

Big Bully

Christine L'Heureux

Little Big Bully Heid E. Erdrich, 2020-10-06 Winner of the 2022 Rebekah Johnson Bobbitt National Prize for Poetry In a new collection that is a force of nature (Amy Gerstler), renowned Native poet Heid E. Erdrich applies her rich inventive voice and fierce wit to the deforming effects of harassment and oppression. *Little Big Bully* begins with a question asked of a collective and troubled we - how did we come to this? In answer, this book offers personal myth, American and Native American contexts, and allegories driven by women's resistance to narcissists, stalkers, and harassers. These poems are immediate, personal, political, cultural, even futuristic object lessons. What is truth now? Who are we now? How do we find answers through the smoke of human destructiveness? The past for Indigenous people, ecosystem collapse from near-extinction of bison, and the present epidemic of missing and murdered Indigenous women underlie these poems. Here, survivors shout back at useless cautionary tales with their own courage and visions of future worlds made well.

The Big, Bad Bully Jack Canfield, Miriam Laundry, 2019-10-28 Self-Esteem expert Jack Canfield and noted educational speaker Miriam Laundry reveal that the biggest bully in a child's world is not lurking around the corner but living inside her head. Words have power. The words others say to us can either lift us as high as the clouds, or drop us down like a crashing plane. But what about the words we tell ourselves? What about that constantly

running inner voice? In truth, what we say to ourselves impacts us even more than what others say to us. Pigtails are for babies! she snarled at me. Her words hurt more than the time I broke my arm. I quickly untied my hair. I wore my hair down for the rest of the school year. That was the first time I met the Big Bad Bully. . . . She called me names like fatty, piglet and ugly. Things are worse now that I am in the 6th grade. Even when I don't see her, I can always hear the whispers, the giggles, and the growls. So goes the mesmerizing story of a young girl who grows up with a voice that ridicules and demeans her. In the end, we discover that her tormentor is staring back at her every day in the mirror. Featuring stunning artwork, this small yet profound book is a tool for engaging children, young adolescents, parents, and caring adults about the impressions they make on themselves with their thoughts and self-talk. Included are powerful workbook exercises and resources for implementing healthy self-esteem habits that can last a lifetime.

Bullying can start at a very young age and early interventions will help victimized children to feel supported and to stand up. In this series, children will go

hand in hand with Caillou to navigate their way successfully through various key developmental experiences of childhood. All books are written in consultation with early childhood specialist to ensure content accuracy.

Chester Raccoon and the Big Bad Bully Audrey Penn, 2011-09-08 In this latest addition to the Kissing Hand book collection, Chester Raccoon must learn to deal with another common problem of childhood: a bully at school. When Mrs. Raccoon learns that there is a bully problem at school, she decides to investigate the situation. But after seeing the bully for herself, she shares a story about a forest that was full of smooth yellow stones, and how the animals living there changed a pointy stone they found into a smooth stone so that it wouldn't hurt any tender paws. Chester, Ronny, and Cassy follow the spirit of Mrs. Raccoon's story when they next encounter the Bully. Approaching him as a group, they invite him to play, proving that the best way to get rid of an enemy is to make him or her a friend. This book encourages children to understand that many child bullies are themselves unhappy and gives readers a good example of settling differences by peaceful means. Educators will embrace this story about a positive strategy for dealing with a bully.
