USS Missouri (BB-63) David Doyle,2018-08-28 The story of the USS Missouri, one of America's most famous warships of the twentieth century, and the world's last battleship, is told from her inception in 1940, through WWII kamikaze attacks, to her being the location of the Japanese surrender in Tokyo Bay, on September 2, 1945. Missouri's post-WWII activities are covered, from her transporting of the Truman family from South America, to her unfortunate grounding in the Chesapeake Bay, on to her return to combat, not only off Korea in 1950, but also the Persian Gulf in 1990-91. The story of this historic ship is presented through carefully researched photos, many of which have never before been published, and are reproduced in remarkable clarity. The story culminates in Missouri's current status as a museum in Pearl Harbor, Hawaii. Large, clear photos, coupled with descriptive and informative captions, puts the reader on the deck of this legendary American warship. Part of the Legends of Warfare series.

Bb-63 Wyatt Clark,2012-12-13 It's December 6, 1941, and John is going about his life as usual. But when the Japanese attack Pearl Harbor the next day John is convinced by FDR's speech that he must join the navy. When he is enlisting Frank, his best friend, joins him and they receive orders to board ship number BB-63. Unknown to them BB-63 is one of four of the largest United States battleships. The two boys are assigned their post on one of the big sixteen inch guns and take part in, 'Operation Ten-Go.' Then the boys and their ship enter a mythical battle between the USS Missouri and the IJN Yamato.

Battleship Missouri Paul Stillwell,1996 Fifty years after the end of World War II comes the first complete history of the USS Missouri, site of the Japanese surrender on September 2, 1945. This book traces the story of the Missouri - the last of the U.S. Navy's fifty-seven battleships and the most technically advanced - from her keel-laying in 1941 through the ship's successful participation in the Persian Gulf War in 1991. Author Paul Stillwell was on the Missouri's final voyage to Hawaii, shortly before her decommissioning in 1992, and interviewed Desert Storm veterans still on board. Subsequently, he talked to dozens of other men who served on the Missouri's crew during her long and illustrious history. Combining those interviews - more than 100 altogether - with records in the Naval Historical Center, National Archives, Harry S. Truman Library, and other repositories, Stillwell has produced an engrossing portrait of the ship and her crew. Readers have a sense of being right on board as history was being made in World War II. They are also treated to an up-close view of the 1946 trip to the Mediterranean that planted the seed for the Sixth Fleet, President Truman's involvement with the ship, the Korean War, midshipman cruises, the warship's modernization in the 1980s after a long period in mothballs, an around-the-world cruise, and finally, her presence in the Persian Gulf. Among the many fascinating stories to be found here is the tale of a midshipman who gained a personal audience with Winston Churchill during a 1949 cruise to England, a crew member's description of winning a million-dollar state lottery, an account of President Truman's lifting the ban on drinking so he could enjoy his bourbon while visiting the Missouri, an explanation of why the ship just missed participating in the invasion of Inchon, Korea, and a Japanese participant's reaction to General Douglas MacArthur's speech at the surrender ceremony. Some 370 photographs enhance that narrative to give the reader a complete picture of the Mighty Mo.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved
