**Battlemaster's Gambit** Nathan Pierce,2021-10-30 Resurrected to dominate or die again Andric was much like anyone else, further along in his life than he wanted to be. Much further along, and waiting to finally become the main character of his own story. Fate had a funny joke for him, though. He died. Unexpectedly he was given the strangest of plot developments. He resurrected in what seemed to be a GACHA game Being given another chance on another world. One where he could redefine himself, starting with an unknown class of all things. Andric can only roll with it since there really isn't any other choice. It's time to start again and this time he'll have to get risky, take chances, and let luck play a part. Regardless if it's good or bad. First up for that new life motto is his class and he's definitely taking a risk. Unknowingly, he's given up on a typical RGP character development in favor of an unconventional class where his powers hinge on the luck of the draw. Disclaimer: This book contains copious amounts of sex, violence, cursing, and stats. There are strange cultures in a fantasy land that have very murky morals and do not adhere to any kind of human ideal of decency. This book also contains unconventional relationships and questionable moral choices.

**Battlemaster** Nathaniel Danes,2017-04-20 It's a women's army, men are privileged to catch bullets in it. Private Michael Stanner is continuously reminded of that fact but he refuses to give up. He will fight for victory and the chance to become something more. That is, if he can avoid getting killed on New Calcutta. Members of the all-female BattleMaster Corps are the elite warriors of the modern battlefield. Their naturally superior multitasking abilities allows them to control teams of drones in combat more effectively than any man through neural links. The Corps is the cornerstone of the American colonists' decades long struggle for dominance in the Eden System. As three powers fight for control of a terraformed world left vacant by the mysterious disappearance of the Indian colony ship, questions linger about the true motivation for the war.

**Battlemaster** Plum Parrot,2024-05-21 In the fifth book of this action-packed fantasy series, a young Earthling continues his seemingly endless quest for glory . . . but to what end? It feels like a lifetime ago that the young, irreverent Victor Sandoval was pulled from Earth into an existence of battle and brutality in a mystifyingly magical world where the more one fights, kills, and survives, the greater their levels, class, skills, and attributes. And right now, things are pretty freaking great for Victor. After causing the usual amount of mayhem elsewhere, he and his warrior-maiden ally, Valla, have finally taken a portal back to Fanwath--loaded up with more powers and treasure than they know what to do with. But stumbling upon Fainhallow, a school for studying the art of magic, Victor uncovers a revelation that shakes him to his very core. And such personal chaos couldn't come at a worse time. Because the advances Victor has made are pushing him to the brink of losing all control, awakening hidden aspects of his spirit and threatening to transform him into something very dark and very, very deadly. But then again, on Fanwath the deadlier you are now, the more alive you're bound to be later . . . The fifth volume of the hit LitRPG adventure series--with more than 750,000 views on Royal Road--now available on Kindle, Kindle Unlimited, and Audible!

First Contact doesn't go as anyone expected. Now they own us. The Legend of ZERO: Forging Zero is the epic journey of 14-year-old Joe Dobbs in a post-apocalyptic universe following a massive galactic empire's invasion of Earth. The oldest of the children drafted from humanity's devastated planet, Joe is impressed into service by the alien Congressional Ground Force—and becomes the unwitting centerpiece in a millennia-long alien struggle for independence. Once his training begins, one of the elusive and prophetic Trith appears to give Joe a spine chilling prophecy that the universe has been anticipating for millions of years: Joe will be the one to finally shatter the vast alien government known as Congress. And the Trith cannot lie.... But first Joe has to make it through bootcamp.

**Genius Wizard of Another World** , Zhenyinfang,2020-03-10 Chen Nan, born in a small village, was taken by Jack the magician to Zhongzhou to study magic when he was young. Chen Nan learned a lot from Jack. Once Jack asked him to go to Shenshan to look for secret silver, which was used to refine magic wands. Chen Nan went there according to his orders, but was caught by the Dragon Emperor accidentally. The Dragon Emperor put a blood curse on him to help them complete their rejuvenation mission. Chen Nan knew that the people of the Dragon nationality were cruel and unruly, and did not want to help tyranny. So I went to the forest of Warcraft with baba'an, the leader of dwarves, to find the queen of elves to help him touch the blood curse. Then they went to dwarven city in the West desert. The Dragon Emperor's people want to capture the dwarf city as a stronghold and gradually occupy the rest of Tianxing continent. There was a fierce fight here. In the end, Chen Nan beat back the Dragon warriors and killed the Dragon Emperor's shadow with powerful light magic pop fall. He also became a powerful God of Dharma.

