The Bedford Book of Genres: A Guide and Reader Amy Braziller,Elizabeth Kleinfeld,2017-12-05 From memes to resumes, fairy tales to researched arguments, in a striking full-color visual design, The Bedford Book of Genres invites students to unpack how genres work in order to experiment with their own compositions. After capturing the imagination of instructors and students in its successful first edition, the second edition incorporates extensive reviewer feedback to better teach students the rhetorical analysis skills they need to read and compose in any situation. To start the text, the Guide now includes a new Part One that lays out the book's key concepts--rhetorical situation, the elements of a genre, and multimodal composing--and a substantially revised Part Two with examples arranged by academic, workplace, and public contexts. Throughout the text, Guided Readings provide opportunities to analyze the rhetorical situations and conventions of common public and academic genres, while Guided Process sections follow the decisions that five real students made as they worked in multiple genres and media. With a range of readings from short visual arguments to longer, more complex pieces, the Reader gives students a wealth of sources, models, and inspiration for their own compositions. Now available with Launchpad for The Bedford Book of Genres, the second edition offers a compelling digital option with a complete, interactive, assignable e-book.

The Bedford Book of Genres Amy Braziller,Elizabeth Kleinfeld,2020-09-11 Bedford Book of Genres is a multimodal text that uses guided readings and processes and a new Part Two on the writing process to teach students to read and write in any genre.

Bedford Shirley Lindefeld Bianco,John Stockbridge,2003 Situated on American Revolutionary crossroads, the town of Bedford has always enjoyed a unique history. Blending serene beauty and rolling hills with a proximity to New York City, the town became home to men and women who treasured its distinctive qualities. The land was first shared by Americian Indians and settlers and then by patriots and loyalists. Pre- and post-Revolutionary days were dominated by agricultural pursuits, coupled with a role as the northern Westchester County seat. With the coming of the railroad in the late 1840s, new hamlets emerged, farmers moved farther north for cheaper land, and New York City families began purchasing large parcels for their summer residences. Environmentally sensitive zoning policies, guided by its people's love of country life, allowed the town to maintain a balance between home and business areas, keeping it a green oasis. The character of Bedford's town and its people was well described by founding father and prominent resident John Jay in 1812: Perhaps no place can exhibit a larger proportion of orderly, industrious and well disposed citizens.

Bedford Maxine Kruse,2006 The county seat of Lawrence County, Bedford is in the heart of Indianas limestone belt and is known as the Limestone Capital of the World. Famous buildings across the nation, including the Pentagon, the Empire State Building, and the National Cathedral, feature limestone quarried and carved in Bedford. After faltering between the Depression and World War II, the limestone industry is still going strong. Today, during the early spring when the dogwood and redbud trees are in bloom, the area is particularly scenic, and tourists flock to the rolling hills of Bedford and nearby Spring Mill State Park. Through archival photographs and historic ephemera, Bedford captures the birth of a classic Midwestern quarry town and its growth into a thriving modern community. Bedford and Its Neighbors Daniel J. Burns,2006 Bedford can trace its roots as far back as 5800 BC, as evidence of early Native American civilizations has been found. Once described as a "prehistoric turnpike," Bedford was known for Native American migrations. Many tribes passed through and even settled in the area, including the Monongahela tribe who lived here in AD 1300. Bedford continued to play an important role in not only Pennsylvania but also American history during the 18th century. The area saw the movement of troops and the construction of Fort Bedford, which played an integral role in the French and Indian War. Also in town is the building that served as a temporary command post for George Washington during the Whiskey Rebellion. During the 19th and 20th centuries, the Bedford Springs Hotel was known as the summer White House and played host to countless world dignitaries and many U.S. presidents. With more than 200 photographs, Bedford and Its Neighbors extols the historical relevance of this proud Pennsylvania community.

History of Bedford, New-Hampshire Bedford (N.H. : Town),1851

Bedford and Bedford Township Janet Caldwell,2012 Bedford Township, labeled a most excellent township by surveyors of the Western Reserve lands, had an abundance of hardwood forests, water for mill sites, and superb farmland. Transportation played a major role in its success when Bedford developed as a stagecoach stop along the trade route between Cleveland and Pittsburgh. When the railroad arrived, the township and the village at the center thrived. Industry giants include McMyler Interstate, the builder of the largest crane in the world, Taylor Chair Company, a chair maker since 1813, and Ben Venue Laboratories, a pioneer in the production of penicillin and pharmaceutical freeze drying. Notable residents include Archibald Willard, the painter of the Spirit of '76, Dr. Theodatus Garlick, a pioneer in plastic surgery and developer of artificial fish propagation, and Elmer Flick, a Baseball Hall of Fame inductee. A bit of luck and hard work from good people have made this area a most excellent township and a good place to call home.

New Bedford Anthony Sammarco,Paul Buchanan,2003-07-17 In 1765, when Joseph Rotch sailed across the bay from Nantucket, he brought with him the skills and knowledge to start New Bedford's whaling industry. By 1830 the town was a larger whaling port than Nantucket, with an immense fleet employing more than 10,000 people.

