Latino American Cinema Scott L. Baugh,2012-04-13 Latino American cinema is a provocative, complex, and definitively American topic of study. This book examines key mainstream commercial films while also spotlighting often-underappreciated documentaries, avant-garde and experimental projects, independent productions, features and shorts, and more. *Latino American Cinema: An Encyclopedia of Movies, Stars, Concepts, and Trends* serves as an essential primary reference for students of the topic as well as an accessible resource for general readers. The alphabetized entries in the volume cover the key topics of this provocative and complex genre—films, filmmakers, star performers, concepts, and historical and burgeoning trends—alongside frequently overlooked and crucially ignored items of interest in Latino cinema. This comprehensive treatment bridges gaps between traditional approaches to U.S.-Latino and Latin American cinemas, placing subjects of Chicana and Chicano, Puerto Rican, Cuban and diasporic Cuban, and Mexican origin in perspective with related Central and South American and Caribbean elements. Many of the entries offer compact definitions, critical discussions, overviews, and analyses of star artists, media productions, and historical moments, while several foundational entries explicate concepts, making

this single volume encyclopedia a critical guide as well.

And what is the White Mage really after...?

Chum Jeff Somers, 2013-08-18 Mary and Bickerman are the center of their circle of friends--but these friends are strangers as well as family to them. In the course of year, under the influence of a stressful wedding and a whole lot of alcohol, relationships and nerves are twisted and broken as the dynamics of the cozy-seeming group shift. Secrets are kept, emotions withheld, and it doesn't look like it's going to end well for anyone. Told always in first person, but not the same person, and unfolding in double-helix chronology that provides a Rashomon-like narration, Chum is the story of love, liquor, and death.
