

Battlestar Galactica

Richard Hatch

Battlestar Galactica Trilogy Peter David,Craig Shaw Gardner,Steven Harper,2009-01-06 Battlestar Galactica earned its status as a classic American drama series after its very first, Peabody Award-winning season. For the first time, all three original Battlestar Galactica novels--The Cylons' Secret, Sagittarius Is Bleeding, and Unity--are collected in one volume.

Battlestar Galactica Jeffrey A. Carver,2006-06-27 A new novel based on the SCI FI Channel's hit original series!

Battlestar Galactica Classic Glen A. Larson,Robert Thurston,2002 At the end of a bloody thousand-year war against an invincible enemy, an uneasy peace has finally been achieved between humans and the dreaded cyborg warriors of the Cylon Empire. But peace soon turns to bloodshed when the Cylons launch an unexpected attack against humanity's twelve Colonial worlds, wiping out most of the inhabitants. Written by series creator Glen A. Larson and author Robert Thurston, this volume collects for the first time the novelizations of two classic Battlestar Galactica television episodes: the pilot Saga of a Star World and The Gun on Ice Planet Zero.

An Analytical Guide to Television's Battlestar Galactica John Kenneth Muir,2015-09-15 When the space drama Battlestar Galactica debuted on ABC in 1978, it was expected to be the most popular new program of the year. Instead, it was attacked as a Star Wars rip-off and canceled after a mere 17 stories. The author acknowledges the show was full of dramatic clichés and scientific inaccuracies, but despite these shortcomings, Battlestar Galactica was a dramatically resonant series full of unique and individual characters, such as Commander Adama (Lorne Greene) and ace warrior Captain Apollo (Richard Hatch). The author contends that Battlestar Galactica was a memorable attempt to make science fiction accessible to mainstream television audiences. The brilliant work of artist John Dykstra brought a new world of special effects to network television. Battlestar Galactica also skillfully exploited legends and names from both the Bible and ancient mythology, which added a layer of depth and maturity to the weekly drama.

Battlestar Galactica: Season Zero Vol. 1 Brandon Jerwa,2015-06-10 Writer Brandon (NBSG: Zarek) Jerwa is joined series artist Jackson Herbert for this all new series which tells the untold tale of the crew of the Battlestar Galactica! Set approximately two years before the SCI FI mini-series which relaunched Battlestar Galactica to such acclaim, the 7-issues collected here (including #0) follows Commander Adama and crew as they take on their first mission on board the Galactica. Everything in that time frame is explored, including the menace and return of the Cylons as events hurtle towards the Apocalypse! Also includes a complete cover gallery!

So Say We All Richard Hatch,2006-09-10 The science-fiction television series Battlestar Galactica is known for raising thought-provoking questions concerning martial law, artificial intelligence, power and corruption, and ultimately what it means to be human. What ethical complexities come into play when one mistake could mean the annihilation of the human race? How do you maintain faith in the Gods when you're involved in an Armageddon of your own creation? What is the distinction between a terrorist and a freedom fighter? These questions are given an intelligent and insightful examination in this engaging collection of essays.

The Cylons' Secret Craig Shaw Gardner,2007-04-01 Sometimes no news is bad news. It's been twenty years since the end of the Cylon war. The twelve human colony worlds are rebuilding, and the Cylons . . . the Cylons have been just too quiet. They are nowhere to be found. The robotic race that tried to

obliterate their creators has gone to parts unknown in deep space. The aftermath of the war has created a new, illegal profession: scavenger. Tom Zarek is one, scouring the outer settlements for valuable Cylon technologies and artifacts and usually returning empty-handed. But now, he and the crew of the Cruiser Lightning have found the Omega Station, a scientific station shrouded in secrecy beyond the edge of charted space. This is it, the big score, except something is wrong...the base is still occupied, not by humans alone; by Cylons too! The Battlestar Galactica, one of the oldest warships in the fleet, receives the Lightning's distress call, a cryptic one-word message: Cylons. William Adama, newly promoted to second-in-command, is worried. Most of his crew are green, new recruits, not prepared for anything but the most routine missions. And, as Adama soon discovers, this mission is anything but routine. Omega is indeed full of Cylons, but also something much more disturbing . . . At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Science of Battlestar Galactica Patrick Di Justo, Kevin Grazier, 2010-10-19 The official guide to the science behind the Battlestar Galactica universe Battlestar Galactica (BSG) has been called the best show on television, and as real as science fiction gets. It has dealt with issues of religious freedom, patriotism, terrorism, genetic engineering, and the ultimate science fiction question: what does it mean to be human? While the re-imagined BSG may not be packed with cool techie tools (the bad guys don't even have laser guns for frak's sake!), this book shows that the science in the series has a lot to say about the use of science and technology in our lives today. What are the principles behind artificial gravity and sublight propulsion? Are Cylons men or machines? How are humanoid Cylons able to interface with computers? By tackling these and other intriguing questions, *The Science of Battlestar Galactica* takes us billions of miles away from Earth so that we can turn around and see ourselves from a different perspective. Tackles fans' most pressing BSG questions, from how an FTL drive might work to how the 12 colonies of Kobol could co-exist to the principles behind Gaius Baltar's Cylon-detector Features behind-the-scenes anecdotes, quotes from the BSG Series Bible, and over 60 photos Includes a foreword by BSG co-executive producer, Jane Espenson, and an afterword by actor, Richard Hatch, who played Tom Zarek in the reimagined series and Captain Apollo in the classic series Co-written by BSG's scientific advisor and a Wired contributing editor Packed with must-know details and scientific background, this thought-provoking book will help you see Battlestar Galactica as never before.