Flip Martyn Bedford,2011-04-05 What does it mean to have a soul whose will to live knows no limits? This gripping psychological thriller establishes Martyn Bedford as a hot new literary talent for young adults. Friday, December 14th. Fourteen-year-old Alex rushes home that night to beat his curfew. The next morning, he wakes up in an unfamiliar house, in a different part of the country, and it's the middle of June. Six months seem to have disappeared overnight. The family at the breakfast table? Total strangers. And when Alex looks in the mirror, another boy — called Philip, or Flip — stares back. The race against the clock is on, and unless Alex finds out what's happened and how to get back to his own life, he'll be forever trapped in someone else's body and life.

The Bedford Boys Alex Kershaw,2008-03-18 June 6, 1944: Nineteen boys from Bedford, Virginia -- population just 3,000 in 1944 -- died in the first bloody minutes of D-Day. They were part of Company A of the 116th Regiment of the 29th Division, and the first wave of American soldiers to hit the beaches in Normandy. Later in the campaign, three more boys from this small Virginia town died of gunshot wounds. Twenty-two sons of Bedford lost--it is a story one cannot easily forget and one that the families of Bedford will never forget. The Bedford Boys is the true and intimate story of these men and the friends and families they left behind. Based on extensive interviews with survivors and relatives, as well as diaries and letters, Kershaw's book focuses on several remarkable individuals and families to tell one of the most poignant stories of World War II--the story of one small American town that went to war and died on Omaha Beach.

Bedford Township Trudy Wieske Urbani,2005 Located in southeast Michigan, Bedford Township is Toledo, Ohio's largest suburb. It has been widely recognized as the garden spot of Monroe County and is a great place to raise children. Emerging out of Erie Township in 1836, Bedford Township grew from a group of 60 pioneering families, many of whom still have descendants in the area. Bedford encompasses the three unincorporated villages of Lambertville, Samaria, and Temperance. All have developed a strong sense of local pride, manifested in various annual events including homecomings, trade fairs, and school and family reunions. Bedfordians who have achieved wide recognition include ballplayer LeRoy “Bud” Parmelee, “Brighten the Corner” hymnist Ina Duley Ogdon, bus safety-mirror inventor Reid Stout, artist Howard J. Schuler, World War II hero Ensign Harry Lee Corl, and Sens. Norm Shinkle and Bev Hammerstrom. We invite you to browse these pages, noting family names—if your friends or relatives are mentioned, enjoy renewed acquaintances. Next time you are back home check out our Local History Room in the grand new Bedford Branch of the Monroe County Library, where you may find your ancestors on the shelves.

Made by Dad Scott Bedford,2013-05-07 The Snail Soup Can Decoy to keep the candy stash safe. The Customizable “Keep Out” Sign to deter meddlesome siblings and parents. A Bunk Bed Communicator made from cardboard tubes (“Psst! Can you keep the snoring down?”). Clever, whimsical, and kind of genius, here are 67 unique projects that will turn any dad with DIY leanings into a mad scientist hero that his kid(s) will adore. No screens, no hi-tech gadgetry. Made by Dad combines the rough-edged, handmade ethos of a Boy Scout manual or The Dangerous Book for Boys with a sly sense of humor that kids love. Scott Bedford, a creative director by day and Webby Award-winning blogger by nights and weekends, wields an X-ACTO knife, magic marker, and prodigious imagination to create endlessly delightful projects for his two sons. He knows that kids like contraptions and gadgets, things that are surprising—a chair that appears to be balanced on eggshells. Things that are complex—a multilevel city, with buildings, tunnels, and roads, built from old boxes around the legs of a table. And especially things with humor—the Snappy Toast Rack, made to resemble a crocodile’s gaping mouth. The projects are shown in full-color photographs, and the instructions are illustrated in detailed line drawings that exude personality. Some are quick and simple enough to be done in a coffee shop; others are more of an afternoon project— yielding hours and hours of rich, imaginative playtime.

Bedford Forrest Andrew Nelson Lytle,1993-11-19 This biography of the Confederacy's greatest cavalry leaders is considered by many to be the best. Southern Classics Series.

Bedford-Stuyvesant Wilhelmena Rhodes Kelly,2007 The heart of Bedford-Stuyvesant is still found in the near-forgotten settlement of Brooklyn's Bedford Corners, a Dutch township colonized in 1667, where ancient Native American trails determined its now major thoroughfares, and where Colonial patriots fought the British in the country's struggle for independence. Bedford-Stuyvesant remained a quiet farming hamlet until the 1880s when rapid subway transportation, construction of the Brooklyn Bridge, and the burgeoning population of Manhattan combined to forge one of America's first and finest suburban communities. Bedford-Stuyvesant details the evolution of this neighborhood, home to the nation's second largest African American community, and it documents how this urban center is now finally enjoying new regard for its wealth of architecture and its notable place in American history.
