Lincoln at New Salem Thomas P. Reep, 1927 A biography of the life of Abraham Lincoln (1809-1865) when he lived in New Salem, Menard County, Illinois & a history of New Salem & the people who settled there during this time.

New Salem: A History of Lincoln's Alma Mater Joseph M. Di Cola, Foreword by Terry W. Jones, 2017 In 1829, eleven years after Illinois became the twenty-first state, New Salem was founded on a bluff above the Sangamon River. The village provided an essential sanctuary for a friendless, penniless boy named Abraham Lincoln, whose six years there shaped his education and nurtured his ambition. Eclipsed by the neighboring settlement of Petersburg, New Salem had dwindled into a ghost town by 1840. However, it reemerged in the early part of the twentieth century as one of the most successful preservation efforts in American history. Author Joseph Di Cola relates the full story of New Salem's fascinating heritage.

Lincoln David Herbert Donald, 2011-12-20 A masterful work by Pulitzer Prize-winning author David Herbert Donald, Lincoln is a stunning portrait of Abraham Lincoln's life and presidency. Donald brilliantly depicts Lincoln's gradual ascent from humble beginnings in rural Kentucky to the ever-expanding political circles in Illinois, and finally to the presidency of a country divided by civil war. Donald goes beyond biography, illuminating the gradual development of Lincoln's character, chronicling his tremendous capacity for evolution and growth, thus illustrating what made it possible for a man so inexperienced and so unprepared for the presidency to become a great moral leader. In the most troubled of times, here was a man who led the country out of slavery and preserved a shattered Union—in short, one of the greatest presidents this country has ever seen.

Abraham Lincoln Benjamin P. Thomas, 2008-09-26 Chronicles the life of Abraham Lincoln.

Lincoln and His World Richard Lawrence Miller, 2006 Just as an archeologist can reassemble pot shards and draw inferences about the civilization that produced it, I've examined a mass of verbal chunks left by Lincoln and people around him. I've sorted jumbled piles of fragments, restored them, and pieced them together in a way that reveals the speakers' world. --Richard

Lawrence Miller, from the preface Quoting from eyewitness accounts, Richard Lawrence Miller allows Lincoln and his contemporaries to tell the story of this monumental American and bring a fascinating era of American history to life. The book covers Lincoln's birth through his first election to the Illinois legislature in 1834. Subsequent volumes will deal with Lincoln's life up to the White House years.

Lincoln's Ladies H. Donald Winkler, 2004 The tumultuous experiences Abraham Lincoln had with women have long been chronicled. Lincoln's Ladies attempts to answer the questions of how he was affected by the women in his life and how he affected them. Abandoned through death by his mother, his sister, and his sweetheart, Ann Rutledge, Lincoln found it difficult to relate to women and developed an emotional barrier that often antagonized them. Abstract and cool, he feared intimacy and marriage and, following Ann Rutledge's untimely death, was incapable of loving anyone the way he had loved her, probably the only woman with whom he shared a deep and wonderful love. Lincoln fumbled his way through other courtships and was turned down at least twice. He then stumbled into a strange relationship with Mary Todd—one culminated by marriage through her trickery and his sense of honor. Lincoln's marriage to her was his greatest tragedy, a burning, scorching hell as terrible as death and as gloomy as the grave, said William Herndon, Lincoln's partner and biographer. According to H. Donald Winkler, Lincoln's emotions and motivations were shaped from a mixture of crippling and energizing experiences associated with women, experiences that profoundly affected his personal and professional lives. Lincoln's Ladies explores the impact of more than thirty women on his life. Not overlooked, however, are the positive impacts of women on Lincoln and he on them, especially his stepmother, who probably was the first person to treat him with respect and glimpse his potential.

The Women In Lincoln's Life Donald Winkler, 2001-10-01 The

tumultuous experiences Abraham Lincoln had with the women in his life have long been known, but here the stories have been brought together - and filled out with newly discovered accounts - in a fresh, new way that shows their effect on Lincoln's personality, ambition, and spirit: The death of his mother when he was nine years old gave him a feeling of abandonment. The discovery that his mother's ancestry and reputation were scandalous and that he may have been illegitimate. The unexpected death of his beloved sister, Sarah. The untimely death of Ann Rutledge, probably the only woman with whom Lincoln shared a deep, wonderful love. His sudden and unexpected marriage to Mary Todd, a marriage that was Lincoln's greatest tragedy. Not overlooked are the positive impacts of women on Lincoln and he on them, especially his stepmother - the first person to treat him with respect. This in-depth book reveals the effect that women had on Abraham Lincoln's life and career.

American Prohibition Year Book ,1910

Abraham Lincoln Michael Burlingame, 2023-10-10 Hailed as the definitive portrait of the sixteenth president, Lincoln scholar Michael Burlingame's impressive two-volume biography has been masterfully abridged and revised. Sixteenth president of the United States, the Great Emancipator, and a surpassingly eloquent champion of national unity, freedom, and democracy, Abraham Lincoln is arguably the most studied and admired of all Americans. Michael Burlingame's astonishing Abraham Lincoln: A Life, an updated, condensed version of the 2,000-page two-volume set that The Atlantic hailed as one of the five best books of 2009, offers fresh interpretations of this endlessly fascinating American leader. Based on deep research in unpublished sources as well as newly digitized sources, this work reveals how Lincoln's character and personality were the North's secret weapon in the Civil War, the key variables that spelled the difference between victory and defeat. He was a model of psychological maturity and a fully individuated man whose

influence remains unrivaled in the history of American public life. Burlingame chronicles Lincoln's childhood and early development, romantic attachments and losses, his love of learning, legal training, and courtroom career as well as his political ambition, his term as congressman in the late 1840s, and his serious bouts of depression in early adulthood. Burlingame recounts, in fresh detail, the Abraham and Mary Todd Lincoln marriage and traces the mounting moral criticism of slavery that revived his political career and won this Springfield lawyer the presidency in 1860. This abridgement delivers Burlingame's signature insight into Lincoln as a young man, a father, and a politician. Lincoln speaks to us not only as a champion of freedom, democracy, and national unity but also as a source of inspiration. Few have achieved his historical importance, but many can profit from his personal example, encouraged by the knowledge that despite a lifetime of troubles, he became a model of psychological maturity, moral clarity, and unimpeachable integrity. His presence and his leadership inspired his contemporaries; his life story will do the same for generations to come.

Culture on Tour Edward M. Bruner, 2005 Recruited to be a lecturer on a group tour of Indonesia, Edward M. Bruner decided to make the tourists aware of tourism itself. He photographed tourists photographing Indonesians, asking the group how they felt having their pictures taken without their permission. After a dance performance, Bruner explained to the group that the exhibition was not traditional, but instead had been set up specifically for tourists. His efforts to induce reflexivity led to conflict with the tour company, which wanted the displays to be viewed as replicas of culture and to remain unexamined. Although Bruner was eventually fired, the experience became part of a sustained exploration of tourist performances, narratives, and practices. Synthesizing more than twenty years of research in cultural tourism, *Culture on Tour* analyzes a remarkable variety

of tourist productions, ranging from safari excursions in Kenya and dance dramas in Bali to an Abraham Lincoln heritage site in Illinois. Bruner examines each site in all its particularity, taking account of global and local factors, as well as the multiple perspectives of the various actors—the tourists, the producers, the locals, and even the anthropologist himself. The collection will be essential to those in the field as well as to readers interested in globalization and travel.
