Scars and Black Armor Liam Chambers,2021-09-16 Achilles is a legendary hero and commander of the Myrmidon army, but a leader is defined by those who follow him. What manner of men fought beside Achilles in the crucible of war? Stelios, lifelong friend of Achilles, is summoned upon his death to Mount Olympus to share with the gods what fire guides the hearts of mortals. Stelios recounts his past—his liberation as a boy at the hands of the Myrmidons, his induction into their ranks, and the life-changing lessons they instilled within him. He trains and grows alongside Achilles, and watches as the meek boy he knew in his youth transforms into a relentless warrior. They become brothers, these men in black armor, defined by their decision to carry the most brutal burdens. In time, as violence scars their shields and bodies, they learn that the morals and creeds they were raised upon have begun to fracture. As Stelios grapples with the futility of a life lived only for war, he seeks solace in his wife and a young boy he rescues and takes in as his own—a boy who will one day face his own mysterious destiny. As the darkness in the Myrmidons deepens, Stelios battles to protect those he loves, even if they stand against him. In the pursuit of peace, Stelios must sacrifice everything.

Knight In Dark Armor Codie Williams 3,2023-10-11 When a young Codie Williams 3 stepped out on affluent his high school sweetheart while working to pursue his dreams of college for a troubled teen mom Justine Slaughter he could have never guessed how terrible things could get. Justine is a daughter of a dope fend mother who subjected her to unthinkable things in the downtown streets of Sacramento California. She was already a single mom who didn't want her first child, but has now become pregnant With Codie's son. Codie was excited to have a son, and to be a dad. But evil Justine now had a pawn to manipulate Codie unbeknownst to him anything she did wrong he would be the blame for it all. A lesson we all can learn from on how black fathers are systematically separated from their child then labeled as Absent or Dead

beats. For years she turned his life upside down crying wolf and setting him up to take the fall using his love for his first child and the need to be a great father as bait for it all. He was young, smart, not perfect, but determined to be a good father. Codie could have never imagined how his life would have become a nightmare. A young man having to battle the baby momma from hell just give his child the love and support he deserved. Throwing everything at him from fists, insults, murder Plots, sleeping with his friends, to lying to get him locked up, but what doesn't kill you makes you stronger even though no one forged in fire can come out unscathed. The Codie everyone once knew had become unrecognizable as he keeps trying time and time again to keep a bond with his son. The sinister Justine used the kid to fulfill her needs, brings the father to his knees and when she doesn't get her way all hell breaks loose and she doesn't care who she destroys. It is a story of drama, lies, sex, action packed ride of retaliation, redemptions, kidnapping and abuse of the legal system. Who is the real monster is left for the reader to decide. This is a hero's tale of survival against all odds that most black fathers can relate to but don't have the guts to say.

The Enneagram for Black Liberation Chichi Agorom, 2022-03-29 Chichi Agorom's voice is a part of the reckoning that has been needed in the culture of the Enneagram. Writing with clarity and heart, [this book] is an offering to our collective liberation. —Renée Rosario, MA, LPC, Core Faculty member of the Narrative Enneagram Am I worthy of belonging? Am I loved just as I am? Am I safe to exist without worry? How do Black women return to our truest selves in systems that answer no to these three questions? The Enneagram is an ancient system of human development that shows us the limiting stories that keep us stuck in unhelpful patterns, and invites us into more expansive stories. For too long, conversations about the Enneagram and its personality types have been centered on and by whiteness. In *The Enneagram for Black Liberation*, certified Enneagram teacher and trained psychotherapist Chichi Agorom reclaims the Enneagram as a powerful tool for Black women to rediscover our wholeness and worth that existed long before systems of supremacy told us we weren't enough. For Black women in particular, our Enneagram personality types reflect more than just our way of being in the world; they are shaped by armor that we use to protect ourselves from pain, suffering, and shame. Breaking down each Enneagram type as a form of armor, this book offers practices to help Black women, and all who live on the margins, begin to build a sense of self separate from our mechanisms of self-protection, while working to dismantle the systems that require us to stay constantly armored up. Chichi Agorom takes readers through each of the nine Enneagram types, along with stories of Black women who identify with them, to illustrate the stories people must tell themselves in order to feel safe. In the process, Agorom seeks to inspire us to expand beyond our type patterns. Centering freedom, ease, and rest for Black women, Agorom invites each of us to claim the Enneagram as our tool for resilience-building in the continued fight for liberation.

A Blade of Dark Ebony Stephen M. Prange, 2012-09-06 *A Blade of Dark Ebony* tells the story of Ebon, who at the age of 20, is forced to face the reality of the world in which he lives, a world that can be capricious, but can also offer exciting rewards. Supported by key friends (Mendel, Gabriel and Caliel, the love of his life) he leaves the sheltered life of his youth to search for his real identity. Is he just like the father who raised him, or is he

someone quite different? One thing he knows: the man who raised him as a father was one of the most skilled swordsmen of his day and he will have to work long and hard to follow in his footsteps. Impatient to gain glory, he needs to learn patience and commitment and come to understand that the training of the mind is every bit as important as the training of the body. As the story develops, the thoughts and ideals of his youth are severely challenged and he must decide the path he will follow. Even as his friends follow their planned path to glory through the army, Ebon is torn from their tight-knit fellowship and becomes a part of a mercenary army known as the Black Knights led by Arthur Pandell. Arthur, himself a swordsman of growing legend, decides to mentor Ebon. Enrolling Ebon in the intensive training program of mind and body he will need to succeed, Arthur unwittingly prepares Ebon to enter the first great tournament of the best warriors in the country. To gain glory Ebon must not only overcome the intrigue of his opponents, but the temptation to yield the very ideals of his young life. The pressure to win only intensifies when Ebon learns that only by winning can he help his beloved Caliel.

Weapons of War Auguste Demmin,1870

Dawn of The Coruscus Maximillian Q. Letizi,2013-02-26 This novel starts with a prologue dealing with the mythology surrounding the development of two different species of mankind: the group of people designated as Homo Sapiens and the much smaller subtype known as Cro-Magnon Man. The action starts immediately with the two groups clashing and then differentiating into the development of civilizations populated by Homo Sapiens but mentored by Cro-Magnon known as the Coruscus. As the adventure develops other themes come into play. "The capacity of the Coruscus to influence the whims of nature has been characterized by numerous titles, the most common of which is known as magic." Magic is the undercurrent of this action adventure but there are more themes which become sophisticated in both concept and presentation. For example, the idea of life beyond death is explored. There are detailed descriptions of Virgil's journey into the realms of life beyond this physical plane. There are also metaphysical themes running through this novel with detailed descriptions of chakra meditations as necessary preparations for Virgil to enter into the realms beyond the first plane of physical life. The dark side of human nature is explored but mostly in the context of an adventure story about the Coruscus known as Virgil and his warrior companion known as Glaiden. The story describes how their relationship was developed and how their efforts to evade the overwhelming Roman forces of the rouge Coruscus known as Baracore. When evasion is no longer an option, battles ensue.
