Marcinko knows who killed him -- Andrei Yudin, a godfather in the Russian Mafia -- and he wants to know why. Instead, he finds a cabal of corrupt, mob-linked russian politicians. The revelation gets him yanked back to Washington, where orders come down to disband his elite team of SEALs. But even as the Pentagon's chain of command becomes a noose around his neck, Marcinko begins to cut and slash his way to the truth behind Mahon's death. More about survival than revenge, his mission soon leads him to a black-market network peddling terrorism in Paris, sinister trading in the Middle East, and a devil of a deal that puts American's safety up for sale....

Dead Reckoning Don Pendleton,2015-10-06 FINAL PAYBACK The United States consulate in Jordan is firebombed, its staff mercilessly killed. With the group responsible scattered to hideouts in war-torn hot spots around the globe, Mack Bolan has to hit these terrorists hard before they can warn one another. Soon Bolan is turning safe houses and desert refuges into killing fields as he battles to take down the terrorists three by three. But the last of the group vanishes just as Bolan discovers their ultimate target: an international conference in Switzerland headed by the American President. The world's leaders are caught in the crosshairs, and the Executioner has to stop the splinter group before they strike a global deathblow.

Cold War Reprise Don Pendleton,2009-07-01 Early in his blitz days, Mack Bolan single-handedly shook the KGB to its core. Now intelligence puts him in a face-off with Spetsnaz soldiers revitalized as the new enforcement arm of old-guard Russia. At its helm, a secret consortium is determined to restore the terror tactics of the former Soviet Union, but bigger and bloodier than ever. Bolan's hunt begins in London, where he avenges the deaths of two Russian friends, but leads him deep into Moscow, where trained killers backed by money and power plan an explosive death knell to Russian freedom...and millions of innocents. It's a repackaged enemy backed by old-school terror, a breed Bolan intends to take down once again with lethal force.

Foreign Agent Brad Thor,2021-10-05 In a safe house near the Syrian border, a clandestine American operations team readies to launch a dramatic mission months in the making. Their target: the director of social media for ISIS, Abu Muslim al-Naser. Multiple analysts, as well as a senior congresswoman, are in country to monitor the raid, but before the team can launch, the safe house is attacked. What unfolds in the bloody aftermath is a political and public relations nightmare. As horrific videos of the Americans are published on the Internet, the blame-storming back in Washington goes into full swing, focusing on how the intel for the raid was developed and how it might have leaked. As the search for answers mounts, half spy, half covert counterterrorism operative Scot Harvath quickly finds himself at the center of the storm. Working for a private intelligence agency contracted by both the CIA and the DoD, it was Harvath who pinpointed al-Naser. But how could ISIS have known the Americans were coming, much less where they would be staging? There has to be more to it; something everyone - especially the politicians - is missing.

Road of Bones Don Pendleton,2012-04-01 Dispatched on a high-priority search-and-rescue mission, Mack Bolan becomes a moving target in the cold heart of Siberia. He's on a motorcycle hell ride along a thousand miles of broken, battered highway. Known as the Road of Bones, it's a mass grave to thousands of slave laborers buried during Stalin's iron rule. A defecting Russian intelligence agent's testimony stands to aim heavy artillery at Russian mobsters in America. To silence her, a hunter-killer team of secret police and gangsters engage in hot pursuit. The enemy has the edge: manpower, weapons and homefield advantage. For Bolan, it's a one-way trip on an open road effectively sealed at both ends by death squads. Every mile survived brings them both either closer to freedom...or ultimate doom.

