The Beta Male Revolution Alan Roger Currie, 2016-06-01 The Beta Male Revolution is for men in the 21st Century what Feminism was for women in the 1960s and 1970s says Author and Professional Dating Coach Alan Roger Currie in his latest book. Most men don't want to remain 'just friends' with women. Men want either sex only from women, or a combination of sexual companionship and non-sexual companionship. Unlike men, women have as many as FOUR types of men they want to spend time with: - Men who women only want to spend time with for sexual enjoyment and satisfaction: These are 'Total Alpha males' - Men who women only want to spend time with for a combination of sexual companionship and non-sexual companionship. These are 'Alpha males with a few Beta traits and tendencies' - Men who women want to spend time with primarily for the benefit of entertaining conversation, enjoyable social companionship, and financial assistance and support. These are 'Beta males with a few Alpha traits and tendencies' - Men who women only want to spend time with for strictly platonic friendship, flattery, and to have men provide them with an 'empathetic listening ear' when they are feeling bored, frustrated, or depressed. These are 'Total Beta males' Many women socially interact exclusively with Alpha male types between the ages of 18 and 29, and then begin looking for a nice, sweet, polite, monogamy-oriented Beta male type for marriage once they reach the age of 30. Well, the Beta male types are tired of this routine, and they are now avoiding proposing to marriage to women who they perceive as Alpha male leftovers. Beta males are now well aware that the vast majority of women want to spend time with Alpha males for sexual enjoyment and satisfaction. They are also well aware that most women want to spend time with Beta males for platonic friendship, financial favors, and entertaining conversation. The Beta Male Revolution is a brutally honest assessment of where we as a society have been, where we are now, and where we are headed regarding the state of dating, long-term romantic relationships, marriage, and monogamy vs. promiscuity vs. polyamory. Women can also learn from this book because Currie explains just why men pursue some women for short-term non-monogamous 'casual' sex only, while they pursue other totally different women for long-term romantic relationships and marriage. Purchase this book right now and be educated and enlightened. You are guaranteed to have a better understanding of the manner in which the mind of the opposite sex works, and why men and women gravitate toward the type of romantic companions and sexual companions that they do after reading this book. This book will be talked about for years to come.

10 Steps to Becoming an Alpha Male Giovanni Dangel,2016-12-07 Most people drift through life with no idea of what they would like to do. They wake up in a morning and go to bed at night without any direction. These are the beta and omega males, these are the people who end up flipping burgers at McDonald's. As well as ending up in an unfulfilling job, if you don't know what it is you want from life, it will come across in your thoughts, actions, and demeanor. If you don't have a purpose in life then you will know just how difficult life can be when you don't know where you are going. But you can easily start living your life with purpose straight away Alpha males are few; that's why you won't find more than one alpha male in a group. Any growing or nomadic males that are interested in taking over an animal group will have to face the Alpha to a fight, one on one, for the position in the animal pack. This doesn't mean that he's the only male in the group; the other males (beta males) are simply submissive to the overpowering presence of the alpha male and don't challenge his domain as a result. Most females of an animal species prefer an 'alpha type' male males that exhibit certain characteristics that prove he's not only strong but smart and protective enough to keep their group safe. Human females are no different; on some base level, most women are attracted to the types of men that exhibit the same features as an Alpha in a pride of lions. Having the ability to have offspring with an 'alpha' that is strong, smart, and quick are all desirable traits to have in a lion cub, and just like the lionesses in the pride, human women also locate men, 'alpha men', that exhibit the same sort of qualities to not only protect their children but also pass on those traits through the generations.