Classic Battlestar Galactica Vol. 1: Memorial Dan Abnett, Andy Lanning, 2013-11-20 Collects *Classic Battlestar Galactica Vol. 2 #1-5!* The original Battlestar Galactica returns in an all-new, star-spanning adventure, celebrating the 35th anniversary of its original sci-fi TV airing! Overwhelmed by a surprise Cylon assault, the crew of the Battlestar Galactica turns to forbidden temporal weapons as their desperate last resort. However, the experimental technology backfires, throwing two Viper pilots, Apollo and Starbuck, into an alternate reality where their beloved capital ship never existed. In a universe without the Galactica... the Cylons rule supreme! Can Apollo and Starbuck survive the brutality of the Cylon overlords and return home?

Battlestar Galactica and Philosophy Jason T. Eberl, 2011-08-31 What's the point of living after your world has been destroyed? This is one of many questions raised by the Sci-Fi Channel's critically acclaimed series *Battlestar Galactica*. More than just an action-packed "space opera," each episode offers a dramatic character study of the human survivors and their Cylon pursuers as they confront existential, moral, metaphysical, theological, and political crises. This volume addresses some of the key questions to which the Colonials won't find easy answers, even when they reach Earth: Are Cylons persons? Is Baltar's scientific worldview superior to Six's religious faith? Can Starbuck be free if she has a special destiny? Is it ethical to cut one's losses and leave people behind? Is

collaboration with the enemy ever the right move? Is humanity a “flawed creation”? Should we share the Cylon goal of “transhumanism”? Is it really a big deal that Starbuck’s a woman?

Cylons in America Tiffany Potter,C. W. Marshall,2008-01-01 With its fourth season due to air in January 2008, the award-winning *Battlestar Galactica* continues to be exceptionally popular for non-network television, combining the familiar features of science fiction with direct commentary on life in mainstream America. *Cylons in America* is the first collection of critical studies of *Battlestar Galactica* (its 2003 miniseries, and the ongoing 2004 television series), examining its place within popular culture and its engagement with contemporary American society. *Battlestar Galactica* depicts the remnants of the human race fleeing across space from a robotic enemy called the Cylons. The fleet is protected by a single warship, the *Battlestar*, and is searching for a lost colony that settled on the legendary planet Earth. Originally a television series in the 1970s, the current series maintains the mythic sense established with the earlier quest narrative, but adds elements of hard science and aggressive engagement with post-9/11 American politics. *Cylons In America* casts a critical eye on the revived series and is sure to appeal to fans of the show, as well as to scholars and researchers of contemporary television.

Battlestar Galactica Roz Kaveney,Jennifer Stoy,2010-07-02 The *West Wing* or *Generation Kill* in Space? A show about God-fearing sex-obsessed robots? Or a complex meditation on fate, dreaming and eternal recurrence? Of all recent television science fiction series, the reimaged *Battlestar Galactica* is the most highly praised and consistently inventive and intelligent. Where the original show was a straightforward space opera, the new one is rich, strange and above all unpredictable. This book covers the new *Battlestar Galactica* from beginning to end, covering all of the show's principal themes from the depiction of sexuality in an era of artificial people and downloaded memories to what it means to be a member of a military organization when the stakes are not victory or defeat but survival. Like all the best shows about the future or the past - we are never sure when all this is supposed to be happening - *Battlestar Galactica* is a series about the present; chapters here cover its depiction of the post-9.11 world and such issues as abortion and worker's rights. This definitive book on the full new *Battlestar Galactica* also includes an interview with Jane Espenson, co-executive producer of the show's last seasons and writer/director of the *Battlestar Galactica* prequel film *The Plan*, with a complete episode guide.

