Bedford Buses and Coaches Nigel R B

Furness,2016-08-31 Bedford Buses and Coaches provides a detailed review of the entire range of purpose-built Public Service Vehicle (PSV) bus and coach chassis that carried the Bedford name from 1931 until production ceased in 1986. Bedfords were once a familiar sight on the roads not only of the United Kingdom, but throughout the world. They were produced in such volume that the advertising slogan 'You see them everywhere' was quite legitimately adopted by Vauxhall Motors, the manufacturer of Bedford vehicles. Fully illustrated throughout with hundreds of photographs, the majority in colour, the book includes detailed descriptions of the Bedford petrol and diesel engines and other manufacturers engines used in Bedford bus and coach chassis. Detailed specifications and production histories are given for all the full-size passenger chassis including the WHB/WLB, WTB, OB/OWB, SB, VAS, VAL, VAM, Y-series and the Venturer. Road tests and owners' experiences are covered along with advice on buying and restoring a Bedford bus or coach. This book will be of great interest to all bus enthusiasts and historians and is superbly illustrated with 200 colour and 50 black & white photographs.

Truckers North Truckers South Leslie

Purdon,2007-09-28 In the late 1940s, Shay leaves school as

soon as he can to become a trailer-boy on a Gardner truck that is noisy, cold and limited in speed. The driver, Fred, is one of the old school, a transport man through and through, who knows the best cafes and pubs and all the tricks of the trade. Shay soon comes to love this life on the road despite long hours and frequent absences from his home in Kent. In those days, lorries were less able to cope with bad weather. Truckers North includes a vivid account of the terrible winter of 1947 when twenty miles an hour was an achievement and the powerful vehicles were dangerous to handle. Shay encountered some lively characters: the drivers who worked, played and joked hard; the kindly landladies who provide a home from home; Rosy who awoke the man in the boy. Shay progressed in his career, moving on to become a driver himself and finally the proud owner of his own HGV.

Bedford Camper Vans and Motorhomes Martin Watts,2010-08-15 Bedford is a name from British automotive history that became synonymous with quality commercial vehicles. Between 1930 and the late 1980s few companies, large or small, did have at least a couple of Bedfords within their fleet. These were dependable vehicles used by fleet operators all over the UK and beyond. When the new leisure activity of motorcaravanning became popular in the mid-1950's, it was hardly surprising that converters turned their attention to the Bedford CA light commercial van, which had been unveiled in 1951. The CA and CF ranges were the perfect size for compact camper vans that could nevertheless provide a good level of comfort and luxury. Add in the smaller HA and the later Midi and Rascal models, and Bedford offered a host of attractive options. Here Martin Watts, founder of the Classic Camper Club, tells the complete story of all the Bedford camper and motorhome vehicles.

Foden Export Vehicles Wobbe Reitsma,2017-06-02
After 1945 many countries needed new vehicles in order to replace those that had been destroyed or worn out in the war and so British factories were offered incentives to produce and export lorries. Foden were one such company

to take advantage of the opportunities available and in the 1950s, had agents in almost every West European country. In the 1970s when the European market had declined, the Middle East, Australia and South Africa markets rose to prominence and from the 1980s onwards, New Zealand became the primary destination for the marque. By the time production finally ceased in 2006, they had sold vehicles all over the world. The vehicles produced for export differed greatly from the designs used in Britain. In many countries the gross weights of vehicles exceeded the British values significantly, so the majority of Foden export vehicles had much stronger chassis, gearboxes, axles, suspensions and more powerful engines than their British counterparts. Many also had tropical double roofs to keep the heat out and sleeper cabs, long before they became common in the UK. This comprehensive book detailing the lorries that Foden exported around the world, follows on from the publication of the author's first book about the Fodens produced and used within the UK (Foden Special Vehicles). It includes 364 fascinating photographs, many of which have never been previously published and will be of interest to all Foden fans and transport enthusiasts in general.