Russian Security and Paramilitary Forces since 1991 Mark Galeotti,2013-08-20 A detailed illustrated study of Putin's shadowy security and paramilitary armed forces. While the size of Russia's regular forces has shrunk recently, its security and paramilitary elements have become increasingly powerful. Under the Putin regime they have proliferated and importantly seem set to remain Russia's most active armed agencies for the

immediate future. In parallel, within the murky world where government and private interests intersect, a number of paramilitary 'private armies' operate almost as vigilantes, with government toleration or approval. This book offers a succinct overview of the official, semi-official and unofficial agencies that pursue Russian government and quasi-government objectives by armed means, from the 200,000-strong Interior Troops, through Police and other independent departmental forces, down to private security firms. Featuring rare photographs, and detailed colour plates of uniforms, insignia and equipment, this study by a renowned authority explores the Putin regime's shadowy special-forces apparatus, active in an array of counter-terrorist and counter-mafia wars since 1991.

Deadly Payload Don Pendleton,2008-02-01 Stony Man Unflinching duty and patriotism stand at the core of the covert operations group known as Stony Man. Answering only to the Oval Office, and with a mandate to strike before the world suffers, the clandestine field and cyber operatives work without a warrant and outside the law, enabling them to strike down those who obey no law. Lethal Solution A powerful U.S.-based consortium has begun a full-scale assault to take over the world. Attacking on multiple fronts, this secret cadre has enough high-tech weaponry to push nations to an apocalyptic standoff—and now China, Russia and the Middle East are poised to unleash swift, savage and bloody nuclear retaliations. Stony Man teams are spread thin, racing to stop the unthinkable as the world is pushed over the edge of reason, and an unseen, perhaps unstoppable, enemy brings the planet seconds closer to flash point.

Splintered Sky Don Pendleton,2008-10-01 America's elite defense unit works under the radar and outside the law to stop terror before it hits America's streets. But with each new crisis, Stony Man's cyberwizards understand that the new battlefield is deep space. Someday, a superweapon may be impossible to stop. With luck, that day won't come, thanks to Stony Man's field teams bringing the fight to the enemy, face-to-face.... An invisible enemy plots to launch a dirty bomb from orbit, exposing vulnerable cities to hard radiation. Intel points to a multinational terror force bent on controlling the skies over the free world. Suddenly the Farm is on a hunt for a threat that could shake the entire planet. From deep-cover penetration of hostile Red China to an emergency rescue flight to save the International Space Station, the covert commandos are pushed to the limit, especially when they have to prevent a suicide crash of a knockoff shuttle into New York City—a collision that would turn the city into a smoking crater.

But on board Marcinko makes a chilling discovery: a cache of state-of-the-art command and control equipment, all made in the USA—and primed for America's destruction! Marcinko takes his findings back to Washington, where he runs into a wall of doublespeak and double deals. But not everyone wants to see America go down the drain. They, after all, live by the Rogue Warrior's Tenth Commandment of SpecWar: There Are No Rules—Thou Shalt Win At All Cost.

Lethal Secrets Pete Earley,2006-05-02 It was thought that during the height of tensions between the Soviet Union and the United States, the KGB may have cleverly smuggled a nuclear bomb into the very heart of Washington D.C. In Pete Earley's new thriller, Lethal Secrets, this bomb is in the hands of a band of Chechen rebels, lead by an insane terrorist, Movladi 'the Viper' Islamov, who's threatening to detonate it unless his demands are met. The fate of the city rests in the hands of a disgraced deputy U.S. Marshal, Wyatt Conway, who is reluctantly called into action by his FBI and CIA rivals because he was once a friend of Islamov's, before the freedom fighter turned into an international terrorist. But to stop Islamov, Conway must trust Vladimir Khrenkov, a possibly corrupt Russian intelligence agent, and Kimberly Lodge, a skeptical CIA beauty. Conway suspects Khrenkov of being the man who executed a top Russian mobster that Conway was protecting in federal witness protection program. And the CIA's Lodge isn't all that certain Conway is capable of outwitting the terrorists and protecting the capital of the free world. With time running out, Conway must find a way to manipulate and expose Khrenkov, keep Lodge and her bureaucratic cronies off his back, and prevent Islamov from igniting the spark for Armageddon. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