Battlestar Galactica Vs. Battlestar Galactica Peter David,2018-11-07 At last! The epic story you've been dying to see is here, a galaxy and timeline-spanning saga bringing the two very different (and yet so very much alike) crews of the *Battlestar Galactica* series together. But don't expect this historic meeting of heroes to be friendly: they have no idea why they have been brought together, or what the result of this unprecedented meeting is. And it starts here as the legendary Commander Cain and the crew of the *Pegasus* are revealed to be alive and have encountered an individual they never thought they would meet: the last Cylon. All this has happened before, but there will NEVER be anything like it again!

Battlestar Galactica (Classic) #5 John Jackson Miller,2019-06-19 Galactic justice — and retribution — are served! It’s a battle royale in the Empyrean Expanse as the *Galactica* and humanity's new allies confront the Cylons and their confederates. New York Times bestselling author and comics writer JOHN JACKSON MILLER (*Star Wars*, *Star Trek*, *Halo*) and Daniel HDR (*Red Sonja*, *Superman*) bring their miniseries timed for *Battlestar Galactica*'s 40th anniversary year to its colossal conclusion!

Battlestar Galactica Richard Hatch,Christopher Golden,1997 Apollo receives telepathic images that convince him that his friend, Starbuck, missing since a

Cylon raid, is still alive.

Battlestar Galactica (Classic) #0 John Jackson Miller,2018-10-03 Commander Adama and the remnants of humanity discover a second fugitive fleet, fleeing a different mortal enemy. Can the two armadas join forces, making common cause against the dreaded Cylons? And what would success mean for the quest for Earth? New York Times bestselling author and comics writer JOHN JACKSON MILLER (Star Wars, Star Trek, Halo) joins Dynamite for a miniseries timed for Battlestar Galactica's 40th anniversary year!

Battlestar Galactica (Classic) #2 John Jackson Miller,2018-12-12 The Galactica's struggle is lonely no more, its fleet now joined now by humanity's new allies, the Okaati. But even as Captain Apollo wonders whether it was right to seek safety in numbers, the Comitat and the Cylons have been meeting — and plotting! New York Times bestselling author and comics writer JOHN JACKSON MILLER (Star Wars, Star Trek, Halo) and Daniel HDR (Red Sonja, Superman) continue their miniseries timed for Battlestar Galactica's 40th anniversary year!

Battlestar Galactica Alan Rodgers,Richard Hatch,2004-09-28 As Apollo and Athena are stripped of their commands and thrown into the brig, the Cylons and the even deadlier alien Chitain show up. Co-authored by Richard Hatch, the actor who played Apollo in the original Battlestar Galactica television series.

The Ships of Battlestar Galactica Jo Bourne,Neil Kelly,Richard Mead,Alice Peebles,2020-08-04 Featuring the ships from Universal Pictures' original 1978 US TV series and the reimagined series from 2003! The first and only complete encyclopedia of all the ships from both series. The perfect holiday gift for the Battlestar Galactica fan in your life! THIRTY EIGHT SHIPS FROM THE COLONIAL AND CYLON FLEETS With ships of both the Colonial Fleet and the Cylons from the original 1978 US TV series, the reimagined series from 2003, and the ten-part web series Blood & Chrome, this book provides in-universe profiles and plans of the key spacecraft of the shows with detail that has rarely - if ever - been seen before. The Science Fiction series Battlestar Galactica first screened on US TV in 1978 and ran for 34 episodes. The groundbreaking show, with its dramatic premise, all-star cast and sensational space adventure, acquired a huge popular following and quickly became a best-loved show among fans of science science fiction and beyond. The show returned to TV screens in 2003 in a critically acclaimed and award-winning reimagined series, with Time Magazine naming it one of the '100 Best TV Shows of All Time.' Each ship is illustrated in CG artwork, including original visual effects models made for the TV show, alongside detailed technical specifications, service history, and annotated views of the ships features.

Battlestar Galactica: Gods & Monsters Karl Kesel,2017-07-26 The reimagined Battlestar Galactica, beloved by sci-fi fans for its gripping drama and tense action, returns with an all-new tale! Gaius Baltar, the Galactica's resident genius and self-serving narcissist, believes he was chosen by God - and now moves closer to being one himself when he constructs a living Cylon Centurion. Is it his greatest achievement or biggest mistake? Will it hunt down hidden Cylons within the fleet, or join them? Commander Adama, Starbuck, Apollo, and others throughout the fleet debate the merits of having this new potential threat among them, with one frightful thought simmering beneath the surface: will the Cylon's bloody history repeat itself?

Immerse yourself in heartwarming tales of love and emotion with Crafted by is touching creation, Experience Loveis Journey in **Battlestar Galactica** . This

emotionally charged ebook, available for download in a PDF format (Download in PDF: *), is a celebration of love in all its forms. Download now and let the warmth of these stories envelop your heart.