The Male Hierarchy Hash Blink,Thomas sheriff,2023-10-11 In the fantasy novel The Male Hierarchy, the kingdom of Thalasia is governed by a social order divided into three clubs: the Alpha's, the Sigma's, and the Beta's. Chad, an Alpha male, is determined to maintain his power and authority, while Jacob, a Sigma male, challenges him and proves his own worth. Jack, a Beta male, takes a different approach and uses his intelligence and alliances to climb the ranks. As the male hierarchy faces external threats and internal power struggles, the dynamics shift and evolve. The story explores themes of competition, unity, and the potential for change within the hierarchy. Jacob discovers a magical realm and forms an alliance with its inhabitants to protect Thalasia. He shares his discovery with the male hierarchy and proposes a new vision for unity and cooperation. Despite initial resistance, the clubs work together to defend Thalasia and successfully repel a threat. Tensions arise between Jacob and Chad, but they eventually reconcile and continue to lead the council of unity. Jacob emphasizes the importance of working together and respecting each other's contributions. Jacob and Chad's conflict escalates during a council meeting, with Chad refusing to accept the new era of unity and cooperation. Meanwhile, Jack, a Beta male, starts to question the violence and fear that is tearing Thalasia apart. He meets a street performer named Marco who inspires him to see the world beyond Thalasia's borders. Jack begins to advocate for unity and cooperation, eventually gaining support from other Sigma and Beta males. However, tensions rise again when Jacob proposes an alliance with a magical realm, causing a heated argument with Chad. Jacob receives support from other club members and decides to pursue the alliance despite Chad's objections. As Thalasia takes steps towards a brighter future, Jacob and Jack realize that there may

be a bigger problem lurking beneath the surface. The story ends with Chad's sudden disappearance, leaving Jacob and Jack to search for him and uncover the truth. In this text, Jacob and his companions find Chad cursed and in need of help. They transport him back to Thalasias but are attacked by rogue creatures who take Chad and leave Jacob and Jack stranded. Jacob and Jack resolve their conflict and continue their search for Chad. They eventually find him, break the curse, and return to Thalasias. However, they encounter a powerful Guardian who asks for their help in fighting the darkness threatening the forest. They defeat a dark creature but return to Thalasias to find a betrayal by Jack and Richard, who have plotted to overthrow Jacob. They capture Jacob and declare themselves the new leaders of the male hierarchy. Jacob, once a respected member of his group, is left alone and helpless in a dungeon as his former comrades walk away. Despite being trapped, Jacob refuses to give up and searches for an escape. He is eventually freed by Richard, but not before Jack reveals his sinister plans. Jacob knows he must gather his allies and regain control of Thalasias from the tyrants who have taken over. With the help of Chad, the Alpha male, they explore the underground hideout and eventually find a way out. They are greeted by a group of animals, which they see as a sign of something happening in the kingdom. They follow the animals and discover a group of sorcerers attempting to summon a demon. Chad and Jacob defeat the sorcerers and save Thalasias, but they uncover a deeper threat when they realize Jack had been working with the sorcerers. They prepare to face the challenges ahead and continue their quest for unity and peace. They face opposition from the demon's minions but ultimately defeat the demon and are celebrated as heroes.

Beta Male Taylor Rikkinen,2018-08-18 A descent into the world of domestic abuse and the cycle of victims becoming the victimizers. Shame, bigotry and self-loathing run rampant in the willfully uneducated minds of the leading characters as they embark on a journey of entitlement, greed, anxiety and morbid depression. A blunt and uncomfortable look at how men and women can abuse each other and justify their foul actions through a sideways logic of underline hatred. Lies become truth as a dull and constant emotional hurt becomes the everyday norm. Tim and Gigi can choose to walk a path. One leads to personal growth and the pursuit of happiness, while the other leads to a safe space of momentary comforts and the denial of personal responsibility. To become an individual or part of the hive mind.

Alpha Male Syndrome Kate Ludeman,Eddie Erlandson,2006-10-10 The business world swarms with alpha males—powerhouses who take charge, produce astonishing results, and bring enormous value to their organizations. But many alphas also leave a path of destruction in their wake. Competitive, belligerent, and impatient, these hard-charging leaders can run roughshod over colleagues and employees, to the detriment of their careers and the bottom line. In Alpha Male Syndrome, Kate Ludeman and Eddie Erlandson build on their Harvard Business Review article "Coaching the Alpha Male"—sounding a wake-up call to all alphas and the companies they work for. The authors show alphas how to leverage their unique strengths while confronting their destructive "flip side risks." They describe the distinguishing dynamics of the alpha male syndrome and identify four breeds: commanders, executors, strategists, and visionaries. By understanding each type's nuances, alphas can transform themselves into more effective leaders. And those who work with alphas can transform nightmare work groups into collaborative dream teams. Exercises, checklists, and tips enable readers to harness the enormous power of the alpha personality while minimizing the downsides of alpha behavior.