**Assessing Decision-making Skills in Virtual Environments** Michael T. Gately,2002 Members of small dismounted units will face growing responsibilities and increasing challenges in combined arms combat and contingency operations on the battlefield of the future. Many of these missions will take place in urban settings. Training for military operations on urbanized terrain is limited by time, cost, and safety factors. Virtual environment technologies have the potential to provide the Army with a training capability to meet these new demands. An automated training and after action review support tool (Virtual Soldier Skills Assessor - ViSSA) is described. The ViSSA system will allow trainers to effectively assess soldier and small unit leader tactical and decision-making skills in virtual urban environments. The system tracks mission-related factors linked to soldier decisions, movements, fire, radio, traffic, and contact with virtual entities and trigger lines under an intricate web of overlays designed to capture and store these specific pieces of data during a training scenario. The system provides automated output displays for an effective after-action review following the virtual exercise.--DTIC.

**The Call of Prophecy** Troy C. Reeves,2010-01-13 Something is amiss in the kingdom of Lorenth. During one of the expansion missions, the humans determine they are no longer alone in the world as they once thought. In fact, the men are viciously attacked by the elves of Illu`Dar. Sentient, magically adept dragons, dwarves, elemental races, treants, dryads, sprites, ice elves, and woodland elves compose the fae races that for generations have lived in a silent pact with the humans, never revealing their presence until the humans breached their borders. Meanwhile, a restless and vile taint seeks a vessel to dominate—a living corruption spawned from the conflict between the three imprisoned deities: Sarik, Ethoni, and Deimar. This taint finds such a vessel in Seneschal Dean—second in command of the human armies of Lorenth, led by the noble priest-king, Arimas. Age-old prophecies entwine around events leading to the beginning of the time of silence—the time when the Tear of Deimar made its call, searching for the promised Lightbringer who must eventually stand to face the Seed of Corruption and right the balance of Caliyon for good. An unlikely combination of warriors unites to defeat the mysterious threat.

*BattleTech Legends: The Blood of Kerensky Trilogy* Michael A. Stackpole,2021-08-19 THREE COMPLETE BATTLETECH NOVELS FEATURING THE DEADLIEST FOE TO EVER INVADE THE INNER SPHERE...THE CLANS! In the late 28th century, the Star League collapsed, and the Five Successor States were born. For the last three hundred years, these mortal enemies have fought over space, land, and politics, but now a new threat looms just outside the Inner Sphere. The descendants of an old Star League general—the Clans—have returned from their long-ago exile to take what they believe is rightly theirs. They have been bred into the best military force humanity has ever seen. The Clans have come to conquer, and the Successor States must put aside their differences—or face total destruction. LETHAL HERITAGE Two decades after the events that nearly brought the Successor States to the brink of all-out war, the Great Houses exist in an uneasy peace. But from out beyond the Periphery comes a new threat. A swift-moving military force of unknown origin, piloting BattleMechs unlike any seen before. Their power, speed, and ferocity are unparalleled. Nothing the Inner Sphere has can stop them. Some of the finest warriors and ablest units have challenged them and been crushed. No force has faced them and won. They are the Clans! A military juggernaut whose sole reason for existence is battle. A race that selectively breeds itself for combat. Humanity's only hope is an alliance of mortal enemies. The Federated Commonwealth and the Draconis Combine, interstellar empires at war for 300 years, must now stand side-by-side—or face certain annihilation. BLOOD LEGACY Since appearing in the Inner Sphere, the frenzied Clans have overwhelmed every planet they've invaded, brutally crushing any opposing force. Nothing the Great Houses have can stop them. Humanity's only hope—an alliance of mortal enemies—may be doomed. The Clan invaders have chosen their next objective—Luthien, capital of the Draconis Combine. House Kurita must now fight for survival on its homeworld. Hanse Davion is presented with a situation undreamed of...the final defeat of the Dragon itself. Should he attack his distracted foe and destroy the enemy his family has battled for over 300 years? Or should he reinforce a fellow House of the Inner Sphere against a force that Davion and the Federated Commonwealth might not otherwise defeat when their time comes? And even if the Houses should somehow agree to stand together against the Clan menace, another just as dangerous threat lurks within their midst. ComStar, the semi-mystic sect that controls interstellar communication, schemes to hurl House Davion, House Kurita, and the Clans into a devastating war that will leave ComStar in a position to dominate the Inner Sphere... LOST DESTINY Invaders from beyond the Periphery, the Clans have beaten the forces of the Inner Sphere repeatedly. Now the Clans are driving toward their ultimate objective—Terra, cradle of humankind, and hub of the ComStar communications network. Nothing the Inner Sphere has can stop them. Entire regiments of BattleMechs lie smashed in their wake. The heir to the throne of the Draconis Combine is missing. Rasalhague is overrun. The Clans are sweeping toward the center of the known universe in a relentless tide. Humanity's only hope is the Inner Sphere's most powerful traitor. ComStar betrayed the Inner Sphere by aiding the Clans in their conquests. Now the mystic sect that controls all interstellar communication must face the Clan hordes—alone. And a mysterious, elderly warrior—along with the untested warriors of ComStar—is the Inner Sphere's last defense against total defeat.

