet Vovok. This brings a retaliation more immediate and deadly than any anticipated, leaving Than as one of the few standing between Athapon and destruction.

The Galileo Conspiracy Steven J. Patterson, 2010 It is the twenty-second century. The Earth is an ecological mess where the UN has become the dominant political influence. To reduce the exploitation of resources and pollution on earth, mining colonies have been established on the Moon and Mars. The jewel in the UN space development program was 'Project JUPITER', centred on the UNSV GALILEO, a deep space, survey and mining vessel built to exploit the vast mineral resources of Jupiter and the asteroid belt. Jan Maldrick of the Central Intelligence and Security Service had been given a simple

close protection assignment. However, he found himself being dragged into the centre of conflicting conspiracies to save the human race and obtain global dictatorial power, with the GALILEO as the target for both. With no way out, he becomes embroiled in a complex plot involving espionage, sabotage, assassination and corruption. The GALILEO was the key. The vessel needed to be protected and fate had selected him to achieve this. Only the GALILEO and her crew could guarantee the future of mankind. Confined to the Earth, humanity remains vulnerable. Extreme climate change, volcanic activity, asteroid impact or global nuclear war; any one of these could threaten us with extinction. We have the technological capability; isn't it about time we expanded beyond our planet to ensure survival of the species? The story of the GALILEO Conspiracy seeks to create a fictional future situation that might lead to a small band of humanity taking that leap and leaving them in a state of affairs that sets the scene and raises questions for future stories. What might happen if a small band of talented and dedicated people made their home in space? How would they survive? What kind of society might they build? What would their challenges be? Are we alone?

Queen of Thorns and Roses Connie Suttle,2018-07-04 Kyri You thought you could walk right into Az-ca, take over where you left off centuries ago, and everybody would just fall in with your plans. Is that it? I didn't count on her—never saw her in all my divinations. He meant Sherra. An unseeable. He'd divined Thorn II, just not his Queen and partner. So. You wanted to take over after practically destroying their current King—who was a very good King, and before that, an excellent Commander of the army. That's a hell of a way to get Az-ca's population to adore you, isn't it? I can offer them peace, he began. Except you can't. Kaakos is still alive, remember, and he'll be coming for you—of that I have no doubt. You know it, too, and you can't take him on without Az-ca's army at your back. I thought we could work together—Thorn II and I. That he'd see the reason in it after a while. And, as he's currently powerless, what choice would he have? I sniped. * * * The present King of Az-ca has been rendered powerless through an unsuspected coup, and is overcome with despair. Kaakos has escaped death, but is forced to leave Ny-nes. Now, his sole focus is revenge. Az-ca's citizens have fallen victim to the enemy's lies, and civil war threatens to split the country. Sherra is forced to divide her attention between searching for the enemy, dealing with traitors and struggling with the King's misery and desolation. When the blood spell that rendered Kerok powerless takes a turn even its maker didn't expect, only her dreamwalker, with help from another, can hope to turn the tide...

Ranklechick and His Three-Legged Cat (Oogaly Colour Part Two) Illustrator Tavisha Wolfgarth-Simons Rikki Simons Writer Rikki Simons,Rikki Simons,Illustrator Tavisha, Writer RikkiWolfgarth-Simons Simons,2006-03 Ranklechick was a child Ghoul who lived in the depths of space. The story of the weird world of the European Zoo Ghouls continues with more absurdist baroque punk comic melancholia in the form of Ranklechick and His Three-Legged Cat: Oogaly Colour Part Two. In Oogaly Colour Part One we learned that Ranklechick's entire world was built just so he would one day exist -- built by a cyborg fanboy who only wanted to see his favourite comic book character brought to life. Life ticks on at a lunatic pace as poor Ranklechick avoids telling his three-legged cat why he's

missing a limb, is haunted by the ghost of the evil android, Nathan Burblepinch, is possessed by the Spirit of Failure, fights the unseen power that continues to make him believe he is becoming a comic book character, and struggles to one day speak to the spirit of his dead mother ...(Oogaly Color Prt 2.)
