Architecture for Benetton Marco

Mulazzani, Massimo Vignelli, 2005 Because United Colors of Benetton's core business is clothing, the contemporary culture of design plays an important role in the group's activity, including its corporate architecture. Benetton's international brand style—combining color, energy, and practicality—can be seen first in its buildings. In 1964, long before it was fashionable for designers to employ brand-name architects, Luciano Benetton chose two very young and ambitious architects, Afra and Tobia Scarpa, to design his first textile factory. This project marked the beginning of a vision of architecture aimed at enhancing the workplace: an architecture where image and substance come together. This unique book, brilliantly designed by Massimo Vignelli, brings together all of the Benetton buildings, including plans, 500 color

illustrations, superb photographs by Antonia Mulas, an interview with Luciano Benetton, and a chapter dedicated to Tadao Ando's Fabbrica building. This book is designed and published in collaboration with Fabbrica, Benetton's corporate communications research center designed by Japanese architect Tadao Ando. Tadao Ando states the true spirit of the Benetton style when describing his work on the Fabbrica project: "The role of the new architecture is to bring out the charm and strength of the ancient villa and to give birth to a reciprocal, cathartic relationship between old and new in an in an atmosphere of complete harmony, transcending the limits of a specific period.

Benetton B198 : Delia Owens "Where the Crawdads Sing" This

mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