*BattleTech Legends: Blood Legacy* Michael A. Stackpole,2018-10-23 THE ENEMY OF MY ENEMY... Since appearing in the Inner Sphere, the frenzied Clans have overwhelmed every planet they've invaded, brutally crushing any opposing force. Their race is selectively bred for combat. Their technology is superior to anything the Inner Sphere possesses. Nothing the Great Houses have can stop them. Humanity's only hope—an alliance of mortal enemies—may be doomed. The Clan invaders have chosen their next objective—Luthien, capital of the Draconis Combine. House Kurita must now fight for survival on its homeworld. Hanse Davion is presented with a situation undreamt of...the final defeat of the Dragon itself. Should he attack his distracted foe and destroy the enemy his family has battled for over 300 years? Claiming worlds in the name of the Combine without House Kurita's support and threatening the entire Inner Sphere, the Fury pursue their leader's agenda with fanatical devotion... Katana Tormark bears the burden of disgrace. A traitor's actions against her father discredited her family. Now, to regain the respect the Tormark clan deserves, she openly challenges the Coordinator's policy of non-aggression with The Republic, hoping to push House Kurita into a conflict—a conflict the Coordinator apparently doesn't want. Warlord Mitsura Sakamoto believes Katana is making House Kurita look weak, and is determined to turn the situation to his advantage. For he has his own designs on ruling the Combine, and he's not going to let the daughter of a dishonored samurai stand in his way...

*The Nonborn King* Julian May,1983-02-18 In Pliocene Europe, warring races of aliens and humans face a new threat from North America in the third novel of the Locus Award-winning sci-fi series. A group of misfits from the twenty-second century have travelled six million years back in time to the Pliocene Epoch. But instead of an uninhabited paradise, they discover a land overrun with two alien races—each possessing great psychic powers—locked in bitter war. After escaping the knightly Tanu, a group of humans forms an uneasy alliance with the dwarfish Firvulag. But even after they succeed in destroying the Tanu capital, the war is far from over. Aiken Drum, a human with awesome mental powers, has usurped the Tanu throne. Aiken faces opposition from skeptical Tanu factions, as well as the revitalized Firvulag, who now out-number the Tanu-human coalition that Aiken has patched together. But another menace emerges to threaten Aiken's rule: a group of fearsome rogues from the year 2083, who have been living quietly in North America for decades. Led by Marc Remillard, they now seek to take advantage of the chaos in King Aiken's Many-Colored Land in order to seize control of the time-portal. The Nonborn King features the same blend of adventure, rich pageantry, humor, and fantastic eroticism that characterized The Many-Colored Land and The Golden Torc.
